No working budget or salary schedule shall be approved in which the salary paid any teacher is not at least equivalent to the allotment for that rank and experience, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board for Elementary and Secondary Education shall certify such contention to the Revenue Cabinet. The cabinet shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Revenue Cabinet shall then certify its determination to the State Board for Elementary and Secondary Education, and the board shall accept such certified determination as final.

The State Board for Elementary and Secondary Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1994-95 and 1995-96 in which the total amount for 185 days on the salary schedule summary for teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for teachers' instructional salaries in the preceding year.

The sale of bonds for above projects shall occur after January 1, 1995. Annual debt service is provided in fiscal year 1995-96.

If any authorized capital construction or major equipment projects are canceled, any General Fund appropriated debt service for those same projects shall lapse to the credit of the General Fund. The Council on Higher Education subheading in this section includes projects entitled "Life Safety Projects Bond Pool" and "University Restricted Funds Bond Projects Pool." For the Life Safety Projects Bond Pool, $15,000,000 in projects are authorized to be funded from General Fund-supported bonds. For the University Restricted Funds Bond Projects Pool, $35,000,000 in projects are authorized to be funded from Restricted Funds-supported bonds. These two pools provide funding for individual projects to be recommended by the Council on Higher Education to the Secretary of the Finance and Administration Cabinet from the respective project listings previously identified and recommended by the Council for funding in the 1994-96 biennium. In addition, any project originally recommended by the Council for agency bonds but not included in the $35,000,000 pool, may be funded from restricted funds, if available, upon notification to the Council on Higher Education and approval of the Secretary of the Finance and Administration Cabinet.

Contingent upon the availability of federal and privately raised (restricted) funds, the University of Kentucky is hereby authorized to expend up to $11,000,000 in federal funds in fiscal year 1994-95, and up to $6,000,000 in private (restricted) funds in fiscal year 1994-95, for the Phase I development of a new Aging/Allied Health Building in Lexington as recommended by the Council on Higher Education. The proposed building will contain multidisciplinary programs, including laboratories, classrooms, research, office, study, general use, training/therapy, and health care space. The $17,000,000 in initial Phase I funds authorized by this section is provided for the following project phases including, but not limited to, design, programming, site acquisition and site preparation. The facility is ultimately estimated to be a $29,500,000 building, concentrating on innovative and cost-effective health care for the elderly and serving allied health care needs such as administration, ethical issues, alternatives to institutionalization, and access to health care.

The provisions of KRS 45.750 to 45.816 notwithstanding, capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between regular sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Projects and Bond Oversight Committee receives prior notification.

Pursuant to the provisions of KRS 45.760(12), the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for future projects.

The provision of KRS 45.770(4) notwithstanding, at the end of the 1992-94 biennium, moneys constituting the available balance in a project or maintenance pool funded with capital construction investment income shall be transferred to the capital construction investment income account.

Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Before any economic development bonds are issued, the proposed bond issue shall be approved by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440 to

56.590. Administration of the Economic Development Bond program by the Secretary of Economic Development Cabinet is subject to the guidelines contained herein: (1) Project selection criteria are to be developed by the Secretary of Economic Development Cabinet. The criteria shall include, but not be limited to, such issues as: a project's job creation and/or job retention potential, degree of public and/or private local involvement, and potential project payback and/or contribution in retiring the associated debt obligation. (2) Projects of state agencies are not eligible for funding from this source unless expressly provided for in the State/Executive Branch Budget Bill. (3) Project selection shall be documented when presented to the Secretary of Finance and Administration. Included in the documentation shall be the rationale for selection and expected economic development impact. (4) Following approval by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission, the project shall be presented by the Economic Development Cabinet to the next regularly scheduled Capital Projects and Bond Oversight Committee meeting for information and review under the provisions of KRS 45.750 to 45.816.

If an economic development project incurs financial assistance and expenses prior to issuance of bonds, the Secretary for Economic Development, with the approval of the Secretary of Finance and Administration, may be authorized to expend up to $500,000 from an economic development contingency account for this purpose, subject to the provisions in this Act.

Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development projects, Infrastructure projects, Asbestos Abatement projects, the Life Safety Projects Bond Pool for Higher Education, the University Restricted Funds Bond Projects Pool, as well as the Northern Kentucky Telecommunications Center. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $100,000 shall be reported to the Capital Projects and Bond Oversight Committee. All moneys transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

The provisions of KRS 56.870(1) shall not be applicable to the financing of any project where the project is certified by the Secretary of Finance and Administration to be of such type as to independently produce revenue sufficient to fully meet debt service, issuance costs, reserve fund requirements, insurance premiums and any other expenditures necessary for financing so that no appropriation of state funds will be required. Such certification shall be made in writing by the Secretary of the Finance and Administration Cabinet to the statutory head of the issuing agency or authority with a copy to the Governor and the Legislative Research Commission.

Repayments of revolving funds established with bond issues for which debt service, issuance costs, reserve fund requirements, insurance premiums or any other expenditures associated with the issuance of such bonds is appropriated by the General Assembly shall not be deemed independently produced revenue.

Prior to the issuance of the revenue bonds or notes authorized by this Act, the agency authorized to issue the bonds or notes shall furnish to the Capital Projects and Bond Oversight Committee and the Interim Joint Committee on Appropriations and Revenue, and make available to the public, a listing of all costs associated, either directly or indirectly, with the issuance of the revenue bonds or notes. The costs shall be itemized as to amount and name of payee, and shall include fees or commissions paid to, or anticipated to be paid to, issuers, underwriters, placement agents and advisors, financial advisors, remarketing agents, credit enhancers, trustees, accountants, and the counsel of all such persons, bond counsel and special tax counsel, and shall include the economic benefits received or anticipated to be received by any other persons from any source in return for services performed relating to the issuance of the bonds or notes. Changes in amounts or names of payees or recipients, or additions of amounts or names of payees or recipients, to the listing furnished and made available pursuant to this section, shall be furnished to the Capital Projects and Bond Oversight Committee and the Interim Joint Committee on Appropriations and Revenue and made available to the public within three (3) days following the change.

GENERAL PROVISIONS

1. Restricted funds designated in the biennial budget bills are classified in the state financial records and reports as the Agency Revenue Funds, State Enterprise Funds (State Parks, State Fair Board, Industries for the Blind, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Computer Services, Central Stores, Telecommunications, Prison Industries, Central Printing, Risk Management and Property Management) and selected Fiduciary Funds (Unemployment Compensation and Other Expendable Trust). Separate funds records and reports shall be maintained in a manner consistent with the branch budget bills. Appropriations out of restricted funds in this Act shall include all fees (which include fees for board and room, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by an agency or budget unit of the state government, except as otherwise specifically provided, for the use and benefit of each agency or budget unit for the purposes for which each restricted funds or account is authorized. Restricted funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made as provided in this Act. All receipts of restricted funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

Appropriations out of federal funds in this Act shall include federal subventions, grants, contracts or other federal funds received, income from investments and other miscellaneous federal receipts received by an agency or budget unit of the state government, except as otherwise provided, for the use and benefit of each agency or budget unit for the purposes for which each fund account is authorized. Federal funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made as provided in this Act. All federal funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

If receipts received or credited to any restricted funds account or federal funds account during fiscal year 1994-95 or fiscal year 1995-96, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed the appropriation made by specific sum to said account as provided in Part I of this Act for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said fiscal year only upon compliance with the conditions and procedures specified in this Act and with the authorization of the State Budget Director of the Governor's Office for Policy and Management and approval of the Secretary of the Finance and Administration Cabinet. No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use, and source, and such documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with the provisions of this Act.

Except as otherwise provided in this Act, the appropriate agency or budget unit may requisition for expenditure from the restricted funds account or the federal funds account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1995, and during the fiscal year ending June 30, 1996, all receipts placed to the credit of respective funds accounts for such year, out of which has been established a restricted funds account or federal funds account for each separate agency or budget unit during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, and, if applicable, during each fiscal year, each agency or budget unit, shall submit to the Finance and Administration Cabinet, the Governor's Office for Policy and Management, and the Legislative Research Commission documentation of restricted funds and federal funds for each budget unit showing estimated receipts and estimated expenditures, a comparative statement of any revised estimated receipts and proposed expenditures with sums specified in the enacted Budget of the Commonwealth and statements which explain the necessity, use, and purpose for the occurrence of such variances.

An unbudgeted appropriation shall not be allotted without prior review and action by the Interim Joint Committee on Appropriations and Revenue as provided in this section. Any request for allotment of unbudgeted appropriations from any fund source shall be documented in written detail by the head of the budget unit and transmitted simultaneously to the State Budget Director and the Interim Joint Committee on Appropriations and Revenue. Proposed revisions to the specified appropriations sums in this Act to be authorized by the State Budget Director, or designee, shall be transmitted to the Interim Joint Committee on Appropriations and Revenue by the seventh work day of each month. By the final work day of the month in which the proposed revision is received, the Committee shall review the proposed expenditure of unbudgeted appropriations for conformance with the purposes of the appropriations and enacted budget, the provisions of this Act or statutes, and the statutory budget memorandum. If the Committee disapproves of the proposed revision of the enacted appropriated sum, the budget adjustment shall be invalid unless the proposed appropriation level is revised to comply with the Committee's objections, or the Committee is informed, in written detail, within 30 days by the State Budget Director that a determination has been made not to comply with the objections of the Committee. Where the committee fails to review and act upon the proposed expenditure of unbudgeted appropriations by the final work day of the month of receipt, the proposed revision of expenditure shall be deemed to have been reviewed and favorably acted upon. The Legislative Research Commission shall maintain records of the Committee's determinations and reports of actions by the State Budget Director, and transmit these records to the General Assembly when next convened. If an emergency unbudgeted appropriation revision is required due to a declared natural disaster, calamity, or impending and inadvertent deficit in an enacted appropriation sum as certified by the Governor, the State Budget Director is empowered to effect an emergency revised appropriation, with the approval of the Secretary of the Finance and Administration Cabinet and with concurrent notification to the Interim Joint Committee on Appropriations and Revenue of the action and its justification.

Allotments within appropriated sums for the activities and purposes contained in the enacted Executive Budget may be revised upon authorization of the State Budget Director at the request of the head of a budget unit. Allotments shall conform with appropriations in this Act, other Appropriation Provisions, and the statutory budget memorandum. A copy of the request and the determinations of the State Budget Director shall be transmitted to the Interim Joint Committee on Appropriations and Revenue prior to the implementation of the revision of the allotment.

If a budget unit not listed in Part I of this Act receives unanticipated restricted funds or federal funds moneys, the Secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity, and use of such moneys, may authorize, upon recommendation of the State Budget Director and review and action by the Interim Joint Committee on Appropriations and Revenue, the credit and expenditure of such funds for statutory purposes. The Secretary of the Finance and Administration Cabinet shall cause to be established a separate discrete restricted funds or federal funds account, as appropriate for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. The Secretary of the Finance and Administration Cabinet shall provide appropriate notice pursuant to this event to the Interim Joint Committee on Appropriations and Revenue.

Institutions of higher education shall be exempt from all conditions and procedures in this section and Section 8 of Part

III with the respect to the authority of the State Budget Director and the Finance and Administration Cabinet to review or approve unbudgeted restricted funds or federal funds receipts or appropriations in excess of the enacted budget; provided, however, in the event of this occurrence, an institution of higher education must report excess unbudgeted restricted funds and federal funds receipts to the Interim Joint Committee on Appropriations and Revenue and to the State Budget Director.

A state agency entitled to federal funds which would represent one hundred percent (100%) of the cost of a program in which the state may participate shall not decline to accept or receive such entitlement without notification to the Interim Joint Committee on Appropriations and Revenue of the Legislative Research Commission and the State Budget Director.

2. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1994, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet except as otherwise provided in this Act. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500, and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

3. In enacting the State/Executive Branch Budget Bill, it is the deliberate intention of the General Assembly to enact each section, and each subsection and each appropriation sum by specified fund or funds accounts thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

4. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the state and federal governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs. The receipts and allotments under this Section shall be reported to the Interim Joint Committee on Appropriations and Revenue prior to any transfer of funds.

5. All statutory continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 42, 96A, 164, 183, 278, and 441 of the Kentucky Revised Statutes. All statutes and portions of statutes in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed, unless otherwise provided by this Act.

6. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the General Assembly, legislative and executive records and the statutory budget memorandum.

7. Any General Fund or Road Fund appropriation made herein in anticipation of a lack, loss, or reduction of federal funds shall lapse to the General Fund or Road Fund Surplus Account respectively to the extent such federal funds otherwise become available.

8. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within sixty days upon adjournment of the 1994 General Assembly, to publish a final enacted budget document, the Budget of the Commonwealth, based upon the proposed Executive Budget as enacted by the 1994 General Assembly as well as other acts which provide appropriations for the 1994-96 biennium and based upon supporting documentation and legislative records as considered by the 1994 General Assembly and the statutory budget memorandum. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. The enacted budget shall be revised or adjusted only upon approval by the Governor's Office for Policy and Management as provided in each part of this Act and by KRS 48.400 to 48.800, and upon review and action by the Interim Joint Committee on Appropriations and Revenue.

9. In the event that any authorized capital construction or equipment purchase projects are cancelled or if conditions imposed by this Act are not met, any appropriated General Fund or Road Fund debt service for those same projects shall remain unallotted and lapse to the credit of the respective surplus account. In the event that General Fund or Road Fund appropriated debt service is more than is required due to favorable interest rates, refinancing, or timing variances, the excess debt service in each fiscal year shall remain unallotted and lapse to the credit of the respective surplus account.

10. The Secretary of the Transportation Cabinet shall use Road Fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, in the event that Road Fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

11. Funds appropriated in this Act shall not be expended for any purpose not specifically authorized by the General

Assembly in this Act nor shall funds appropriated in this Act be transferred to or between any cabinet, department, board, commission, institution, agency, or budget unit of state government unless specifically authorized by the General Assembly in this Act and the provisions of KRS 48.400 to 48.800. Compliance with the provisions of this subsection shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

12. Nothing in this Act shall be construed to confirm or ratify, under KRS 12.027 or 12.028, any executive reorganization order unless such executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in another Act of the 1994 General Assembly. If any executive reorganization order issued from sine die adjournment of the 1992 Regular Session to sine die adjournment of the 1994 Regular Session is not confirmed by the 1994 General Assembly, the Secretary of the Finance and Administration Cabinet is empowered and directed, in consultation with agency heads and with notification to the Legislative Research Commission, to transfer the balance of funds for any affected program or function for fiscal year 1993-94 and any related appropriations and funds for each of the next two fiscal years from the budget unit in which the program or function was placed by the executive reorganization order to the budget unit in which the program or function resided prior to such reorganization action or in which it was placed by action of the 1994 General Assembly. The Legislative Research Commission shall forward the documentation to the appropriate committees.

13. Any appropriation in this Act and any other enactment by the 1994 General Assembly which contains an appropriations provision for the same purpose and amount shall be construed as duplicate sums and no additional moneys shall be provided for the duplicate appropriations. Questions of interpretation of such duplicate appropriations shall be determined as provided in this Act.

14. A Budget Reserve Trust Fund is hereby established. There is appropriated from the fiscal year 1993-94 budgetary undesignated General Fund balance $51,500,000 to the Budget Reserve Trust Fund. There is appropriated from the General Fund, $30,000,000 for fiscal year 1994-95 to the Budget Reserve Trust Fund.

These funds shall be used if actual General Fund receipts during the 1994-95 fiscal year or the 1995-96 fiscal year are not sufficient to meet the required General Fund appropriation levels authorized by this Act or other general biennial appropriations bills. In addition, allotments from the Budget Reserve Trust Fund may be made for items deemed to be emergency or mandated expenditures elsewhere provided for in this Act if there be insufficient moneys in the General Fund Surplus Account.

An allotment or expenditure from the Budget Reserve Trust Fund shall not be made except upon approval of the Governor of the Commonwealth. The Secretary of the Finance and Administration Cabinet shall, before authorizing any allotment or expenditure from the Budget Reserve Trust Fund, provide written notice to the Interim Joint Committee on Appropriations and Revenue.

Notwithstanding the provisions of KRS 45.229, any unexpended balance in the Budget Reserve Trust Fund remaining at the close of the 1993-94 fiscal year shall not lapse, but shall continue into the 1994-95 fiscal year and any unexpended balance remaining at the close of the 1994-95 fiscal year shall not lapse, but shall continue into the 1995-96 fiscal year.

15. The General Assembly acknowledges that during fiscal year 1992-93 the General Fund revenues are less than the enacted estimates pursuant to KRS 48.120(3) and that the 1992 General Assembly had enacted the general appropriations bills in the 1992 Acts Chapters 462, 260, and 135 as contained in KRS Chapter 47 based upon the anticipated revenue estimates.

The 1992 General Assembly enacted the 1992-94 General Fund Budget Reduction Plan for fiscal year 1992-93 in the 1992 Acts Chapter 462, Part VI, for state government pursuant to KRS 48.130(1) and (3). These statutes and Acts provide direction and authority by which the heads of the executive, judicial and legislative branches shall revise and reduce appropriations and allotments and other deficit alleviation actions for their respective branch budget units under KRS 48.130(4).

The General Assembly finds that the provisions set forth in, and provided by, Order 93-655 by the Secretary of Finance and Administration as certified by the Governor are invalid as to any authority with regard to the judicial and legislative branches, and as to the revised appropriation levels set forth in the Order 93-655 for the judicial and legislative branch budget bills for the 1992-94 biennium.

Notwithstanding the provisions of KRS 48.130 and 48.160 or otherwise provided in this Act, the General Assembly confirms, adopts, and enacts the revised General Fund appropriation levels for the budget units of the Executive Branch identified in Order 93-655 and confirms and enacts the advances, transfers and lapses to the General Fund of non-General Fund moneys identified in Order 93-655.

The General Assembly acknowledges that during fiscal year 1993-94 the General Fund revenues are less than the enacted estimates pursuant to KRS 48.120(3) and that the 1992 General Assembly had enacted the general appropriations bills in the 1992 Acts Chapters 462, 260, and 135 as contained in KRS Chapter 47 based upon the anticipated revenue estimates.

The 1992 General Assembly enacted the 1992-94 General Fund Budget Reduction Plan for fiscal year 1993-94 in the 1992 Acts Chapter 462, Part VI, for state government pursuant to KRS 48.130(1) and (3). These statutes and Acts provide direction and authority by which the heads of the executive, judicial and legislative branches shall revise and reduce appropriations and allotments and other deficit alleviation actions for their respective branch budget units under KRS 48.130(4).

The General Assembly finds that the provisions set forth in, and provided by, Order 94-156 by the Secretary of Finance and Administration as certified by the Governor are invalid as to any authority with regard to the judicial and legislative branches, and as to the revised appropriation levels set forth in the Order 94-156 for the judicial and legislative branch budget bills for the 1992-94 biennium.

The General Assembly confirms, adopts, and enacts the revised General Fund appropriations levels for budget units of the executive branch contained in Order 94-156 except that the following fiscal year 1993-94 appropriation amounts are hereby reconstituted as follows:

16. Notwithstanding KRS 61.565, it is the intent of the General Assembly that, from July 1, 1994, through June 30, 1996, the employer contribution rate for the Kentucky Employees Retirement System shall be no more than 8.56 percent for nonhazardous duty employees and 17.97 percent for hazardous duty employees; for the same period, the employer contribution for employees of the State Police Retirement System shall be no more than 21.78 percent.

17. Totals and subtotals given within this Act and other general branch budget bills are provided as a convenience and do not constitute appropriations of funds. To the extent that a total or subtotal conflicts with the sum of the appropriation figures of which it consists, the amounts of the individual appropriations shall control. When a conflict of this nature arises, either as a result of an inadvertent error in initial entry of a total or subtotal or through an amendment to any of its component appropriations, the Director of the Legislative Research Commission shall apprise the Reviser of Statutes in writing of the existence of and reason for the variation and of the correct amount of the total or subtotal, and, if the requested change is within the scope of this paragraph, the Reviser shall cause that corrected total or subtotal to be substituted in the Acts and journals of the General Assembly and in the Kentucky Revised Statutes.

18. By October 15, 1995, the Finance and Administration Cabinet shall provide to each branch of government detailed estimates for the General Fund and Road Fund for the current and next two fiscal years of the revenue loss effected by tax expenditures. "Tax expenditure" shall mean an exemption, exclusion, or deduction from the base of a tax, a credit against the tax, a deferral of a tax, or a preferential tax rate. The estimates shall include for each tax expenditure the amount of revenue loss, a citation of the legal authority for the tax expenditure, the year in which it was enacted, and the tax year in which it became effective.

PART IV

STATE SALARY/COMPENSATION AND EMPLOYMENT POLICY

1. On July 1, 1994, the Department of Personnel shall establish a record of budgeted permanent, full-time and equivalent positions based upon the enacted Budget of the Commonwealth and any adjustments authorized by provisions of this Act; the total number of filled and vacant positions of permanent, full-time and equivalent employees shall not exceed the authorized complement pursuant to this section. When an agency head certifies that an emergency employment situation exists for a limited time within a fiscal year, the State Budget Director may approve, and the Commissioner of Personnel may authorize, the employment of an individual in addition to the authorized complement for the duration of the time period within the fiscal year. A copy of records, certifications, and actions authorized in this section shall be provided to the Interim Joint Committee on Appropriations and Revenue on a monthly basis.

2. It is the intent of the General Assembly to provide for an annual increment of five (5) percent in both fiscal year 1994-95 and fiscal year 1995-96 on the base salary or wages of each eligible state employee, to be granted on his anniversary date.

3. It is the intent of the General Assembly, in order to make state government beginning salaries more competitive, to increase the minimum salary for each grade in the state government compensation system. State salary schedules shall be increased by five (5) percent in fiscal year 1994-95 and an additional three (3) percent in fiscal year 1995-96. Those employees whose salaries fall below the new minimum salary for each grade will automatically be increased to meet the new minimum for each grade.

4. It is the intent of the General Assembly, in order to provide for adequate salary growth for state employees, to increase the maximum of the salary range for each grade in the state government compensation system by twenty (20) percent effective July 1, 1994.

5. Notwithstanding the provisions of KRS 18A.010(2), or otherwise provided in this section, it is the intent of the General Assembly, for the 1994-96 biennium, to limit the total number of permanent, full-time, state tax-supported personnel employed in the agencies of the Executive Branch to thirty-three thousand (33,000). For purposes of this Act, state tax-supported personnel are defined as all permanent, full-time personnel employed in the Executive Branch, net of the Secretary of State, Treasurer's Office, Department of Law, Unified Prosecutorial System, Auditor of Public Accounts, and the Department of Agriculture, whose salaries, wages, and benefits are financed, from appropriations made, in whole or in part, from the General Fund or in part, from the Road Fund. Permanent full-time personnel in the Transportation Cabinet who are in whole, supported by the Road Fund appropriation, are excluded from the limit imposed by this section and the number of personnel may be increased up to ten percent over the 1994-96 biennium from the base number established by this Act. Fifty percent of newly-hired permanent full-time personnel shall be placed on county maintenance crews. In addition, if a lay off plan is required to be implemented, fifty percent of the affected permanent full-time personnel shall be terminated from the Central Office. The provisions of this section do not apply to the employees of the General Assembly, the Legislative Research Commission, or the Court of Justice.

PART VI

GENERAL FUND BUDGET REDUCTION PLAN

Pursuant to KRS 48.130 and 48.600, a General Fund Budget Reduction Plan is hereby enacted for state government in the event of an actual or projected deficit in estimated General Fund revenue receipts of $4,996,774,000 in fiscal year 1994-95 and $5,207,831,000 in fiscal year 1995-96 as modified by related acts and actions of the General Assembly. Direct services and obligations essential to the minimum level of constitutional functions are exempt from the requirements of this Plan. Any budget revision taken by a branch head to alleviate the projected deficit shall not exceed the total specified in KRS 48.130.

The Governor, the Chief Justice, and the Legislative Research Commission shall direct and implement reductions in allotments and appropriations only for their respective branch budget units as may be necessary as well as take other measures which shall be consistent with the provisions of this Part and general branch budget bills.

In the event of a revenue shortfall under the provisions of KRS 48.120, General Fund budget reduction actions shall be implemented in the following sequence:

(1) The Local Government Economic Assistance and the Local Government Economic Development Funds shall be adjusted by the Secretary of Finance and Administration Cabinet to equal revised estimates of receipts pursuant to KRS 42.4582.

(2) Unappropriated funds available in the General Fund Surplus Account established in KRS 48.700 shall be applied toward the revenue shortfall.

(3) Funds available in the Budget Reserve Trust Fund created in this Act shall be applied in an amount not to exceed $30,000,000 in any fiscal year.

(4) Transfers of excess unappropriated and unbudgeted restricted funds other than fiduciary funds shall be applied as determined by the head of each branch for its respective budget units.

(5) Debt service appropriations for unissued bonds and excess General Fund appropriations derived from reduced debt service requirements pursuant to the provisions of Part III of this Act shall be applied.

(6) In the event that the Secretary of Finance and Administration certifies that the application of the budget reduction actions directed in subsections one (1) through five (5) of this section are insufficient to overcome the revenue shortfall, then excess funds which accrue as a result of personnel vacancies and turnover, and reduced requirements for operating expenses, grants, and capital outlay shall be determined and applied by the heads of the executive, judicial, and legislative departments of state government for their respective branches. The branch heads shall certify the available amounts which shall be applied to budget units within the respective branches and shall promptly transmit the certification to the Secretary of Finance and Administration and the Legislative Research Commission. The Secretary of Finance and Administration shall execute the certified actions as transmitted by the branch heads.

Branch Heads shall take care, by their respective actions, to protect, preserve, and advance the fundamental health, safety, legal and social welfare, and educational well-being of the citizens of the Commonwealth.

(7) If the actions contained in subsections one (1) through six (6) of this section are insufficient to eliminate the revenue shortfall up to five (5) percent of the enacted General Fund revenue receipts, then the Governor is empowered and directed to take necessary actions with respect to the executive branch budget units to balance the budget by such actions conforming with the criteria expressed in the preceding subsection and subject to the limit imposed under KRS 48.130 and KRS 48.600.

PART VII

ROAD FUND BUDGET REDUCTION PLAN

Pursuant to KRS 48.130, there is hereby established a Road Fund Budget Reduction Plan for fiscal year 1994-95 and fiscal year 1995-96. In the event of an actual or projected deficit in Road Fund revenue receipts of $852,539,300 in fiscal year 1994-95 and $879,917,700 in fiscal year 1995-96 of at least two and one-half percent (2.5%) but not more than five percent (5%) less than the revenue estimates as determined under subsection (3) of KRS 48.120, the Governor shall implement sufficient reductions as may be required to protect the highest possible level of service in accordance with KRS 48.130.

PART VIII

ROAD FUND SURPLUS EXPENDITURE PLAN

Pursuant to KRS 48.140, there is hereby established a plan for the expenditure of Road Fund tax receipts up to two and one-half percent (2.5%) in excess of the tax receipts estimate of $840,575,700 in fiscal year 1993-94 and $852,539,300 in fiscal year 1994-95 for the Road Fund as determined by subsection (3) of KRS 48.120. This Road Fund Surplus Expenditure Plan provides for additional moneys for nonrecurring expenditures for which an appropriation was not made in this branch budget bill, or for a program or service authorized by law for which an appropriation was not made or which program was not fully funded.

The Secretary of the Finance and Administration Cabinet shall determine, after the close of fiscal year 1993-94 and fiscal year 1994-95, based on the official financial records of the Commonwealth, and in accordance with KRS 48.120, the amount of excess Road Fund tax receipts available for expenditure through this Road Fund Surplus Expenditure Plan. The amount of excess receipts available shall be determined after all allocations required by statutory Road Fund revenue sharing programs have been adjusted pursuant to the applicable statutes. The Secretary of the Finance and Administration Cabinet shall communicate this information to the Secretary of the Transportation Cabinet in a timely manner.

The board shall have the power to hear and decide applications for conditional use permits to allow the proper integration into the community of uses which are specifically named in the zoning regulations which may be suitable only in specific locations in the zone only if certain conditions are met:

(1) The board may approve, modify, or deny any application for a conditional use permit***, except that the board may not deny the specific location of an essential service listed as a conditional use when the use, in its specific location, is essential to promote the public health, safety, or welfare; however, the board may otherwise modify or impose conditions on the essential uses***. If ***the board*** [~~it~~] approves ***a conditional use*** [~~such~~] permit, it may attach necessary conditions, such as time limitations, requirements that one (1) or more things be done before the request can be initiated, or conditions of a continuing nature. Any [~~such~~] conditions shall be recorded in the board's minutes and on the conditional use permit, along with a reference to the specific section in the zoning regulation listing the conditional use under consideration. The board shall have power to revoke conditional use permits, or variances for noncompliance with the condition thereof. [~~Furthermore,~~] The board shall have a right of action to compel offending structures or uses removed at the cost of the violator and may have judgment in personam for ***the*** [~~such~~] cost.

(2) Granting of a conditional use permit ***shall*** [~~does~~] not exempt the applicant from complying with all of the requirements of building, housing, and other regulations.

(3) In any case where a conditional use permit has not been exercised within the time limit set by the board, or within one (1) year, if no specific time limit has been set, such conditional use permit shall not revert to its original designation unless there has been a public hearing. "Exercised," as set forth in this section, shall mean that binding contracts for the construction of the main building or other improvement have been let; or in the absence of contracts that the main building or other improvement is under construction to a substantial degree, or that prerequisite conditions involving substantial investment under contract, in development, are completed. When construction is not a part of the use, "exercised" shall mean that the use is in operation in compliance with the conditions as set forth in the permit.

(4) The administrative official ***may*** [~~shall review all conditional use permits, except those for which all conditions have been permanently satisfied, at least once annually and shall have the power to~~] inspect the land or structure where the conditional use is located in order to ascertain that the landowner is complying with all of the conditions which are listed on the conditional use permit. If the landowner is not complying with all of the conditions listed on the conditional use permit, the administrative official shall report the fact in writing to the chairman of the board of adjustment. The report shall state specifically the manner in which the landowner is not complying with the conditions on the conditional use permit, and a copy of the report shall be furnished to the landowner at the same time that it is furnished to the chairman of the board of adjustment. The board shall hold a hearing on the report within a reasonable time, and notice of the time and place of the hearing shall be furnished to the landowner at least one (1) week prior to the hearing. If the board of adjustment finds that the facts alleged in the report of the administrative official are true and that the landowner has ***not substantially complied*** [~~taken no steps to comply with them between the date of the report and the date of the hearing~~], the board of adjustment may authorize the administrative official to revoke the conditional use permit and take the necessary legal action to cause the termination of the activity on the land which the conditional use permit authorizes ***or take other actions it deems necessary to insure compliance with the conditions***.

(5) [~~Once the board of adjustment has completed a conditional use permit and all the conditions required are of such type that they can be completely and permanently satisfied, the administrative official, upon request of the applicant, may, if the facts warrant, make a determination that the conditions have been satisfied, and enter the facts which indicate that the conditions have been satisfied and the conclusion in the margin of the copy of the conditional use permit which is on file. Thereafter said use, if it continues to meet the other requirements of the regulations, will be treated as a permitted use.~~

~~(6)~~] When an application is made for a conditional use permit for land located within or abutting any residential zoning district, written notice shall be given at least fourteen (14) days in advance of the public hearing on the application to the applicant, administrative official, the mayor and city clerk of any city of the fifth or sixth class so affected, within any county containing a city of the first class, an owner of every parcel of property adjoining the property to which the application applies and such other persons as the local zoning ordinance, regulations, or board of adjustment bylaws shall direct. Written notice shall be by first class mail with certification by the board's secretary or other officer that the notice was mailed. It shall be the duty of the applicant to furnish to the board the name and address of an owner of each parcel of property as described in this subsection. Records maintained by the property valuation administrator may be relied upon conclusively to determine the identity and address of said owner. In the event such property is in condominium or cooperative forms of ownership, then the person notified by mail shall be the president or chairperson of the owner group which administers property commonly owned by the condominium or cooperative owners. A joint notice may be mailed to two (2) or more co-owners of an adjoining property who are listed in the property valuation administrator's records as having the same address.

(6)[~~(7)~~] When any property within the required notification area for a public hearing upon a conditional use permit application is located within an adjoining city, county, or planning unit, notice of the hearing shall be given at least fourteen (14) days in advance of the hearing, by first-class mail to certain public officials, as follows:

(a) If the adjoining property is part of a planning unit, notice shall be given to that unit's planning commission; or

(b) If the adjoining property is not part of a planning unit, notice shall be given to the mayor of the city in which the property is located or, if the property is in an unincorporated area, notice shall be given to the judge/executive of the county in which the property is located.

Section 6. KRS 100.261 is amended to read as follows:

Appeals to the board may be taken by any person, or entity claiming to be injuriously affected or aggrieved by an official action, order, requirement, interpretation, grant, refusal, or decision of any ***administrative official*** [~~zoning enforcement officer~~]. ***The*** [~~Such~~] appeal shall be taken within thirty (30) days after the appellant or his agent receives notice of the action of the official by filing with ***the*** [~~said~~] officer and with the board a notice of appeal specifying the grounds [~~thereof~~], and giving notice of ***the*** [~~such~~] appeal to any and all parties of record. ***The*** [~~Said~~] officer shall [~~forthwith~~] transmit to the board all papers constituting the record upon which the action appealed from was taken and shall be treated as and be the respondent in [~~such~~] further proceedings. At the public hearing on the appeal held by the board, any interested person may appear and enter his appearance, and all shall be given an opportunity to be heard.

Section 7. KRS 100.337 is amended to read as follows:

The commission ***or administrative official*** shall have a cause of action for all appropriate relief including injunctions against any governmental bodies or any [~~aggrieved~~] person who violates this chapter or regulations adopted hereunder.

(1) Any person or entity who violates any of the provisions of KRS 100.201 to 100.347 or any of the regulations adopted pursuant thereto for which no other penalty is provided, shall upon conviction, be fined not less than ten dollars ($10) but not more than five hundred dollars ($500) for each conviction. Each day of violation shall constitute a separate offense.

(2) Any person, owner or agent who violates this chapter shall, upon conviction, be fined not less than one hundred dollars ($100) nor more than five hundred dollars ($500) for each lot or parcel which was the subject of sale or transfer, or a contract for sale or transfer.

(4) A commission***, fiscal court, or legislative body*** may appoint enforcement officers who shall have authority to issue citations for violations of this chapter which the officer has observed, but shall not have powers of peace officers to make arrests or carry deadly weapons. ***The commission, fiscal court, or legislative body may determine which of these violations may be prepaid and the minimum fine to be assessed for each violation that may be prepaid. Citations issued for prepayable violations shall state the time and manner in which the prepayment may be made. If a prepayable citation is not paid by the date designated on the citation, the defendant shall appear in District Court at the time and place designated on the citation*** [~~The defendant shall appear within a designated time pursuant to the citation.~~

~~(5) The procedure for citations issued by an enforcement officer shall be as provided in KRS 431.015~~].

If the Corps of Engineers issues additional future nationwide permits under Section 401 of the Clean Water Act, the cabinet shall issue required Section 401 water quality certifications in accordance with the same criteria, restrictions, conditions, and notification procedures specified in the nationwide permits. A Section 401 water quality certification shall not be required by the cabinet for activities which would not be deemed by the Department of the

Army, Corps of Engineers or other applicable federal regulatory agency as requiring an individual permit for the proposed activity.

The Committee Substitute to **HB 633** is as follows:

HB 633, AN ACT relating to Section 401 water quality certifications.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF SUBCHAPTER 16 OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) This section shall apply to the cabinet's issuance, waiver, or denial of water quality certifications for surface coal mining operations, as defined in KRS 350.010, if:

(a) The applicant for the water quality certification has applied to the cabinet for a permit in accordance with KRS Chapter 350 and the administrative regulations promulgated pursuant thereto;

(b) The applicant for the water quality certification is eligible for Nationwide Permit 21 or 26 issued in accordance with 33 U.S.C. 1344 and 33 C.F.R. Part 330, Appendix A;

(c) The applicant's surface coal mining operation will not impact waters of the Commonwealth designated by the cabinet in its water quality standards as outstanding state or national resource waters or as cold water aquatic habitat; and

(d) The applicant's surface coal mining operation will not impact waters of the Commonwealth which are wetlands one (1) acre or more in size.

(2) If the watershed above the toe of the farthest downstream permanent structure authorized pursuant to Nationwide Permit 21 or 26 is less than four hundred eighty (480) acres for the surface coal mining operation meeting the criteria of subsection (1) of this section, the cabinet shall issue a water quality certification containing only the standard conditions set out in paragraphs (a) to (e) of this subsection.

(a) All earthwork operations shall be carried out so that sediment runoff and soil erosion to waters of the Commonwealth are controlled and minimized. Best management practices for water pollution control shall be used by the surface coal mining operation.

(b) Heavy equipment, such as bulldozers, backhoes, and draglines, shall not be used or operated within waters of the Commonwealth outside of the boundaries of a permanent structure, unless that use cannot be avoided. If use of heavy equipment within waters of the Commonwealth outside the boundaries of a permanent structure is unavoidable, then the work shall be performed so as to minimize resuspension of sediments and disturbance to substrates, banks, or riparian vegetation.

(c) Measures shall be taken to prevent and to control spills of fuels, lubricants, and other materials from entering waters of the Commonwealth.

(d) Any fill or riprap shall be of a composition that shall not cause violations of water quality standards by adversely affecting the biological, chemical, or physical properties of waters of the Commonwealth. If riprap is used, it shall be of a weight and size that bank stress or slump conditions shall not occur.

(e) Removal of riparian vegetation outside the boundaries of a permanent structure shall be minimized.

(3) (a) If the watershed above the toe of the farthest downstream permanent structure authorized pursuant to Nationwide Permit 21 or 26 is greater than or equal to four hundred eighty (480) acres for the surface coal mining operation meeting the criteria of subsection (1) of this section, the cabinet may require a water quality certification containing conditions in addition to those standard conditions identified in subsection (2) of this section for the purpose of protecting water quality.

(b) The water quality certification may require mitigation at a maximum ratio of one (1) acre of mitigation area for every one (1) acre of permanent loss of waters of the Commonwealth on the permitted area, except for waters of the Commonwealth isolated as a result of the permanent structure.

(c) For waters of the Commonwealth isolated as a result of a permanent structure, the maximum mitigation ratio shall be five-tenths (0.5) acre of mitigation area for every one (1) acre of those isolated waters.

(d) The cabinet shall accept mitigation on the permitted area, mitigation off the permitted area, mitigation banking of waters of the Commonwealth, or any combination thereof, or any other mitigation measure acceptable to the cabinet.

(e) Upon completion of all mitigation work required by the water quality certification required by this subsection, the surface coal mining operation shall obtain a certification from a registered professional engineer that all mitigation work has been completed in accordance with the conditions of the water quality certification. The surface coal mining operation shall promptly submit the professional engineer's certification to the cabinet. The cabinet shall promptly review the certification and provide to the surface coal mining operation written

notice that all mitigation work has been successfully completed, or that further mitigation work is necessary to meet the conditions imposed by the water quality certification.

(4) The cabinet shall not require a water quality certification for a road crossing on the permitted area impacting less than two hundred (200) linear feet of waters of the Commonwealth.

(5) The cabinet shall confer with representatives of the surface coal mining industry and representatives of environmental organizations with an interest in water quality in developing a manual of approvable options for mitigation on permitted areas, mitigation off permitted areas, mitigation involving banking of waters of the Commonwealth, and removal of temporary sediment structures at surface coal mining operations as a mitigation option.

(6) (a) The cabinet shall have ten (10) working days to make a determination that an application for a water quality certification is administratively complete or to notify the applicant of specific deficiencies.

(b) The cabinet shall have forty (40) working days to review an administratively complete application for a water quality certification, to issue or waive that certification, or to deny that certification with specific deficiencies identified, and to notify the applicant of the final determination. If the cabinet has not notified the applicant of its final determination within forty (40) days of receiving an administratively complete application, the water quality certification shall be deemed waived.

(7) Nothing in this section shall be construed as abrogating the cabinet's ability to require water quality certifications for surface coal mining operations that do not meet the criteria of subsection (1) of this section.

SB 52, AN ACT relating to the Central Midwest Interstate Compact on Low-Level Radioactive Waste.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. The General Assembly concurs in and ratifies Executive Order 93-494, relating to radiation control by the Cabinet for Human Resources and other state agencies through interstate agreements.

Section 2. KRS 211.859 is amended to read as follows:

The Central Midwest Interstate Low-Level Radioactive Waste Compact is approved in the form as follows:

ARTICLE I

POLICY AND PURPOSE

There is created the Central Midwest Interstate Low-Level Radioactive Waste Compact.

The states party to this compact recognize that the Congress of the United States, by enacting the Low-Level Radioactive Waste Policy Act (Title 42 U.S.C. Sec. 2021), has provided for and encouraged the development of low-level radioactive waste compacts as a tool for managing such waste. [~~The party states acknowledge that Congress declared that each state is responsible for providing for the availability of capacity either within or outside the state for the disposal of low level radioactive waste generated within its borders, except for waste generated as a result of certain defense activities of the federal government or federal research and development activities.~~] The party states also recognize that the management of low-level radioactive waste is handled most efficiently on a regional basis; and, that the safe and efficient management of low-level radioactive waste generated within the region requires that sufficient capacity to manage such waste be properly provided.

(a) It is the policy of the party states to enter into a regional low-level radioactive waste management compact for the purpose of:

(1) Providing the instrument and framework for a cooperative effort;

(2) Providing sufficient facilities for the proper management of low-level radioactive waste generated in the region;

(3) Protecting the health and safety of the citizens of the region;

(4) Limiting the number of facilities required to manage low-level radioactive waste generated in the region effectively and efficiently;

(5) Promoting the volume and source reduction of low-level radioactive waste generated in the region;

(6) Distributing the costs, benefits and obligations of successful low-level radioactive waste management equitably among the party states and among generators and other persons who use regional facilities to manage their waste;

(7) Ensuring the ecological and economical management of low-level radioactive waste, including the prohibition of shallow-land burial of waste; and

(8) Promoting the use of above-ground facilities and other disposal technologies providing greater and safer confinement of low-level radioactive waste than shallow-land burial facilities.

(b) Implicit in the congressional consent to this compact is the expectation by the Congress and the party states that the appropriate federal agencies will actively assist the compact commission and the individual party states to this compact by:

(1) Expeditious enforcement of federal rules, regulations and laws;

(2) Imposition of sanctions against those found to be in violation of federal rules, regulations and laws; and

(3) Timely inspection of their licensees to determine their compliance with these rules, regulations and laws.

(5)[~~(4)~~] Adopt an annual budget.

(k) Funding of the budget of the commission shall be provided as follows:

(1) Each state, upon becoming a party state, shall pay $50,000 to the commission which shall be used for the administrative costs of the commission.

(2) Each state hosting a regional facility shall levy surcharges on each user of the regional facility based upon its portion of the total volume and characteristics of wastes managed at that facility. The surcharges collected at all regional facilities shall:

(A) Be sufficient to cover the annual budget of the commission; and

(B) Be paid to the commission, provided, however, that each host state collecting surcharges may retain a portion of the collection sufficient to cover its administrative costs of collection.

(l) The commission shall keep accurate accounts of all receipts and disbursements. The commission shall contract with an independent certified public accountant to annually audit all receipts and disbursements of commission funds and to submit an audit report to the commission. The audit report shall be made a part of the annual report of the commission required by this Article.

(m) The commission may accept for any of its purposes and functions and may utilize and dispose of any donations, grants of money, equipment, supplies, materials and services from any state or the United States (or any subdivision or agency thereof), or interstate agency, or from any institution, person, firm or corporation. The nature, amount and condition, if any, attendant upon any donation or grant accepted or received by the commission together with the identity of the donor, grantor or lender, shall be detailed in the annual report of the commission. The commission shall establish guidelines for the acceptance of donations, grants, equipment, supplies, materials and services and shall review such guidelines annually.

(n) The commission is not liable for any costs associated with any of the following:

(1) The licensing and construction of any facility;

(2) The operation of any facility;

(3) The stabilization and closure of any facility;

(4) The extended care of any facility;

(5) The institutional control, after extended care of any facility; or

(6) The transportation of waste to any facility.

(o) The commission is a legal entity separate and distinct from the party states and is liable for its actions as a separate and distinct legal entity. ***Commissioners*** [~~Members of the commission~~] are not personally liable for actions taken by them in their official capacity.

(p) Except as provided under ***Article III(n), Article III(o), Article VI(p), and Article VI(q)***[~~paragraphs (n) and (o) of this Article~~], nothing in this compact alters liability for any action, omission, course of conduct or liability resulting from any causal or other relationships.

(q) Any person aggrieved by a final decision of the commission[~~,~~] which adversely affects the legal rights, duties or privileges of such person, may petition a court of competent jurisdiction, within sixty days after the commission's final decision, to obtain judicial review of said final decision.

ARTICLE IV

REGIONAL MANAGEMENT PLAN

The commission shall adopt a regional management plan designed to ensure the safe and efficient management of waste generated within the region. In adopting a regional waste management plan the commission shall:

(a) Adopt procedures for determining, consistent with considerations of public health and safety, the type and number of regional facilities which are presently necessary and which are projected to be necessary to manage waste generated within the region.

(b) Develop and adopt policies promoting source and volume reduction of waste generated within the region.

(c) Develop alternative means for the treatment, storage and disposal of waste, other than shallow-land burial or underground injection well.

(d) Prepare a draft regional management plan that shall be made available in a convenient form to the public for comment. The commission shall conduct one or more public hearings in each party state prior to the adoption of the regional management plan. The regional management plan shall include the commission's response to public and party state comment.

ARTICLE V

RIGHTS AND OBLIGATIONS OF PARTY STATES

(a) Each party state shall act in good faith in the performance of acts and courses of conduct which are intended to ensure the provision of facilities for regional availability and usage in a manner consistent with this compact.

(b) Other than the provisions of Article V(f) ***and Article VII(a)(6)***, each party state has the right to have all wastes generated within its borders managed at regional facilities***. This right shall be*** subject to the provisions ***of this compact*** [~~contained in Article IX(b) and IX(c)~~]. All party states have an equal right of access to any facility ***outside the region*** made available to the region by any agreement entered into by the commission pursuant to Article III (i)***(4)***[~~(1)~~].

(c) Party states or generators may negotiate for the right of access to a facility outside the region and may export waste outside the region subject to commission approval under Article III (i)***(4)***[~~(1)~~].

(d) To the extent permitted by federal law, each party state may enforce any applicable federal and state laws, regulations and rules pertaining to the packaging and transportation of waste generated within or passing through its borders. Nothing in this section shall be construed to require a party state to enter into any agreement with the U.S. Nuclear Regulatory Commission.

(e) Each party state shall provide to the commission any data and information the commission requires to implement its responsibilities. Each party state shall establish the capability to obtain any data and information required by the commission.

(f) Waste originating from the Maxey Flats nuclear waste disposal site in Fleming County, Kentucky shall not be shipped to ***any*** [~~the regional~~] facility ***in Illinois*** for storage, treatment or disposal. Disposition of these wastes shall be the sole responsibility of the Commonwealth of Kentucky and ***such waste*** shall not be subject to the provisions of ***Article IX(b)(3) and (4) of*** this compact.

ARTICLE VI

DEVELOPMENT AND OPERATION OF FACILITIES

(a) Any party state may volunteer to become a host state, and the commission may designate that state as a host state.

(b) If all regional facilities required by the regional management plan are not developed pursuant to ***Article VI***[~~section~~] (a), or upon notification that an existing regional facility will be closed, the commission may designate ***a party state as*** a host state. ***A party state shall not be designated as a host state for any regional facility under this Article VI(b) unless that state's total volume of waste recorded on low-level radioactive waste manifests for any year is more than ten percent (10%) of the total volume recorded on those manifests for the region during the same year. In determining the ten percent (10%) exclusion, there shall not be included waste recorded on low-level radioactive waste manifests by a person whose principal business is providing a service by arranging for the collection, transportation, treatment, storage, or disposal of such waste, or waste described in Article VII(a)(6).***

(c) [~~A party state shall not be selected as a host state for any regional facility unless that state's total volume of waste recorded on low-level radioactive waste manifests for any year is more than ten percent of the total volume recorded on such manifests for the region during the same year. In determining the ten percent exclusion, there shall not be included waste recorded on low-level radioactive waste manifests by a person whose principal business is providing a service by arranging for the collection, transportation, treatment, storage or disposal of such waste.~~

~~(d)~~] Each party state designated as a host state is responsible for determining possible facility locations within its borders. The selection of a facility site shall not conflict with applicable federal and host state laws, regulations and rules not inconsistent with this compact and shall be based on factors including, but not limited to, geological, environmental, engineering and economic viability of possible facility locations.

(d)[~~(e)~~]Any party state designated as a host state may request the commission to relieve that state of the responsibility to serve as a host state. The commission may relieve a party state of this responsibility [~~only~~] upon a showing by the requesting party state that no feasible potential regional facility site of the type it is designated to host exists within its borders ***or for other good cause shown and consistent with the purposes of the compact***.

(e)[~~(f)~~] After a state is designated a host state by the commission, it is responsible for the timely development and operation of a regional facility.

(f)[~~(g)~~] To the extent permitted by federal and state law, a host state shall regulate and license any facility within its borders and ensure the extended care of that facility.

(g)[~~(h)~~] The commission may designate a party state as a host state while a regional facility is in operation if the commission determines that an additional regional facility is or may be required to meet the needs of the region.

(h)[~~(i)~~]Designation of a host state is for a period of twenty years or the life of the regional facility which is established under that designation, whichever is shorter. Upon request of a host state, the commission may modify the period of its designation.

(i)[~~(j)~~] A host state may establish a fee system for any regional facility within its borders. The fee system shall be ***reasonable*** [~~responsible~~] and equitable. This fee system shall provide the host state with sufficient revenue to cover any costs including, but not limited to, the planning, siting, licensure, operation, pre-closure corrective action or clean-up, monitoring, inspection, decommissioning, extended care and long-term liability, associated with such facilities. This fee system may provide for payment to units of local government affected by a regional facility for costs incurred in connection with such facility. This fee system may also include reasonable revenue beyond the costs incurred for the host state, subject to approval by the commission. The fee system shall include incentives for source or volume reduction and may be based on the hazard of the waste. A host state shall submit an annual financial audit of the operation of the regional facility to the commission.

(j)[~~(k)~~] A host state shall ensure that a regional facility located within its borders which is permanently closed is properly decommissioned. A host state shall also provide for the extended care of a closed or decommissioned regional facility within its borders so that the public health and safety of the state and region are ensured, unless, pursuant to the federal Nuclear Waste Policy Act of 1982, the federal government has assumed title and custody of the regional facility and the federal government thereby has assumed responsibility to provide for the extended care of such facility.

(k)[~~(l)~~] A host state intending to close a regional facility located within its borders shall notify the commission in writing of its intention and the reasons. Notification shall be given to the commission at least five years prior to the intended date of closure. This section shall not prevent an emergency closing of a regional facility by a host state to protect its air, land and water resources and the health and safety of its citizens. However, a host state which has an emergency closing of a regional facility shall notify the commission in writing within three ***(3)*** working days of its action and shall, within thirty ***(30)*** working days of its action, demonstrate justification for the closing.

(l)[~~(m)~~] If a regional facility closes before an additional or new facility becomes operational, waste generated within the region may be shipped temporarily to any location agreed on by the commission until a regional facility is operational, provided that the region's waste shall not be stored in a party state with a total volume of waste recorded on low-level radioactive waste manifests for any year which is less than ten percent ***(10%)*** of the total volume recorded on ***the*** [~~such~~] manifests for the region during the same year. In determining the ten percent ***(10%)*** exclusion, there shall not be included waste recorded on low-level radioactive waste manifests by a person whose principal business is providing a service by arranging for the collection, transportation, treatment, storage or disposal of such waste***, or waste described in Article VII(a)(6)***.

(m)[~~(n)~~] A party state which is designated as a host state by the commission and fails to fulfill its obligations as a host state may have its privileges under the compact suspended or membership in the compact revoked by the commission.

(n)[~~(o)~~] The host state shall create an "Extended Care and Long-Term Liability Fund" and shall allocate sufficient fee revenues, received pursuant to Article VI***(i)***[~~(j)~~], to provide for the costs of:

(1) Decommissioning and other procedures required for the proper closure of a regional facility;

(2) Monitoring, inspection and other procedures required for the proper extended care of a regional facility;

(3) Undertaking any corrective action or clean-up necessary to protect human health and the environment from radioactive releases from a regional facility;

(4) Compensating any person for medical and other expenses incurred from damages to human health, personal injuries suffered from damages to human health and damages or losses to real or personal property, and accomplishing any necessary corrective action or clean-up on real or personal property caused by radioactive releases from a regional facility; the host state may allocate moneys in this fund in amounts as it deems appropriate to purchase insurance or to make other similar financial protection arrangements consistent with the purposes of this fund; ***this Article VI(n)*** [~~this section~~] shall in no manner limit the financial responsibilities of the site operator ***under*** [~~pursuant to~~] Article VI***(o),*** [~~(p) and~~] the party states ***under Article VI(p)***, or any ***person who sends waste to a*** [~~other states which contract to dispose of wastes at the~~] regional facility, ***under*** [~~pursuant to~~] Article VI(q).

(o)[~~(p)~~] The operator of a regional facility shall purchase an amount of property and third-party liability insurance deemed appropriate by the host state, pay the necessary periodic premiums at all times and make periodic payments to the Extended Care and Long-Term Liability Fund as set forth in Article VI***(n)***[~~(o)~~] for such amounts as the host state reasonably determines is necessary to provide for future premiums to continue such insurance coverage, in order to pay the costs of compensating any person for medical and other expenses incurred from damages to human health, personal injuries suffered from damages to human health and damages or losses to real or personal property, and accomplishing any necessary corrective action or clean-up on real or personal property caused by radioactive releases from a regional facility. In the event of such costs resulting from radioactive releases from a regional facility, the host state should, to the maximum extent possible, seek to obtain moneys from such insurance prior to using moneys from the Extended Care and Long-Term Liability Fund.

(p)[~~(q)~~] All party states[~~, or any other states which contract to dispose of wastes at the regional facility,~~] shall be liable for the cost of extended care and long-term liability in excess of moneys available from the Extended Care and Long-Term Liability Fund, as set forth in Article VI***(n)***[~~(o)~~] and from the property and third-party liability insurance as set forth in Article VI***(o)***[~~(p)~~]. A party state may meet such liability for costs by levying surcharges upon generators located in the party state. The extent of such liability [~~for such party state~~] shall be based on the proportionate share of the total volume of waste placed in the regional facility by generators located in each such party state. Such liability shall be joint and several among the party states with a right of contribution between the party states. However, this section shall not apply to a party state with a total volume of waste recorded on low-level radioactive waste manifests for any year that is less than ten percent ***(10%)*** of the total volume recorded on such manifests for the region during the same year.

(q) Any person who sends waste from outside the region or waste described in Article VII(a)(6) for treatment, storage, or disposal at a regional facility shall be liable for the cost of extended care and long-term liability of that regional facility in excess of the moneys available from the Extended Care and Long-Term Liability Fund as set forth in Article VI(n) and from the property and third-party liability insurance as set forth in Article VI(o). The extent of the liability for the person shall be based on the proportionate share of the total volume of waste sent by that person to the regional facility.

ARTICLE VII

OTHER LAWS AND REGULATIONS

(a) Nothing in this compact:

(1) Abrogates or limits the applicability of any act of Congress or diminishes or otherwise impairs the jurisdiction of any federal agency expressly conferred thereon by the Congress;

(2) Prevents the enforcement of any other law of a party state which is not inconsistent with this compact;

(3) Prohibits any storage or treatment of waste by the generator on its own premises;

(4) Affects any administrative or judicial proceeding pending on the effective date of this compact;

(5) Alters the relations between the respective internal responsibility of the government of a party state and its subdivisions;

(6) ***Establishes any right to the*** [~~Affects the generation,~~] treatment, storage or disposal ***at any facility in the region or provides any authority to prohibit export from the region*** of waste ***that is owned or*** generated by the ***United States*** [~~atomic energy defense activities of the secretary of the U.S.~~] Department of Energy***, owned or generated by the United States Navy as a result of the decommissioning of vessels of the United States Navy, or owned or generated as the result of any research, development, testing, or production of any atomic weapon***[~~or successor agencies or federal research and development activities as defined in Title 42 U.S.C. Sec. 2021~~]; or

(7) Affects the rights and powers of any party state or its political subdivisions, to the extent not inconsistent with

this compact, to regulate and license any facility or the transportation of waste within its borders or affects the rights and powers of any state or its political subdivisions to tax or impose fees on the waste managed at any facility within its borders;

(8) Requires a party state to enter into any agreement with the U.S. Nuclear Regulatory Commission; or

(b) For purposes of this compact, all state laws or parts of laws in conflict with this compact are hereby superseded to the extent of the conflict.

(c) No law, rule, regulation, fee or surcharge of a party state, or of any of its subdivisions or instrumentalities, may be applied in a manner which discriminates against the generators of another party state.

(d) No person who provides a service by arranging for collection, transportation, treatment, storage or disposal ***of*** [~~for~~] waste ***from*** [~~generated~~] outside the region shall be allowed to dispose of ***any*** [~~such~~] waste***, regardless of origin, in the region*** [~~at a regional facility~~] unless specifically ***permitted under an agreement entered into*** [~~approved~~] by the commission ***in accordance with*** [~~pursuant to~~] the ***requirements*** [~~provisions~~] of Article III(i)(1).

ARTICLE VIII

ELIGIBLE PARTIES, WITHDRAWAL, REVOCATION, ENTRY INTO FORCE, TERMINATION

(a) Eligible parties to this compact are the State of Illinois and Commonwealth of Kentucky. Eligibility terminates on April 15, 1985.

(b) An eligible state becomes a party state when the state enacts the compact into law and pays the membership fee required in Article III(k)(1).

(c) The commission is formed upon the appointment of ***the commissioners*** [~~commission members~~] and the tender of the membership fee payable to the commission by the eligible states. The governor of Illinois shall convene the initial meeting of the commission. The commission shall cause legislation to be introduced in the Congress which grants the consent of the Congress to this compact, and shall take action necessary to organize the commission and implement the provisions of this compact.

(d) Other than the special circumstances for withdrawal in section (f) of this Article, either party state may withdraw from this compact at any time by repealing the authorizing legislation, but no withdrawal may take effect until five years after the governor of the withdrawing state gives notice in writing of the withdrawal to the commission and to the governor of the other state. Withdrawal does not affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal. Any host state which grants a disposal permit for waste generated in a withdrawing state shall void the permit when the withdrawal of that state is effective.

(e) This compact becomes effective July 1, 1984, or at any date subsequent to July 1, 1984, upon enactment by the eligible states. However, Article IX(b) shall not take effect until the Congress has by law consented to this compact. The Congress shall have an opportunity to withdraw such consent every five years. Failure of the Congress affirmatively to withdraw its consent has the effect of renewing consent for an additional five year period. The consent given to this compact by the Congress shall extend to the power of the region to ban the shipment of waste into the region pursuant to Article III(i)(1) and to prohibit exportation of waste generated within the region ***under*** [~~pursuant to~~] Article III(i)***(4)***[~~(1)~~].

(f) A state which has been designated a host state may withdraw from the compact. The option to withdraw must be exercised within ninety days of the date the governor of the designated state receives written notice of the designation. Withdrawal becomes effective immediately after notice is given in the following manner. The governor of the withdrawing state shall give notice in writing to the commission and to the governor of each party state. A state which withdraws from the compact under this section forfeits any funds already paid pursuant to this compact. A designated host state which withdraws from the compact after ninety days and prior to fulfilling its obligations shall be assessed a sum the commission determines to be necessary to cover the costs borne by the commission and remaining party states as a result of that withdrawal.

ARTICLE IX

PENALTIES

(a) Each party state shall prescribe and enforce penalties against any person who is not an official of another state for violation of any provision of this compact.

(b) Unless [~~otherwise~~] authorized by the commission pursuant to Article III(i), ***or otherwise provided in this compact,*** after January 1, 1986 it is a violation of this compact;

(1) For any person to deposit at a [~~regional~~] facility ***in the region*** waste ***from outside*** [~~not generated within~~] the region;

(2) For any [~~regional~~] facility ***in the region*** to accept waste ***from outside*** [~~not generated within~~] the region;

(3) For any person to export from the region waste ***that*** [~~which~~] is generated within the region; or

(4) For any person to dispose of waste at a facility other than a regional facility***;***

(5) For any person to deposit at a regional facility waste described in Article VII(a)(6); or

(6) For any regional facility to accept waste described in Article VII(a)(6).

(c) ***It is a violation of this compact for any person to treat or store waste at a facility other than a regional facility if such treatment or storage is prohibited by the commission under Article III(i)(6).***

(d) Each party state acknowledges that the receipt by a host state of waste packaged or transported in violation of applicable laws, rules or regulations may result in the imposition of sanctions by the host state which may include suspension or revocation of the violator's right of access to the facility in the host state.

(e)[~~(d)~~]Each party state has the right to seek legal recourse against any party state which acts in violation of this compact.

ARTICLE X

SEVERABILITY AND CONSTRUCTION

The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared by a court of competent jurisdiction to be contrary to the Constitution of any participating state or the United States, or if the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If any provision of this compact shall be held contrary to the Constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters.

Surface coal mining operations shall also include the areas upon which the activities occur or where the activities disturb the natural land surface. The areas shall also include any adjacent land, the use of which is incidental to the activities, all lands affected by the construction of new roads or the improvement or use of existing roads to gain access to the site of the activities and for haulage, and excavations, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, processing areas, shipping areas, and other areas upon which are sited structures, facilities, or other property or materials on the surface resulting from or incident to the activities. (2) "Strip mining" means the breaking of the surface soil in order to facilitate or accomplish the extraction or removal of minerals, ores, or other solid matter; any activity or process constituting all or part of a process for the extraction or removal of minerals, ores, and other solid matter from its original location; and the preparation, washing, cleaning, or other treatment of minerals, ores, or other solid matter so as to make them suitable for commercial, industrial, or construction use; but shall not include the extraction of coal by a landowner for his own noncommercial use of fifty (50) tons or less within twelve (12) successive calendar months from land owned or leased by him; the extraction of coal as an incidental part of federal, state, or local government financed highway or other construction under ***administrative*** regulations established by the cabinet; the extraction of, or intent to extract, twenty-five (25) tons or less of coal by any person by surface coal mining operations within twelve (12) successive calendar months; the extraction of coal incidental to the extraction of other minerals where coal does not exceed sixteen and two-thirds percent (16-2/3%) of the tonnage of minerals removed for purposes of commercial use or sale; coal exploration subject to KRS 350.057; nor shall it include the surface effects or surface impacts of underground coal mining;

(3) "Surface coal mining and reclamation operations" means surface coal mining operations and all activities necessary and incident to the reclamation of the operations as required by this chapter;

(5) "Area of land affected" means any area of land or water upon which surface coal mining and reclamation operations are conducted or located or are to be conducted or located;

(6) "Operations" means surface coal mining operations, all of the premises, facilities, roads, and equipment used in the process of producing coal from a designated area or removing overburden for the purpose of determining the location, quality, or quantity of a natural coal deposit or the activity to facilitate or accomplish the extraction or the removal of coal;

(7) "Method of operation" means the method or manner by which the cut or open pit is made, the overburden is placed or handled, water is controlled, and other acts are performed by the operator in the process of uncovering and removing the coal;

(8) "Operator" means any person, partnership, or corporation engaged in surface coal mining operations who removes or intends to remove more than twenty-five (25) tons of coal from the earth by coal mining within twelve (12) consecutive calendar months in any one (1) location;

(14) "Bench" means the ledge, shelf, or terrace formed in the contour method of strip mining;

(15) "Approximate original contour" means that surface configuration achieved by backfilling and grading of the mined area so that the reclaimed area, including any terracing or access roads, closely resembles the general surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain, with all highwalls and spoil piles eliminated; water impoundments may be permitted where the cabinet determines that they are in compliance with KRS 350.455;

(16) "Certification" by a qualified registered professional engineer, as required by this chapter and ***administrative*** regulations promulgated hereunder, means a good faith representation to the best of his or her knowledge and belief, based on adequate knowledge of the requirements of this chapter and ***administrative*** regulations promulgated hereunder, related experience, best professional judgment, accepted engineering practices and recognized professional standards, and standard practice as it relates to direct participation by the registered professional engineer or supervision of the registered professional engineer's employees or subordinates. Certification shall not be construed to constitute a warranty or guarantee.

(23) "Lands eligible for remining" means those lands that would otherwise be eligible for expenditures under KRS 350.560(1) or (2).

Section 2. KRS 350.085 is amended to read as follows:

(1) No application for a permit and no operation shall be approved or allowed by the cabinet if there is found on the basis of the information set forth in the application that the requirements of this chapter or ***administrative*** regulations will not be

observed or that there is not probable cause to believe that the proposed method of operation, backfilling, grading, or reclamation of the affected area can be carried out consistent with the purpose of this chapter.

(2) If the cabinet finds that the overburden on any part of the area of land described in the application for a permit is such that experience in the Commonwealth with a similar type of operation upon land with similar overburden shows that substantial deposition of sediment in stream beds, landslides, or acid water pollution cannot feasibly be prevented, the cabinet may delete the part of the land described in the application upon which that overburden exists.

(3) Subject to valid existing rights, no surface coal mining operations except those which existed on or before August 4, 1977, shall be permitted within three hundred (300) feet from any occupied dwelling unless waived by the owner, nor within three hundred (300) feet of any public building, school, church, community, or institutional building, public park, or within one hundred (100) feet of a cemetery. The cabinet shall not issue a permit if it finds that the operation will constitute a hazard to or do physical damage to a dwelling house, public building, school, church, cemetery, commercial or institutional building, public road, stream, lake, or other public property. The cabinet shall delete the areas from the permit application or operation.

(4) Subject to valid existing rights, no surface coal mining operations except those which existed on or before August 4, 1977, shall be permitted within one hundred (100) feet of the outside right-of-way line of any public road, except where mine access roads or haulage roads join the right-of-way line. The cabinet shall permit the roads to be relocated or the area affected to lie within one hundred (100) feet of the road if, after public notice and opportunity for public hearing in the locality, a written finding is made that the interest of the public and the affected land owner will be protected, and shall not approve the application for a permit where the surface coal mining operation will adversely affect a wild river established pursuant to KRS Chapter 146, a state park or place listed on the National Register of Historic Places unless adequate screening and other measures as approved by the cabinet are incorporated into the permit application.

(5) Subject to valid existing rights, no surface coal mining operations except those which existed on August 4, 1977, shall be permitted on any privately owned lands within the boundaries of units of the National Park System, the National Wildlife Refuge Systems, the National System of Trails, the National Wilderness Preservation System, the Wild and Scenic Rivers System, including study rivers designated under Section 5(a) of the Wild and Scenic Rivers Act and national recreation areas designated by act of Congress.

(6) If based on the information provided pursuant to KRS 350.060(3)(h) and other relevant information, the cabinet finds that any surface coal mining and reclamation operation owned or controlled by the applicant is currently in violation of this chapter or other requirements listed pursuant to KRS 350.060(3)(h), the cabinet shall not issue the permit or permit renewal until the applicant submits proof satisfactory to the cabinet that the violation has been corrected or is in the process of being corrected. It shall be grounds to deny a permit or permit renewal if the cabinet, based on any information available to it and after a hearing, makes a finding that the applicant, or the operator specified in the application has demonstrated a pattern of willful violations pursuant to KRS 350.130(3).

(7) The prohibition of subsection (6) of this section shall not apply to a permit applicant with a violation resulting from an unanticipated event or condition at a surface coal mining operation on lands eligible for and under a permit for remining held by the applicant. As used in this subsection, the term "violation" has the same meaning as the term has under subsection (6). The authority of this subsection shall terminate on September 30, 2004.

Section 3. KRS 350.095 is amended to read as follows:

(1) The permittee shall assume responsibility for successful revegetation as required in KRS 350.435 for a period ***of five (5) full years after the last year in which augmented seeding, fertilizing, irrigation, or other work occurs*** ~~[defined pursuant to regulations promulgated by the cabinet]~~. The ***cabinet shall promulgate administrative*** regulations ***which*** shall include provisions to assure compliance with KRS 350.435, 350.093, and other applicable provisions. The cabinet may by ***administrative*** regulation set forth different requirements when it approves a long-term, intensive, agricultural postmining land use as part of the mining and reclamation plan.

(2) On lands eligible for remining, the permittee shall assume the responsibility for successful revegetation for a period of two (2) full years after the last year in which augmented seeding, fertilizing, irrigation, or other work occurs in order to assure compliance with the applicable standards. The authority of this subsection shall terminate on September 30, 2004.

Section 4. KRS 350.560 is amended to read as follows:

(1) Lands and water eligible for reclamation or drainage abatement expenditures under the Abandoned Mine Lands Program are those which were mined for coal or which were affected by coal mining, wastebanks, coal processing, or other coal mining processes, and were abandoned or left in an inadequate reclamation status prior to August 3, 1977, and for which there is no continuing reclamation responsibility under the provisions of this chapter. ***Surface coal mining operations on lands eligible for remining shall not affect the eligibility of those lands for reclamation and restoration under this chapter after the release of the bond or deposit for a remining operation as provided under KRS 350.093. In the event the bond or deposit for a surface coal mining operation on lands eligible for remining is forfeited, funds available under this chapter may be used if the amount of the bond or deposit is not sufficient to provide for adequate reclamation or abatement, except that if conditions warrant the cabinet shall immediately exercise its***

authority under KRS 350.585.

(2) If the cabinet determines that the reclamation priority, under the priorities of KRS 350.555(1) and (2), of a site is the same or more urgent than the priority of sites under subsection (1) of this section, the following sites shall also be eligible for reclamation or drainage abatement expenditures:

(a) Unreclaimed sites which were mined for coal or which were affected by coal mining, waste banks, coal processing, or other mining processes and left in an inadequate reclamation status during the period beginning August 4, 1977, and ending May 18, 1982, for which the bond, or other form of financial guarantee, was insufficient to provide adequate reclamation or abatement of the site; or

(b) Unreclaimed sites which were mined for coal or which were affected by coal mining, waste banks, coal processing, or other coal mining processes and left in an inadequate reclamation status during the period beginning on August 4, 1977, and ending on or before November 5, 1990, where the surety for the permittee became insolvent during the period, and as of November 5, 1990, funds immediately available from proceedings relating to the insolvency, or from other sources have been insufficient to provide for adequate reclamation and abatement at the site.

(3) Sites under subsection (2) in the immediate vicinity of a residential area or which have an adverse economic impact upon a local community shall be given priority.

(4) Up to thirty percent (30%) of the funds allocated to the Commonwealth through annual grants from the Secretary of the Interior may be expended for the purposes of protecting, repairing, replacing, constructing, or enhancing facilities relating to water supply, including water distribution facilities and treatment plants, to replace water supplies adversely affected by coal mining practices. If the adverse effect on water supplies referred to in this subsection occurred both prior to and after August 3, 1977, subsections (1) and (2), above, shall not be construed to prohibit use of funds for the purposes of this subsection, if the adverse effects occurred predominantly prior to August 3, 1977.

(5) Where the Governor has made a certification under KRS 350.553 and the Secretary of the Interior has concurred in the certification, the reclamation categories of KRS 350.553(2) shall take effect, supplanting the categories of subsections (1), (2), and (4) above.

Section 2. KRS 350.0301 is amended to read as follows:

(1) ***Any person who considers himself aggrieved by any determination made by the cabinet under this chapter may file, in accordance with administrative regulations promulgated by the cabinet under the provisions of this chapter, a petition alleging that the determination is contrary to law or fact and is injurious to him, the grounds and reasons therefor, and demand a hearing. Unless the cabinet considers that the petition is frivolous, it shall serve written notice of the petition on each person named therein and shall schedule a hearing before the cabinet not less than twenty-one (21) days after the date of the notice unless the person complained against waives in writing the twenty-one (21) day period. The right to demand a hearing pursuant to this section shall be limited to a period of thirty (30) days after the petitioner has had actual notice of the determination complained of, or could reasonably have had notice.***

(2) All hearings, other than conferences, under this chapter shall be held before a hearing officer, duly qualified to practice law in the Commonwealth of Kentucky, who may be a full-time employee of the cabinet, serve by contract, or be paid on a per diem basis in the discretion of the cabinet. After the conclusion of the hearing, the hearing officer shall within thirty (30) days make to the secretary a report and recommended order which shall contain a finding of fact and a conclusion of law. If the secretary finds upon written request of the hearing officer that additional time is needed, the secretary may grant an extension. The hearing officer shall serve a copy of his report and recommended order upon all parties of record and their attorney of record to the proceeding, and they shall be granted the right to file exceptions thereto within fourteen (14) days of service. Any party may submit a written response to exceptions within twenty-one (21) days of service of the report and recommended order. Exceptions and responses not timely filed shall be noted and made a part of the record but shall not be considered by the secretary in making a final order. The secretary shall consider the report, exceptions, and recommended order and decide the case. The decision shall be served by mail upon all parties and their attorney of record and shall be a final order of the cabinet.

(3)[~~(2)~~] Any party to a hearing under this subsection may be represented by counsel, may make oral or written argument, offer testimony, cross-examine witnesses, or take any combination of these actions. The record of the hearing shall be open to public inspection, and copies thereof shall be made available to any person upon payment of the actual cost of reproducing the original.

(4)[~~(3)~~] All hearings conducted pursuant to this chapter shall be open to the public [~~except as may be ordered by the hearing officer~~].

(5)[~~(4)~~] The cabinet shall promulgate administrative regulations, pursuant to the provisions set forth in this chapter, establishing formal and informal hearing procedures by which any hearing shall, upon the written request of the operator, permittee, or person, be held in the county or regional office where the surface coal mining operation is located, before an impartial hearing officer who is independent of any prosecutorial functions of the cabinet. The administrative regulations shall provide for the conduct of hearings and investigation of any matter relating to the regulation of surface coal mining and reclamation operations; provide for the assessment and payment of civil penalties, including the placement of proposed civil penalty assessments into an escrow account prior to a formal hearing on the amount of the assessment; and provide for a waiver of the placement of the proposed civil penalties into escrow for those individuals who demonstrate with substantial evidence an inability to pay the proposed civil penalties into escrow. The procedures developed pursuant to this subsection shall provide that the hearings be held in the most expeditious manner possible within the time constraints established under this chapter. No person who presided at a prior hearing shall either preside at a subsequent hearing or participate in any further decision or subsequent administrative appeal in the same matter.

(6)[~~(5)~~] The cabinet may promulgate administrative regulations pursuant to the provisions set forth in this chapter establishing procedures for the holding of administrative conferences needed to implement the provisions of this chapter.

Section 3. KRS 350.0305 is amended to read as follows:

[~~(1) Any person who considers himself aggrieved by any determination made by the cabinet under this chapter may file, in accordance with regulations promulgated by the cabinet under the provisions of this chapter, a petition alleging that the determination is contrary to law or fact and is injurious to him, the grounds and reasons therefor, and demand a hearing. Unless the cabinet considers that the petition is frivolous, it shall serve written notice of the petition on each person named therein and shall schedule a hearing before the cabinet not less than twenty-one (21) days after the date of the notice unless the person complained against waives in writing the twenty-one (21) day period. The right to demand a hearing pursuant to this section shall be limited to a period of thirty (30) days after the petitioner has had actual notice of the determination complained of, or could reasonably have had notice.~~

~~(2)~~] Any party aggrieved by a final order resulting from the hearing conducted pursuant to ***KRS 350.0301(1) on cabinet determinations*** [~~this section~~] may appeal to the Franklin Circuit Court***; except that judicial review of a final order resulting from a hearing on the issuance of a notice of noncompliance, the issuance of an order for cessation and immediate compliance, the assessment of civil penalties, or a bond forfeiture shall be in accordance with KRS 350.032***. The appeal shall be taken within thirty (30) days from the rendition of the final order. The party or parties affected by the final order shall file in the Circuit Court a petition which states fully the grounds upon which a review is sought and shall assign all errors relied on. The cabinet shall be named respondent, and service shall be had on the cabinet. Summons shall issue upon the petition directing the cabinet to send its entire record, properly bound, to the clerk of the Circuit Court after certifying that the record is its entire original record or a true copy. The record, when filed, shall become official and be considered by the Circuit Court on the review. After the case has been properly docketed in the Circuit Court, any party directly affected by the issues on appeal, may, upon notice to the parties, upon proper showing, and in the discretion of the court, be permitted to intervene. The court shall review the entire record and the findings and final order of the cabinet. No objection to the final order shall be considered by the court unless it was raised before the cabinet or there were reasonable grounds for failure to do so. The findings of the cabinet as to the facts, if supported by substantial evidence, shall be conclusive. The commencement of the proceedings under this section shall not operate as a stay of the cabinet's final order unless specifically ordered by the court. Appeals to the Court of Appeals from orders of the Circuit Court shall be taken in the manner provided in the Kentucky Rules of Civil Procedure.

Section 4. KRS 350.032 is amended to read as follows:

(1) In case of refusal to obey a subpoena issued to any person, any Circuit Court of competent jurisdiction, upon application by any party, may issue to that person an order requiring him to appear before the cabinet, there to produce documentary evidence if so ordered or to give evidence touching the matter under investigation or in question; and any failure to obey the order of the court may be punished by the court as a contempt of court.

(2) Any person aggrieved by a final order of the cabinet ***resulting from a hearing on the issuance of a notice of noncompliance, the issuance of an order for cessation and immediate compliance, the assessment of civil penalties, or a bond forfeiture*** may obtain a review of the order by filing in the ***Franklin*** Circuit Court ***or the Circuit Court*** of the county within which the mine is located, within thirty (30) days after the entry of the order, a written petition praying that the order be modified or set aside in whole or in part, provided that a surety on a performance bond shall not file such petition until it has complied with subsection (3) of this section. A copy of the petition shall be forthwith served upon the cabinet, and thereupon the cabinet shall certify and file in court a copy of the record before the cabinet, including therein all pleadings, orders, documentary exhibits and the stenographic transcript of the testimony taken before the cabinet. When these have been filed, the court shall have exclusive jurisdiction to affirm, modify, enforce or set aside the order, in whole or in part. No objection to the order may be considered by the court unless it was urged before the cabinet or there were reasonable grounds for failure to do so. The findings of the cabinet as to the facts, if supported by substantial evidence, are conclusive. If either party applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that the additional evidence is material and that there were reasonable grounds for failure to adduce the evidence in the hearings before the cabinet, the court may order that additional evidence be taken before the cabinet in such manner and upon such condition as the court may consider proper. The cabinet may modify its findings as to the facts, by reason of the additional evidence so taken; and it shall file any modified or new findings with the court, which if supported by substantial evidence shall be conclusive, and any recommendation for the modification or setting aside of the original order. The commencement of the proceedings under this section does not, unless specifically ordered by the court, operate as a stay of the cabinet's order. An appeal may be taken from the judgment of the Circuit Court to the Court of Appeals on the same terms and conditions as an appeal is taken in any civil action.

(3) Where the cabinet has ordered forfeiture of a performance bond, the surety shall forward to the cabinet by certified mail a cashier's check for the required amount within seven (7) business days from the effective date of the order. The cabinet shall establish an interest-bearing escrow account and shall deposit therein the full amount of the forfeiture rendered by the surety. The amount shall continue to be held by the cabinet until completion of judicial review as authorized in subsection (2) of this section. If the final decision following the review reverses the order of the secretary of the cabinet, the cabinet shall within thirty (30) days of receipt of such order, refund to the surety the appropriate amount plus all interest accrued from the date of deposit to the date of the final order.

(4) In the case of a proceeding to review any order or decision issued by the secretary under this chapter pertaining to surface coal mining operations, the court may, under such conditions as it may prescribe, grant such temporary relief as it deems appropriate pending final determination of the proceedings if:

  (a) All parties to the proceedings have been notified and given an opportunity to be heard on a request for temporary relief;

  (b) The person requesting ***the*** [~~such~~] relief shows that there is a substantial likelihood that he will prevail on the merits of the final determination of the proceeding; and

  (c) ***The*** [~~Such~~] relief will not adversely affect the public health or safety or cause significant imminent environmental harm to land, air, or water resources.

Section 5. KRS 350.255 is amended to read as follows:

[~~(1)~~]Any person may petition the secretary of the Natural Resources and Environmental Protection Cabinet to initiate a proceeding for the issuance, amendment, or repeal of any regulation under this chapter.

(1)[~~(a)~~] Notice and an opportunity shall be provided for the petitioner and any person wishing to participate to be heard at a public hearing within thirty (30) days following the filing of the petition on the facts, technical justification, and law alleged in the petition.

(2)[~~(b)~~] The secretary shall render a final order in writing within thirty (30) days after the hearing granting or denying the petition on grounds that there is a reasonable basis for the petitioned rule change, or is not, or that it is required or prohibited by law and setting forth the reasons for the decision.

(3)[~~(c)~~] The secretary shall initiate a rulemaking proceeding pursuant to KRS Chapter 13A within thirty (30) days after a petition is granted proposing the issuance, amendment, or repeal of the petitioned regulations in conformity with the final order.

(4)[~~(d)~~] Any participant in the petition proceedings may seek review in the Circuit Court of Franklin County of a final order of the secretary denying all or any portion of the action requested in a petition.

[~~(2) The cabinet shall promulgate regulations pursuant to the provisions set forth in this chapter establishing formal and informal hearing and conference procedures whereby any such hearing or conference shall upon the written request of the permittee, operator, or person be held in the county or regional office where the surface coal mining operation is located, before an impartial hearing officer who is independent of any prosecutorial functions of the cabinet. The procedures developed pursuant to this subsection will provide that the hearings and conferences be held in the most expeditious manner possible within the minimum time constraints established under this chapter; all such actions shall be adjudicatory in nature; and no person who presided at a prior hearing or conference shall either preside at a subsequent hearing in the same matter or participate in any further decision or any subsequent administrative appeal. No regulation or administrative practice relating to conferences or hearings shall authorize the imposition or collection of a civil penalty, or the compromise of a dispute relating to an alleged violation, by any cabinet personnel other than an independent, impartial hearing officer in the course of a formal or informal hearing or conference.~~]

On page 1, by deleting lines 3 through 25 in their entirety and inserting in lieu thereof:

"*(1) Except as provided in subsections (3), (4), and (5), regardless of the number of motor vehicles involved, the number of persons covered or claims made, vehicles or premiums shown in the policy, premiums paid, or the number of policies, the limit of liability for any coverage shall not be added to or stacked upon limits for the coverage applying to other motor vehicles in the same household under the same or different policies to determine the amount of coverage available to an insured injured in any one (1) accident.*

(2) Uninsured motorist coverage as provided in KRS 304.20-020, underinsured motorist coverage as provided in KRS 304.39-140, and added reparations benefits as provided in KRS 304.39-140 shall not apply to bodily injury, sickness, disease, or death of an insured while occupying a motor vehicle owned by, furnished to, or available for the regular use of the insured, the insured's resident spouse, or resident relative, if that motor vehicle is not described in the

policy under which a claim is made.

(3) If a loss occurs when an insured person is occupying a vehicle not owned by the insured person, the insured person's resident spouse, or resident relative, or the insured person is a pedestrian, and the insured person has coverage available from more than one (1) policy providing uninsured motorist coverage as provided in KRS 304.20-010, underinsured motorist coverage as provided in KRS 304.39-320, or added reparations benefits as provided in KRS 304.39-140, the insured person may choose one (1) policy in the household to apply. The policy chosen shall apply as excess over any motor vehicle insurance policy in force on the nonowned vehicle.

(4) Nothing contained in this section shall be construed as placing a limitation on an insured person's right to have the liability coverage, as provided in KRS 304.39-110, provided on any one (1) of the insured person's motor vehicles from extending as excess coverage when the insured person is operating vehicles owned by persons who are not residents of his household. The insured person may choose one (1) policy in the household to apply.

(5) (a) All motor vehicle insurers shall offer and make available, pursuant to paragraphs (b) and (c) of this subsection, policies that allow the stacking of uninsured motorist coverage as provided in KRS 304.20-020, underinsured motorist coverage as provided in KRS 304.39-320, and added reparations benefits as provided in KRS 304.39-140. Every motor vehicle insurance policy shall prominently state, in a manner and form approved by the commissioner, whether the policy permits the stacking of the above coverages. In respect to policies issued after the effective date of this Act, the named insured's signature on a form approved by the commissioner shall establish a conclusive presumption of the named insured's receipt of the offer required by this subsection and choice of non-stacked or stacked coverages.

(b) Following the effective date of this Act, at the first renewal of each motor vehicle liability insurance policy in existence on the effective date of this Act, each insurer shall give notice, in a form and manner approved by the commissioner, to the named insured that he has the option to purchase a policy that permits the stacking of uninsured motorist coverage, underinsured motorist coverage, and added reparations benefits. The failure of the named insured to return a form indicating that he has selected the option to stack coverages and to pay the appropriate premium for stacked coverages shall establish a conclusive presumption of the named insured's choice of non-stacked coverages.

(c) The selection made by the named insured pursuant to paragraphs (a) and (b) of this subsection shall apply to any policy which renews, extends, and changes, supersedes or replaces an existing policy unless the named insured requests a change in the coverage and pays the appropriate premium for such coverage.

(6) This Act shall apply to policies issued or renewed on or after January 1, 1995."

(5) The board shall regulate the practice of chiropractic by persons licensed or certified by it and shall enforce the provisions of this chapter and the administrative regulations of the board. The board may investigate violations and cause the prosecution of persons violating the provisions of this chapter or the administrative regulations promulgated by the board.

(6) The board may employ such personnel and incur such expenses as may be necessary for the performance of its duties and the enforcement of this chapter.

The board may require a seventy-two (72) hour rescission period for consumers responding to certain forms of solicitation or advertising proposing or offering a series or course of treatments. The board may require that advertisements or solicitations stating coverage available from third-party payors include a conspicuous notice that persons may be required to submit to an independent evaluation which may result in a determination that the all or part of the services are unreasonable or unnecessary;

(h) Establishing a recommended course of pre-chiropractic education to be completed prior to entry into chiropractic college and the establishment of a preceptorship program for students enrolled in accredited chiropractic colleges that conform to KRS 312.085 to meet the standards of accreditation of the Council on Chiropractic Education.

(10) The board shall develop specific guidelines to follow upon receipt of an allegation of sexual misconduct by a chiropractor licensed by the board. The guidelines shall include investigation, inquiry, and hearing procedures which ensure the process does not revictimize the alleged victim or cause harm if a chiropractor is falsely accused.

(11) The board, the hearing officer, and investigators hired by the board shall receive training on the dynamics of sexual misconduct of professionals, including the nature of this abuse of authority, the characteristics of the offender, the impact on the victim, the possibility and the impact of false accusations, investigative procedure in sex offense cases, and effective intervention with victims and offenders.

Section 18. KRS 312.150 is amended to read as follows:

(1) Charges may be preferred by the board against the holder of a license to practice chiropractic in this state on any of the following grounds:

(a) That fraud or deceit was used in securing the license;

(b) That the licensee no longer possesses a good moral character;

(c) That the licensee has been convicted of a felony or violation of any law involving moral turpitude;

(d) That the licensee solicits patients through an agent;

(e) That the licensee is addicted to the use of narcotic drugs or is a chronic alcoholic;

(f) That the licensee is in any way guilty of any deception, misrepresentation, fraud, or unethical conduct in the practice of chiropractic;

(g) That the licensee has violated any of the provisions of this chapter, or any of the administrative regulations of the board;

(h) That the licensee failed to attend and complete annual continuing chiropractic education courses as provided in KRS 312.175; or

(i) That the licensee failed to provide an itemized statement to the patient immediately upon request.

(2) Unprofessional conduct shall include any departure or the failure to conform to the minimal standards of acceptable chiropractic practice or the willful or careless disregard for the health, welfare, or safety of patients, in any of which cases proof of actual injury need not be established. Unprofessional conduct shall include, but not be limited to, the following acts of a chiropractor:

(a) Gross ignorance of, or incompetence in, the practice of chiropractic;

(b) Performing unnecessary services;

(c) Charging a patient an unconscionable fee or charging for services not rendered;

(d) Directly or indirectly engaging in threatening, dishonest, or misleading fee collection techniques, including having patients enter into a contract for a course of treatment;

(e) Perpetrating fraud upon patients, third-party payors, or others, relating to the practice of chiropractic, including violations of the federal medicare law;

(f) Advertising that the licensee shall accept for services rendered assigned payments from any third-party payor as payment in full, if the effect is to give the impression of eliminating the need for payment by the patient of any required deductible or copayment applicable in the patient's health benefit plan; or advertising a fee or charge for a service or treatment different from the fee or charge the licensee submits to a third-party payor for that service of treatment. The licensee shall attach to any claim form submitted to any third-party payor a copy of any coupon or a summary of the terms of any discount given; ~~[or]~~

(g) Accepting for services rendered assigned payments from any third-party payor as payment in full, if the effect is to eliminate the need for payment by the patient of any required deductible or copayment applicable in the patient's health benefit plan, or collecting a fee or charge the licensee submits to a third-party payor for that service or treatment. However, in instances where the intent is not to collect excessive remuneration from a third-party payor but rather to provide services at a reduced rate to a patient unable to afford the deductible or copayment, the services may be performed for a lesser charge or fee. The third-party payor shall be informed by the licensee of the reduced charge*; or*

(h) Conviction of a misdemeanor offense under KRS Chapter 510 involving a patient while the patient was under the care of the chiropractor, or a felony offense under KRS Chapter 510, 530.064, or 531.310, or the chiropractor having been found by the board to have had sexual contact as defined in KRS 510.010 with a patient while the patient was under the care of the chiropractor.

(3) Upon receipt and due consideration of such charges, the board upon an affirmative vote of a majority of its members shall determine whether the nature and quality of the charges are such that further investigation or initiation of formal or informal disciplinary proceedings against the charged licensee is indicated. If the board determines that disciplinary proceedings are appropriate the charges shall be set down for hearing at a future meeting of the board, and the charged licensee shall be notified of this action in writing and shall be furnished a copy of said charges at least twenty (20) days before the date set for the hearing.

(4) Except for revocation for nonrenewal, no license shall be revoked or suspended without a hearing. The board may at any time proceed against a licensee on its own initiative either on the basis of information contained in its own records or on the basis of information obtained through its informal investigation. When a formal complaint verified by affidavit is filed with the board by a responsible citizen or organization and containing allegations that if true would warrant suspension or revocation of a license, the board shall proceed against the licensee within three (3) months.

(5) A written notice stating grounds for possible suspension or revocation of the license, setting forth with reasonable particularity the facts constituting the alleged offense and the time and place of the hearing before the board on the charges, shall be served on the charged licensee not less than twenty (20) days prior to the date of the hearing either personally or by mailing a copy thereof by certified mail, return receipt requested to the address of the licensee last known to the board.

(6) If the board substantiates that sexual contact occurred between the chiropractor and a patient while the patient was under the care of or in a professional relationship with the chiropractor, the chiropractor's license may be revoked or suspended with mandatory treatment of the chiropractor as prescribed by the board. The board shall permanently revoke the license of any chiropractor who is convicted of or pleads guilty to a felony proscribed by KRS Chapter 510, 529, or 531.310 if the offense is based on conduct involving the chiropractor and a child under eighteen (18) years of age. The board may require the chiropractor to pay a specified amount for mental health services for the patient which are needed as a result of the sexual contact.".

HR 92, A RESOLUTION recommending increased funding for the University of Kentucky Cooperative Extension Service and Agricultural Experiment Station.

WHEREAS, the total Kentucky agricultural industry has united and set a goal of moving from a $3 billion to a $5 billion farm gate receipt agriculture industry by the year 2000; and

WHEREAS, a second goal has been set to significantly increase the value added to Kentucky-produced agriculture products by expanding secondary processing plants in Kentucky; and

WHEREAS, a comprehensive master plan, Agriculture Project 2000, has been developed by a broad spectrum of grassroots organizations for the purpose of achieving these goals; and

WHEREAS, the educational and research roles of the Kentucky Cooperative Extension Service and Agricultural Experiment Station are very critical to the success of this major statewide agricultural economic development effort; and

WHEREAS, the College of Agriculture has lost over 100 positions and 12.8 percent of its state supported operating cost due to state budget reductions; and

WHEREAS, the Cooperative Extension Service and the Agricultural Experiment Station are invaluable to Kentucky's agricultural future; and

WHEREAS, these two agencies provide the major source and delivery of technology to Kentucky's farmers; and

WHEREAS, the continued vitality of the Cooperative Extension Service and Agricultural Experiment Station is required to help Kentucky farmers and agribusinesses take advantage of the positive momentum currently being generated by Agriculture Project 2000; and

WHEREAS, the 1990 Kentucky General Assembly appropriated funds to purchase a farm in Woodford County (former Pin Oak #1) for use as an Animal Science Research Center; and

WHEREAS, no appropriations have been made to start development of this Animal Science Research Center;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the annual budget for the Cooperative Extension Service and the Agricultural Experiment Station in the College of Agriculture, University of Kentucky, be increased from the state's general fund by $3.5 million in FY 94-95 and up to $5.5 million in FY 95-96 for the purpose of implementing a comprehensive agricultural economic development initiative for Kentucky to support Agriculture Project 2000. This initiative would include creation of high-impact, rapid-adjustment management teams to concentrate on rapid expansion in the areas where Kentucky agriculture has the greatest potential for growth; and filling the 50 county extension agent positions now vacant in Kentucky.

Section 2. That in FY 94-95 a $12.48 million bond issue be approved for the first phase development of the Animal Science Research Center located at the former Pin Oak #1 farm in Woodford County. The first phase would include beef research facilities, swine basic research facilities, sheep research facilities, and part of the center complex facilities for general use by all animal science sectors.

The Committee Amendment No. 1 to **HR 92** is as follows:

On page 2, add the following section after line 14:

"Section 3. That $1.0 million in FY 94-95 be appropriated from the state's general fund equally among Western Kentucky University, Eastern Kentucky University, Murray State University, and Morehead State University for plant and animal science research projects."

Within the thirty (30) days following the notice of deficiency, the authority shall deliver to the Division of Water a written response setting forth proposed solutions to the deficiencies. Any deficiencies which remain unresolved shall be resolved in a manner agreed to jointly by the Division of Water and the authority within sixty (60) days unless the Division of Water and authority jointly agree to an extension or alternate dispute resolution. The Division of Water shall approve or disapprove all modifications to the state-wide and regional plans as set forth at Section 3(8) of this Act.

SECTION 3. A NEW SECTION OF SUBCHAPTER 71 OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

Each agriculture operation shall establish an agriculture water quality plan as follows:

(1) In the case of an agriculture operation which already has in place a conservation plan, compliance plan, or forest stewardship management plan, the agriculture water quality plan for that agriculture operation shall be the conservation plan, compliance plan, or forest stewardship management plan until the time the state-wide agriculture water quality plan for agriculture is developed, approved, and incorporated into the existing plan.

(2) All persons engaged in agriculture operations are encouraged to follow the best management practices provided by

the Soil and Water Conservation Commission in the "Agriculture Best Management Practices Manual" until the state-wide agriculture water quality plan is developed and approved.

(3) The approved state-wide agriculture water quality plan shall establish the applicable requirements to be used by the technical agencies in assisting persons engaged in agriculture operations in the revision and modification of their conservation plans, compliance plans, or forest stewardship management plans. Within five (5) years of the approval of the state-wide agriculture water quality plan, persons engaged in agriculture operations across the state shall implement the applicable requirements of the state-wide plan. A person engaging in agriculture operations where water pollution has been documented by the cabinet shall be presumed to be in compliance with Sections 1 to 5 of this Act if that person has timely and properly implemented the applicable requirements of the state-wide agriculture water quality plan. If it is determined that the plan does not prevent the documented water pollution, it shall be the responsibility of the Agriculture Water Quality Authority, not the agriculture operations, to identify the necessary modifications to the plan to prevent the documented pollution. The Commonwealth of Kentucky, through the conservation districts, shall assure that technical assistance is made available to assist persons engaged in agriculture operations with the implementation of the state-wide plan requirements. The Commonwealth of Kentucky recognizes the public benefit of providing the financial resources necessary to protect groundwater and surface water and may make available cost share dollars to assist persons engaged in agriculture operations with the implementation of their plans as resources become available. The time for compliance with an agriculture water quality plan may be extended based on the availability of technical and financial assistance.

(4) To ensure the success of agriculture's plan to protect groundwater and surface water, available state-wide monitoring data shall be used to identify trends in water quality across the state and to complement the groundwater assessment program of KRS 247.088. This data shall help identify water protection priority regions, develop a scientific water quality data base, and develop sensitivity map information. As priority areas are identified on a regional or local basis, efforts shall be made to conduct an intensive monitoring program by the Division of Water, in cooperation with Kentucky Geological Survey, and the Agriculture Water Quality Authority, to investigate known or suspected instances of groundwater pollution.

(5) The cabinet's Division of Water shall notify in writing the local conservation districts, the Soil and Water Conservation Commission, and the Agriculture Water Quality Authority that water pollution from agriculture operations within a region has been documented through data collected from monitoring efforts. The Division of Water, working with the Agriculture Water Quality Authority, shall designate water priority protection regions where it is documented that agriculture is contributing to water quality pollution problems. If the cabinet's Division of Water identifies water pollution in a region, the authority shall reevaluate the effectiveness of the best management practices, and the applicable provisions of the state-wide agriculture water quality plan in effect for agriculture operations in that region. Working with the Soil and Water Conservation Commission and the conservation district, the Agriculture Water Quality Authority shall develop a regional agriculture water quality plan and assist persons engaged in agriculture operations in the identified region in taking the appropriate steps to modify their agriculture water quality plan.

(6) Upon notice from the cabinet's Division of Water that water pollution from agriculture operations has been documented in a water priority protection region of the state, the Soil and Water Conservation Commission and local conservation districts shall provide notice to persons engaging in agriculture operations within the region of the availability of any technical and financial assistance. The notice shall also state that, in order to qualify for any available assistance, the person engaging in agriculture operations shall comply with the regional water quality plan. The notice shall be in a form which shall not limit the ability of a person engaged in agriculture operations to participate in state and federal assistance programs. The Division of Water and the conservation districts, in consultation with the Agriculture Water Quality Authority, shall set the time for implementation of the regional water quality plan.

(7) A person engaging in agriculture operations in an agriculture water priority protection region shall implement the regional plan with assistance from the commission, the conservation districts, and the Division of Water.

(8) Persons engaged in agriculture operations may obtain modifications of any state-wide or regional agriculture water quality plan by submitting the proposed modification for review to the appropriate conservation district in accordance with the procedure established in the state-wide agriculture water quality plan. The conservation district shall review proposed modifications and make a recommendation to the Agriculture Water Quality Authority for consideration. If the authority recommends approval of the modification, the cabinet's Division of Water shall approve or disapprove the modification on at least a quarterly basis, unless otherwise provided in the state-wide agriculture water quality plan.

(9) A person engaging in agriculture operations who is in a water priority protection region where water pollution has been documented by the cabinet shall be presumed to be in compliance with Sections 1 to 5 of this Act if that person has timely and properly implemented the practices required by the portions of the regional agriculture water quality plan which apply to that person's activities.

(10) Where there is documented evidence of a violation of water pollution laws or administrative regulations traceable to a specific agriculture operation, the provisions of Section 4 of this Act shall govern the resolution of the violation.

SECTION 4. A NEW SECTION OF SUBCHAPTER 71 OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) For purposes of Sections 1 to 5 of this Act, if the cabinet's Division of Water documents that a person engaged in agriculture operations is conducting or allowing the conduct of any agriculture operation in a manner which results in water pollution or if the person fails to implement the provisions of the applicable agriculture water quality plan, the Division of Water shall notify the person in writing, with a copy of the notice to the appropriate conservation district, of the following:

(a) The facts alleged to constitute the water pollution or failure to comply with applicable laws or requirements of the agriculture water quality plan alleged to constitute the noncompliance;

(b) Availability of any technical and financial assistance from state or federal sources through the conservation districts; and

(c) Set forth a reasonable period for compliance or, the person engaged in agriculture operations may submit a compliance plan which may include a compliance schedule with corrective measures designed to correct the failure to conform with the applicable provisions of the agriculture water quality plan subject to approval by the Division of Water. A compliance schedule may incorporate corrective measures and time schedules recommended by the appropriate conservation district, if requested by persons engaged in agriculture operations.

(2) If any person engaged in agriculture operations fails or refuses to comply or respond to the written notice, unless excused or extended by the Division of Water, the person shall be deemed a "bad actor" and shall be subject to enforcement action for violations of Sections 1 to 5 of this Act as well as loss of eligibility for further financial assistance.

(3) In any violation issued under this section, the cabinet shall consider the compliance of a person with the state and any regional agriculture water quality plan as a mitigating factor in determining whether to impose civil penalties.

SECTION 5. A NEW SECTION OF SUBCHAPTER 71 OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

Nothing in Sections 1 to 5 of this Act shall be construed as affecting the obligation of any person concerning any permit, certification, or authorization required under state or federal law. No member insurer may be assessed in any year an amount greater than ***two*** [~~one~~] percent ***(2%)*** [~~(1%)~~] of that member insurer's net direct written premiums for the calendar year preceding the assessment. If the maximum assessment, together with the other assets of the association, does not provide in any one (1) year an amount sufficient to make all necessary payments, the funds available shall be prorated and the unpaid portion shall be paid as soon thereafter as funds become available. The association shall pay claims in any order which it may deem reasonable including the payment of claims as ***they*** [~~such~~] are received from the claimants or in groups or categories of claims. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance; provided, however, that during the period of deferment no dividends shall be paid to shareholders or policyholders. Deferred assessments shall be paid when ***the*** [~~such~~] payment will not reduce capital and surplus below required minimums. ***The*** [~~Such~~] payments shall be refunded to those companies receiving larger assessments by virtue of ***the*** [~~such~~] deferment, or at the election of ***the*** [~~any such~~] company, credited against future assessments. (a) Appear in, defend, and appeal any action on a claim brought against the association;

(b) Employ or retain [~~such~~] persons as are necessary to handle claims and perform other duties of the association;

(c) Borrow funds necessary to effect the purposes of this subtitle in accord with the plan of operation;

(d) Sue or be sued;

(e) Negotiate and become a party to [~~such~~] contracts as are necessary to carry out the purpose of this subtitle;

(f) Perform [~~such~~] other acts as are necessary or proper to effectuate the purpose of this subtitle; and

(g) Refund to the member insurers in proportion to the contribution of each member insurer to the association that amount by which the assets of the association exceed the liabilities, if, at the end of any calendar year, the board of directors finds that the assets of the association exceed the liabilities of the association as estimated by the board of directors for the coming year.

Section 4. KRS 304.36-110 is amended to read as follows:

(1) Any person recovering under this subtitle shall be deemed to have assigned his rights under the policy to the association to the extent of his recovery from the association. Every insured or claimant seeking the protection of this subtitle shall cooperate with the association to the same extent as ***the*** [~~such~~] person would have been required to cooperate with the insolvent insurer. The association shall have no cause of action against the insured of the insolvent insurer for any sums it has paid out***, except as follows:***[~~.~~]

(a) Any insured whose net worth on the thirty-first day of December of the year next preceding the date the insurer becomes an insolvent insurer exceeds fifty million dollars ($50,000,000) and whose liability obligations to other persons are satisfied in whole or in part by payments made under this subtitle; and

(b) Any person who is an affiliate of the insolvent insurer and whose liability obligations to other persons are satisfied in whole or in part by payments made under Sections 1 to 5 of this Act.

(2) ***No limitation shall be placed on the ability of the association to recover from the principal all claim payments and expenses arising from a surety contract that is a covered claim to the association.***

(3) The receiver, liquidator, or statutory successor of an insolvent insurer shall be bound by settlements of covered claims by the association or a similar organization in another state. The court having jurisdiction shall grant ***the*** [~~such~~] claims priority equal to that which the claimant would have been entitled in the absence of this subtitle against the assets of the insolvent insurer. The expenses of the association or similar organization in handling claims shall be accorded the same priority as the liquidator's expenses.

(4)[~~(3)~~] The association shall periodically file with the receiver or liquidator of the insolvent insurer statements of the covered claims paid by the association and estimates of anticipated claims on the association which shall preserve the rights of the association against the assets of the insolvent insurer.

Section 5. KRS 304.36-120 is amended to read as follows:

(1) Any person having a claim against his insurer under any provision in his insurance policy which is also a covered claim shall be required to exhaust first his right under ***the*** [~~such~~] policy. Any amount payable on a covered claim under this subtitle shall be reduced by the amount of ***the*** [~~such~~] recovery under the claimant's insurance policy. ***Any provision in the insurance policy includes but is not limited to the following coverages: personal injury protection, uninsured motorist, underinsured motorist, workers' compensation, and health care.***

(2) Any person having a claim which may be recovered under more than one (1) insurance guaranty association or its equivalent shall seek recovery first from the association of the place of residence of the insured except that if it is a first party claim for damage to property with a permanent location, from the association of the location of the property, and if it is a workers' compensation claim, from the association of the residence of the claimant. Any recovery under this subtitle shall be reduced by the amount of the recovery from any other insurance guaranty association or its equivalent.

(3) The guaranty association shall receive the benefit of any reinsurance contract or treaties entered into by the insolvent insurer which cover any of the liabilities incurred by the insolvent insurer with respect to covered claims.

Section 2. KRS 304.33-180 is amended to read as follows:

(1) Transformation to liquidation. Whenever he believes that further attempts to rehabilitate an insurer would substantially increase the risk of loss to creditors or policyholders, or would be futile, the rehabilitator may petition the court for an order of liquidation. A petition under this subsection shall have the same effect as a petition under KRS 304.33-190. The court shall permit the directors to defend against the petition and ***may*** [~~shall~~] order payment from the estate of the insurer of ***reasonable*** [~~such~~] costs and other expenses of defense ***upon a showing that the board of directors of the insurer incurred fees and expenses based on their best knowledge, information, and belief, formed after reasonable inquiry which indicated that the opposition was in the best interests of the insurer, was well grounded in fact, and was warranted by existing law, and that the opposition was not pursued for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of liquidation*** [~~as justice requires~~].

(2) Order to return to insurer. The rehabilitator may at any time petition the court for an order terminating rehabilitation of an insurer. If the court finds that rehabilitation has been accomplished and that grounds for rehabilitation under KRS 304.33-140 no longer exists, it shall order that the insurer be restored to possession of its property and the control of its business. The court may also make that finding and issue that order at any time upon its own motion.

Section 3. KRS 304.33-380 is amended to read as follows:

(1) Claims contingent on judgments. The claim of a third party which is contingent only on his first obtaining a judgment against the insured shall be considered and allowed as if there were no such contingency.

(2) Claims under terminated policies. Any claim that would have become absolute if there had been no termination of coverage under KRS 304.33-120, and which was not covered by insurance acquired to replace the terminated coverage, shall be allowed as if the coverage had remained in effect, unless at least ten (10) days before the insured event occurred either the claimant had actual notice of the termination or notice was mailed to him as prescribed by subsection (1) of KRS 304.33-250, or subsection (1) of KRS 304.33-260. If allowed, the claim shall share in distributions under subsection ***(11)*** [~~(8)~~] of KRS 304.33-430.

(3) Other contingent claims. A claim may be allowed even if contingent, if it is filed in accordance with subsection (2) of KRS 304.33-360. It may be allowed and may participate in all dividends declared after it is filed, to the extent that it does not prejudice the orderly administration of the liquidation.

(4) Immature claims. Claims that are due except for the passage of time shall be treated as absolute claims are treated, except that where justice requires the court may order them discounted at the legal rate of interest.

Section 4. KRS 304.33-430 is amended to read as follows:

The order of distribution of claims from the insurer's estate shall be as stated in this section. The first fifty dollars ($50) of the amount allowed on each claim in the classes under subsections ***(4)*** [~~(2)~~] to ***(8)*** [~~(5),~~] inclusive, of this section, shall be deducted from the claim and included in the class under subsection ***(10)*** [~~(7)~~] of this section. Claims may not be cumulated by assignment to avoid application of the fifty dollars ($50) deductible provision. Subject to the fifty dollars ($50) deductible provision, every claim in each class shall be paid in full or adequate funds retained for the payment before the members of the next class receive any payment. ***Once funds are retained by the liquidator and approved by the court, the insurer's estate shall have no further liability to members of that class except to the extent of the retained funds.*** No subclasses shall be established within any class.

(1) Administration costs. The costs and expenses of administration, including but not limited to the following: the actual and necessary costs of preserving or recovering the assets of the insurer; compensation for all services rendered in the

rehabilitation or liquidation; any necessary filing fees; the fees and mileage payable to witnesses; and reasonable attorney's fees.

(2) ***Guaranty association expenses. The reasonable expenses of a guaranty association in connection with the administration of a delinquency proceeding, other than allocated loss adjustment expenses, after an order of liquidation is entered or after the liquidator or rehabilitator makes written requests to the guaranty association to incur the administration expenses.***

(3) Wages.

(a) Debts due to employees for services performed, not to exceed one thousand dollars ($1,000) to each employee which have been earned within ***six (6) months*** [~~one (1) year~~] before the filing of the petition for liquidation ***or rehabilitation***. Officers shall not be entitled to the benefit of this priority.

(b) ***This*** [~~Such~~] priority shall be in lieu of any other similar priority authorized by law as to wages or compensation of employees.

(4)[~~(3)~~] Loss and unearned premium claims. Section 11. KRS 304.33-360 is amended to read as follows:

(1) Deadline for filing. Proof of all claims must be filed with the court in the form required by KRS 304.33-370 on or before the last day for filing specified in the notice required under KRS 304.33-250, except that proof of preferred ownership claims and proprietary claims under subsections ***(11)*** [~~(8)~~] and ***(12)*** [~~(9)~~] of KRS 304.33-430, need not be filed at all, and proof of claims for unearned premiums and claims for cash surrender values or other investment values in life insurance and annuities need not be filed unless the liquidator expressly so requires.

(2) Excused late filings. For good cause shown, the liquidator shall recommend, and the court shall permit, a claimant making a late filing to share in dividends, whether past or future, as if he were not late, to the extent that any such payment will not prejudice the orderly administration of the liquidation. Good cause includes but is not limited to the following:

(a) That existence of a claim was not known to the claimant and that he filed within thirty (30) days after he learned of it;

(b) That a claim for unearned premiums or for cash surrender values or other investment values in life insurance or annuities which was not required to be filed was omitted from the liquidator's recommendations to the court under KRS 304.33-440, and that it was filed within thirty (30) days after the claimant learned of the omission;

(c) That a transfer to a creditor was avoided under KRS 304.33-290 to 304.33-330, inclusive, or was voluntarily surrendered under KRS 304.33-320 and that the filing satisfies the conditions of KRS 304.33-320;

(d) That valuation under KRS 304.33-420 of security held by a secured creditor shows a deficiency, which is filed within thirty (30) days after the valuation; and

(e) That a claim was contingent and became absolute, and was filed within thirty (30) days after it became absolute.

(3) Unexcused late filings. The liquidator may consider any claim filed late which is not covered by subsection (2) of this section, and permit it to receive dividends, other than the first dividend, which are subsequently declared on any claims of the same or lower priority if the payment does not prejudice the orderly administration of the liquidation. The late-

filing claimant shall receive, at each distribution, the same percentage of the amount allowed on his claim as is then being paid to other claimants of the same priority plus the same percentage of the amount allowed on his claim as is then being paid to claimants of any lower priority. This shall continue until his claim has been paid in full.

Section 12. Whereas case law gives federal tax claims higher priority than intended under Kentucky law, and whereas, persons with unallocated annuities such as deferred compensation plans should be afforded the same protection as persons with allocated annuities, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

The Committee on Health and Welfare reported **HB 59** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

(b) A receiving track of a different breed than the breed of the host track shall receive on an exclusive basis the remaining forty percent (40%) of the intertrack wagering dates not awarded by the commission under subsection (2)(a) of this section, and exclusive of days contained in subsection (4) of this section, if the receiving track was licensed to conduct racing of a different breed on or before January 1, 1990. Any unused intertrack wagering days or any intertrack wagering days not requested by and awarded to a receiving track of a different breed than the breed of the host track, shall be awarded to the receiving track of the same breed as the breed of the host track.

(3) Except in extraordinary circumstances, such as the need to accommodate a receiving track's sales activities or special events, intertrack wagering dates shall be awarded in weekly increments. Any approval by the commission of a change in location of these tracks shall be subject to the local-approval process contained in KRS 230.380.

(4) A track may by administrative regulation be required to simulcast its races to one (1) or more receiving tracks approved for simulcasting and intertrack wagering, as a prerequisite for the issuance of a license pursuant to KRS 230.300, provided that:

(a) Each track shall be permitted to exempt one (1) day of racing from simulcasting to both receiving tracks and simulcast facilities, at its discretion;

(b) Tracks in a county containing a city of the first class and tracks in an urban-county government shall not be required to simulcast to one another or to any other facility in those counties. This provision shall not be construed as requiring tracks within the same county to simulcast to one another; and

(c) In the absence of a contract between a host track and a receiving track, the commission shall be split as provided for in KRS 230.378(3).

(5) [~~A track licensed to conduct thoroughbred racing may receive simulcasts and conduct interstate wagering on all thoroughbred horse races designated as graded stakes races by the Graded Stakes Committee of the Thoroughbred Owners and Breeders Association, Inc., without further consents or approvals. A track may also receive simulcasts of special event races conducted in other states or foreign countries which are determined by the commission to be of sufficient national or international significance or interest to warrant interstate wagering and if the simulcast of these races has been approved by the Kentucky Thoroughbred Owners and Breeders Association, Inc., the Kentucky Division of the Horseman's Benevolent and Protective Association, for thoroughbred races, and the Kentucky Harness Horsemen's Association for harness racing, and any track conducting live horse races of the same breed at the same time as the simulcast race. All interstate simulcasting shall be conducted in accordance with applicable federal laws.~~

~~(6) The commission may promulgate necessary and reasonable administrative regulations for the purpose of administering the conduct of intertrack wagering and regulating the conditions under which wagering shall be held and conducted. Administrative regulations shall provide for the prevention of practices detrimental to the public interest and to impose penalties for violations. All administrative regulations shall be in conformity with the provisions of KRS 138.510 and this chapter.~~

~~(7)~~] Subsections (2) and (3) of this section shall apply only to intertrack wagering dates awarded for calendar year 1993 and thereafter, and any unresolved intertrack wagering dates for calendar year 1992 shall be awarded pursuant to applicable provisions of law in effect immediately prior to March 30, 1992.

Section 3. KRS 230.378 is amended to read as follows:

(1) A receiving track may accept wagers only at the track where it is licensed to conduct its race meeting or conduct intertrack wagering. A receiving track may accept wagers through a telephone account wagering system. Wagers at a

receiving track, simulcast facility, or on telephone account wagering shall form a common pool with wagers at a host track. This common pool requirement shall not apply to wagers made in connection with interstate simulcasting pursuant to ***Section 1 of this Act*** [~~subsection (5) of KRS 230.377~~]; however, common pools shall be encouraged.

Twelve percent (12%) of the commission shall be allocated evenly between the host track and the receiving track to cover the cost of simulcasting, unless otherwise agreed to by contract.

(4) The deduction for the backside improvement fund, as provided for in KRS 138.515(4) and the deduction for equine drug research provided for in KRS 230.265(3), shall not apply to the commission or pari-mutuel tax of a receiving track or telephone account wagering.

(5) A receiving track shall be exempt from the admissions tax levied in KRS 138.480 and from any license fee imposed by statute or regulation by the commission.

(1) A thoroughbred track licensed to conduct thoroughbred racing may receive interstate simulcasts of thoroughbred horse races and conduct interstate wagering thereon, subject to the following limitations:

(a) A thoroughbred receiving track may receive interstate simulcasts of thoroughbred races and conduct interstate wagering thereon at any time of day and during any live thoroughbred horse race meet conducted in the Commonwealth of Kentucky so long as the thoroughbred receiving track conducting interstate wagering remits to the thoroughbred host track conducting a live meet, from the first awarded day of its live meet through the last awarded day of the same live meet, the amounts provided in paragraph (j) of this subsection.

(b) A thoroughbred host track which receives interstate simulcasts and conducts interstate wagering thereon during the period of time from the first awarded day of its live meet through the last awarded day of its live meet shall offer the simulcasts to all thoroughbred receiving tracks, all harness tracks, and all simulcast facilities through the intertrack wagering system.

(c) Except as otherwise prohibited by law, a receiving track shall conduct intertrack wagering on all live races of all thoroughbred host tracks on any day on which it receives an interstate simulcast for the purpose of conducting interstate wagering.

(d) No host track shall require that any receiving track or simulcast facility receive the interstate simulcast.

(e) If more than one (1) thoroughbred track conducts live racing at the same time on the same day, no track or simulcast facility may receive an interstate simulcast of thoroughbred races unless all thoroughbred tracks conducting live racing at the same time of day agree upon all interstate simulcasts to be received and the division of the thoroughbred host track's commission. If more than one (1) thoroughbred track conducts live racing at different times on the same day, the thoroughbred host track with the highest average daily handle, based on the preceding year, shall be the host track for purposes of splitting the commissions earned on interstate wagering at receiving tracks within the Commonwealth. For purposes of this subsection, average daily handle includes live handle, intertrack wagering handle, and simulcast facility handle. Also for purposes of this subsection, the time of day during which a host track conducts live racing commences with its first published post time and concludes ten (10) minutes after the published post time of its last race of the day, regardless of actual post times.

(f) Each thoroughbred track which desires to conduct interstate wagering pursuant to the provisions of this subsection shall during each year make application to the commission for no less than one hundred percent (100%) of the number of racing days awarded to the track in 1994 and one hundred percent (100%) of the number of races scheduled to be run by the track in 1993.

(g) Notwithstanding subsection (f) of this subsection, any thoroughbred track may apply for less than one hundred percent (100%) of the number of racing days awarded to the track in 1994 or one hundred percent (100%) of the number of races scheduled to be run by the track in 1993, if written approval is obtained from the Kentucky Horsemen's Benevolent and Protective Association and the Kentucky Thoroughbred Owners

and Breeders Association, Inc.

(h) A separate accounting on all interstate simulcasting shall be submitted to the commission. The accounting shall be submitted in the same format and at the same time that the report for intertrack wagering is submitted.

(i) If the only simulcast or simulcasts a track participating as a host track makes available for interstate wagering through this state's intertrack wagering system on any race day are thoroughbred horse races designated as graded stakes races by the Graded Stakes Committee of the Thoroughbred Owners and Breeders Association, Inc., then the commission of the receiving track on these interstate wagers shall be split as prescribed by KRS 230.378(3); otherwise, the commission of the receiving track shall be split as prescribed by paragraph (j) of this subsection. Interstate simulcasts received by a thoroughbred host track under the conditions set forth in this paragraph shall not be subject to the conditions set forth in paragraphs (b), (c), (e), and (f) of this subsection.

(j) A receiving track's commission on interstate wagering, after deduction of applicable taxes and any amounts required to be paid by contract to the track from which the interstate simulcast originated, shall be split as follows:

1. Twenty-five percent (25%) to the receiving track where the interstate wagering occurs:

2. Twenty-five percent (25%) to the thoroughbred host track designated by paragraphs (a) and (e) of this subsection. However, if the race does not occur between the first awarded day of a live meet and the last awarded day of the same live meet, an additional twenty-five percent (25%) shall be retained by the receiving track where the interstate wagering occurs;

3. Twenty-five percent (25%) to the purse program of the receiving track where the interstate wagering occurs; and

4. Twenty-five percent (25%) to the purse program of the thoroughbred host track designated by paragraphs (a) and (e) of this subsection. However, if the race does not occur between the first awarded day of a live meet and the last awarded day of the same live meet, then an additional twenty-five percent (25%) shall be paid to the purse program of the receiving track where the interstate wagering occurs.

(k) A simulcast facility's commission on interstate wagering on thoroughbred racing, after deduction of applicable taxes and any amounts required to be paid by contract to the track from which the interstate simulcast originated, shall be split as provided in KRS 230.380(9).

(2) A harness track licensed to conduct harness racing may receive interstate simulcasts of harness horse races and conduct interstate wagering thereon subject to the following limitations:

(a) A harness receiving track may receive interstate simulcasts of harness races and conduct interstate wagering thereon at any time of day and during the course of any live harness horse race meet conducted in the Commonwealth of Kentucky so long as the harness receiving track conducting interstate wagering remits to the harness host track conducting a live meet, from the first awarded day of its live meet through the last awarded day of the same live meet, the amounts provided in paragraph (j) of this subsection.

(b) A harness host track which receives an interstate simulcast and conducts interstate wagering thereon during its live race meet shall offer the simulcasts to all thoroughbred receiving tracks, all harness tracks, and all simulcast facilities through the intertrack wagering system.

If more than one (1) harness track conducts live racing at different times on the same day, the harness host track with the highest average daily handle, based on the preceding year, shall be the host track for purposes of splitting the commissions earned on interstate wagering at receiving tracks within the Commonwealth. For purposes of this subsection, average daily handle includes live handle, intertrack wagering handle, and simulcast facility handle. Also for purposes of this subsection, the time of day during which a host track conducts live racing commences with its first published post time and conclude ten (10) minutes after the published post time of its last race of the day, regardless of actual post times.

(f) Each harness track which desires to conduct interstate wagering pursuant to the provisions of this subsection shall during each year make application to the commission for no less than one hundred percent (100%) of

the number of racing days awarded to the track in 1994 and one hundred percent (100%) of the number of races scheduled to be run by the track in 1993.

(g) Notwithstanding subsection (f) of this subsection, any harness track may apply for less than one hundred percent (100%) of the number of racing days awarded to the track in 1994 or one hundred percent (100%) of the number of races scheduled to be run by the track in 1993, if written approval is obtained from the Kentucky Harness Horsemen's Association, or its successor.

(h) A separate accounting on all interstate simulcasting shall be submitted to the commission. This accounting shall be submitted in the same format and at the same time that the report for intertrack wagering is submitted.

(i) If the only simulcast or simulcasts a track participating as a harness host track makes available for interstate wagering through this state's intertrack wagering system on any race day are harness horse races (both final and elimination) having a final purse in excess of seventy-five thousand dollars ($75,000), then the commission of the receiving track on these interstate wagers shall be split as prescribed by KRS 230.378(3); otherwise, the commission of the receiving track shall be split as prescribed by paragraph (j) of this subsection. Interstate simulcasts received by a harness host track under the conditions set forth in this paragraph shall not be subject to the conditions set forth in paragraphs (b), (c), (e), and (f) of this subsection.

(j) A receiving track's commission on interstate wagering, after deduction of applicable taxes and any amounts required to be paid by contract to the track from which the interstate simulcast originated, shall be split as follows:

1. Twenty-five percent (25%) to the receiving track where the interstate wagering occurs;

2. Twenty-five percent (25%) to the harness host track designated by paragraphs (a) and (e) of this subsection. However, if no live meet is occurring, an additional twenty-five percent (25%) shall be retained by the receiving track where the interstate wagering occurs;

3. Twenty-five percent (25%) to the purse program of the receiving track where the interstate wagering occurs; and

4. Twenty-five percent (25%) to the purse program of the harness host track designated by paragraphs (a) and (e) of this subsection (2). However, if no live meet is occurring, an additional twenty-five percent (25%) shall be paid to the purse program of the receiving track where the interstate wagering occurs.

(k) A simulcast facility's commission on interstate wagering on harness races, after deduction of applicable taxes and any amount required to be paid by contract to the track from which the interstate simulcast originated, shall be split as provided in KRS 230.380(9).

(3) A harness track may only receive interstate simulcasts of thoroughbred horse races and conduct interstate wagering thereon as provided in subsection (1)(b) of this section. A thoroughbred track may only receive interstate simulcasts of harness horse races and conduct interstate wagering thereon as provided in subsection (2)(b) of this section. A simulcast facility may only receive interstate simulcasts of thoroughbred and harness horse races and conduct interstate wagering thereon as provided in subsections (1)(b) and (2)(b) of this section.

SECTION 2. A NEW SECTION OF KRS CHAPTER 230 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section, "interstate common wagering pool" means a pari-mutuel pool established in one (1) horse racing jurisdiction that is combined with comparable pari-mutuel pools from at least one (1) horse racing jurisdiction for the purpose of establishing payoff prices in the various jurisdictions.

(2) Interstate wagers at a receiving track may form an interstate common wagering pool with wagers at a track in another jurisdiction, and the receiving track may adopt the commission and breakage rates of the track at which the race is being run. The commission may also approve types of wagering, distribution of winnings, and rules of racing for interstate common wagering pools that are different from those that normally apply in Kentucky.

(3) Wagers placed on any races run at track in Kentucky may be combined with wagers placed at tracks in other jurisdictions to form an interstate common wagering pool located either within or outside Kentucky.

(4) A track's participation in an interstate common wagering pool does not cause that track to be considered to be doing business in any jurisdiction other than the jurisdiction where the track is physically located. Excise taxes and commission rates may not be imposed on any interstate common wagering pool other than on amounts actually wagered in Kentucky. The combination of pari-mutuel pools as provided in this section constitutes the communication of wagering information for purposes of calculating odds and payoffs only and does not constitute the transfer of wagers in interstate commerce.

Section 3. KRS 230.377 is amended to read as follows:

(1) Other provisions of the Kentucky Revised Statutes notwithstanding, a track may apply to the commission for simulcasting and intertrack wagering dates. Applications shall be submitted in accordance with KRS 230.300. The

commission shall not approve the establishment or relocation of a receiving track within a radius of seventy-five (75) miles of a race track duly licensed as of July 15, 1992, without the prior written consent of the licensed track within whose seventy-five (75) mile radius the new receiving track would be located.

(2) On or before November 1 of each year, the commission shall meet and award intertrack wagering dates to all tracks for the entire succeeding calendar year. In counties containing more than one (1) track, intertrack wagering dates shall be awarded as follows:

(a) A receiving track of the same breed as the host track's breed shall have the right to receive, on an exclusive basis, sixty percent (60%) of the available intertrack wagering days, which shall not include the days in subsection (4) of this section, if the receiving track was licensed to conduct racing of that breed on or before January 1, 1990; and

(b) A receiving track of a different breed than the breed of the host track shall receive on an exclusive basis the remaining forty percent (40%) of the intertrack wagering dates not awarded by the commission under subsection (2)(a) of this section, and exclusive of days contained in subsection (4) of this section, if the receiving track was licensed to conduct racing of a different breed on or before January 1, 1990. Any unused intertrack wagering days or any intertrack wagering days not requested by and awarded to a receiving track of a different breed than the breed of the host track, shall be awarded to the receiving track of the same breed as the breed of the host track.

(3) Except in extraordinary circumstances, such as the need to accommodate a receiving track's sales activities or special events, intertrack wagering dates shall be awarded in weekly increments. The commission shall approve no more than nine (9) tracks for participation in intertrack wagering. Any approval by the commission of a change in location of these tracks shall be subject to the local-approval process contained in KRS 230.380.

(4) A track may by administrative regulation be required to simulcast its races to one (1) or more receiving tracks approved for simulcasting and intertrack wagering, as a prerequisite for the issuance of a license pursuant to KRS 230.300, provided that:

(a) Each track shall be permitted to exempt one (1) day of racing from simulcasting to both receiving tracks and simulcast facilities, at its discretion;

(b) Tracks in a county containing a city of the first class and tracks in an urban-county government shall not be required to simulcast to one another or to any other facility in those counties. This provision shall not be construed as requiring tracks within the same county to simulcast to one another; and

(c) In the absence of a contract between a host track and a receiving track, the commission shall be split as provided for in KRS 230.378(3).

(5) ***A track may receive simulcasts and conduct interstate wagering thereon subject to the following limitations which shall be in addition to the limitations set forth in Section 1 of this Act:***

(a) A track licensed to conduct thoroughbred racing may receive simulcasts and conduct interstate wagering on all thoroughbred horse races designated as graded stakes races by the Graded Stakes Committee of the Thoroughbred Owners and Breeders Association, Inc., without further consents or approvals.

(b) A track licensed to conduct harness racing may receive simulcasts and conduct interstate wagering on all harness horse races ***(both final and elimination) having a final*** [~~with a~~] purse in excess of seventy-five thousand dollars ($75,000) without further consents or approvals.

(c) A track which applies to the commission to receive an interstate race of a different breed than the breed for which it is licensed by the commission shall receive any simulcast of an interstate race through the intertrack wagering system upon approval by the commission.

(d) A track may also receive simulcasts of special event races conducted in other states or foreign countries which are determined by the commission to be of sufficient national or international significance or interest to warrant interstate wagering and if the simulcast of these races has been approved by the Kentucky Thoroughbred Owners and Breeders Association, Inc., the Kentucky Division of the Horseman's Benevolent and Protective Association, for thoroughbred races, and the Kentucky Harness Horsemen's Association for harness racing, and any track conducting live horse races of the same breed at the same time as the simulcast race.

(e) A track may also receive simulcasts and conduct interstate wagering on thoroughbred horse races other than those described in paragraphs (a) and (d) of this section if the simulcasts of these races has been approved by the Kentucky Thoroughbred Owners and Breeders Association, Inc., and the Kentucky Horsemen's Benevolent and Protective Association, for thoroughbred races, and the Kentucky Harness Horsemen's Association, or its successor, for harness racing.

(f) The consent required by paragraph (e) of this subsection or by subsections (1)(g) and (2)(g) of Section 1 of this Act shall not be withheld:

1. For any reason not specifically related to financial harm to live horse racing; or

2. As a condition to the granting of any contractual or other concession not specifically related to the

effects of interstate simulcasting on live horse racing in this Commonwealth, taken as a whole.

(g) All interstate simulcasting shall be conducted in accordance with applicable federal laws.

(6) The commission may promulgate necessary and reasonable administrative regulations for the purpose of administering the conduct of intertrack ***or interstate*** wagering and regulating the conditions under which wagering shall be held and conducted. Administrative regulations shall provide for the prevention of practices detrimental to the public interest and to impose penalties for violations. All administrative regulations shall be in conformity with the provisions of ***KRS Chapter 13A,*** KRS 138.510***,*** and this chapter.

(7) Subsections (2) and (3) of this section shall apply only to intertrack wagering dates awarded for calendar year 1993 and thereafter, and any unresolved intertrack wagering dates for calendar year 1992 shall be awarded pursuant to applicable provisions of law in effect immediately prior to March 30, 1992.

Section 4. KRS 230.378 is amended to read as follows:

(1) A receiving track may accept wagers only at the track where it is licensed to conduct its race meeting or conduct intertrack wagering. A receiving track may accept wagers through a telephone account wagering system. Wagers at a receiving track, simulcast facility, or on telephone account wagering shall form a common pool with wagers at a host track. This common pool requirement shall not apply to wagers made in connection with interstate simulcasting pursuant to ***Section 1 of this Act*** [~~subsection (5) of KRS 230.377~~]; however, common pools shall be encouraged.

(2) ***Except as provided in subsection (2) of Section 2 of this Act,*** the commission of a receiving track, simulcast facility, or on telephone account wagering shall be the same as the commission of the host track as determined in KRS 138.515 or 230.750.

(3) In the absence of a valid contract with a horsemen's organization, the commission of a receiving track, after deduction of applicable taxes and other applicable deductions, shall be split as follows: twenty-two percent (22%) to the host track, twenty-two percent (22%) to the purse program at the host track, twenty-two percent (22%) to the receiving track and twenty-two percent (22%) to the purse program at the receiving track. Twelve percent (12%) of the commission shall be allocated evenly between the host track and the receiving track to cover the cost of simulcasting, unless otherwise agreed to by contract.

(4) The deduction for the backside improvement fund, as provided for in KRS 138.515(4) and the deduction for equine drug research provided for in KRS 230.265(3), shall not apply to the commission or pari-mutuel tax of a receiving track or telephone account wagering.

(5) A receiving track shall be exempt from the admissions tax levied in KRS 138.480 and from any license fee imposed by statute or regulation by the commission.

Section 5. KRS 138.510 is amended to read as follows:

(1) An excise tax is imposed on all tracks conducting pari-mutuel racing under the jurisdiction of the Kentucky Racing Commission. For each track with a daily average handle of one million two hundred thousand dollars ($1,200,000) or above, the tax shall be in the amount of three and one-half percent (3.5%) of all money wagered during the fiscal year. A fiscal year as used in this subsection and subsection (2) shall begin at 12:01 a.m. July 1 and end at 12 midnight June 30. For each track with a daily average handle under one million two hundred thousand dollars ($1,200,000) the tax shall be an amount equal to one and one-half percent (1.5%) of all money wagered during the fiscal year. The Kentucky Council on Higher Education may by administrative regulation establish procedures for administering the program and criteria for evaluating and awarding grants.

Section 2. KRS 311.555 is amended to read as follows:

It is the declared policy of the General Assembly of Kentucky that the practice of medicine and osteopathy should be regulated and controlled as provided in KRS 311.530 to 311.620 in order to prevent empiricism and to protect the health and safety of the public. Further, the General Assembly of Kentucky has created the board, as defined in KRS 311.530, to function as an independent board, the majority of whose members are licensed physicians, with the intent that such a peer group is best qualified to regulate, control and otherwise discipline the licensees who practice medicine and osteopathy within the Commonwealth of Kentucky. In furtherance of this intent, the judiciary of the Commonwealth of Kentucky, who may be caused to review the actions of the board, shall ***not interfere or enjoin the board's actions until all administrative remedies are exhausted, and*** modify, remand or otherwise disturb those actions only in the event ***that the action of the board***:

(1) [~~That the action of the board~~] Constitutes a clear abuse of its discretion;

(7) Notwithstanding any of the requirements for licensure established by subsections (1) to (6) of this section, the board may deny licensure to an applicant ***or the re-registrant of an inactive license*** without a prior hearing upon a finding that the

applicant ***or re-registrant*** has violated any provision of KRS 311.595 or 311.597 or is otherwise unfit to practice***. Orders denying licensure may be appealed pursuant to KRS 311.593***~~[, if upon request an applicant shall be accorded an opportunity to show cause why he should not be denied licensure]~~.

(8) Notwithstanding any of the foregoing, the board may grant licensure to an applicant in extraordinary circumstances upon a finding by the board that based on the applicant's exceptional education, training and practice credentials, the applicant's practice in the Commonwealth would be beneficial to the public welfare.

Section 4. KRS 311.572 is amended to read as follows:

(1) The board may issue an order directing an applicant for a license or the holder of a license to show cause why the applicant should be granted a license or the licensee should not be disciplined, respectively, when:

(a) An applicant admits or is otherwise found to have committed an act which constitutes a violation of the provisions of this chapter; or

(b) A licensee admits ***or is otherwise found to have*** ~~[to having]~~ committed an act in violation of the provisions of this chapter in any document relating to the registration or reregistration of a license.

(2) The order shall be signed by an officer of the board and shall state those violations which the board believes to have been committed. The matter shall be assigned to a hearing panel and shall proceed in accordance with KRS 311.591. The burden of proof shall lie with the charged physician.

(3) The board shall not approve any application for licensure or application for reregistration of an inactive license until a final order on the matter has been issued.

Section 5. KRS 311.590 is amended to read as follows:

(1) No person shall make any statement or submit any document, paper or thing to the board, or to its secretary, or to any county clerk, relating in any manner to issuance, registration, suspension or revocation of any license or permit, knowing same to be false, forged or fraudulent.

(2) No person shall engage in ***dishonesty,*** fraud, deceit, collusion or conspiracy in connection with any examination***, hearings, or disciplinary proceedings*** conducted by the board.

(3) No person shall make or issue any false or counterfeit certificate that purports to have been issued by the board, or by its secretary, or forge the signature of any person thereon, or alter any such certificate that has been issued by the board or by its secretary.

Section 6. KRS 311.591 is amended to read as follows:

(1) The president of the board shall divide the membership of the board, excluding himself, into two (2) panels of ***six (6)*** ~~[five (5)]~~ members***,*** each ***panel to include one (1) consumer member***. Each panel shall have the power to act as an inquiry or a hearing panel. The president shall not be a member of either panel, but shall have the power to render the deciding vote whenever a tie vote is rendered by either panel.

(2) Grievances may be submitted by an individual (including board members), organization or entity. Each grievance shall be investigated as necessary and the executive director shall assign each grievance to an inquiry panel. All inquiry panels and the executive director shall have the power to issue investigatory subpoenas for the appearance of any person or production of any record, document or other item within the jurisdiction of the Commonwealth. The panel or executive director may seek enforcement of investigatory subpoenas ***and search warrants*** in the courts of the Commonwealth as may be necessary.

(3) Upon completion of its inquiry, the inquiry panel shall make a finding that:

(a) The grievance is without merit and no further action is necessary;

(b) The grievance discloses an instance of misconduct which does not warrant the issuance of a complaint; in such instances, the panel may admonish the physician for his misconduct; or

(c) The grievance discloses one (1) or more violations of the provisions of this chapter which warrant the issuance of a complaint; in such instances, the panel shall cause a complaint to be prepared, signed by the presiding officer, which shall contain sufficient information to apprise the named physician of the general nature of the charges.

(4) The inquiry panel shall cause a complaint to be served on the charged physician by personal delivery or by certified mail to the physician's last address of which the board has record. The physician shall submit a response within thirty (30) days after service. Failure to submit a timely response or willful avoidance of service may be taken by the board as an admission of the charges.

(5) Upon the issuance of the complaint, the executive director shall assign the matter for hearing and decision by a hearing panel. No member who served on the inquiry panel may also serve as a member of the hearing panel. The hearing panel or the hearing officer on behalf of the panel shall preside over all proceedings pursuant to the issuance of a complaint. All board members, the executive director and hearing officer shall have the authority to administer oaths and issue summonses, subpoenas and other process. During or after any proceeding, the board or the hearing officer may petition the courts of the Commonwealth to punish as contempt the failure of a person or entity to obey a subpoena or other process, or contemptuous conduct directed to the board or the hearing officer.

(6) All proceedings pursuant to the issuance of a complaint shall be in accordance with the rules and regulations established by the board to promote the fair, orderly and efficient conduct of the proceedings. The board may establish regulations regarding the informal disposition of any complaint and such disposition may be made at any stage of the proceeding. ***Discovery shall be made pursuant to the Kentucky Rules of Civil Procedure.***

(7) Upon completion of the hearing process, the hearing officer shall prepare proposed findings of fact and conclusions of law ***but shall not make a recommended disposition***. The parties shall have the opportunity to file objections or other comments regarding the proposed findings and conclusions. The hearing panel may adopt the proposed findings and conclusions, in whole or in part, or may make its own in addition to or substitution of the proposed ones. ***The hearing panel may remand the findings of fact and conclusions of law back to the hearing officer for further findings consistent with the board's order.*** If a hearing officer is not used or the hearing officer fails to prepare findings and conclusions, the hearing panel shall prepare its own findings and conclusions and may then issue its final order.

(8) Upon completion of the disciplinary proceedings, the hearing panel shall issue an order that:

(a) Dismisses the complaint upon a conclusion that the provisions of this chapter have not been violated;

(b) Finds a violation of the provisions of this chapter, but does not impose discipline because the panel does not believe discipline to be necessary under the circumstances; or

(c) Imposes discipline upon the licensee; in such instances, the panel may revoke, suspend, restrict, deny, or limit a license, or may reprimand or place a licensee on probation under terms the panel may establish to protect the licensee, his patients or the general public.

The hearing panel may impose a fine whenever it finds that a violation of this chapter has occurred. The hearing panel's order shall be considered the final order of the board regarding the matter.

(9) Regardless of the restrictions on public disclosure of information established in subsection (10) of this section, the board may order information derived from any investigation or inquiry be released to the physician licensure authority of another state or to any health care facility licensed and regulated by the Commonwealth of Kentucky upon a showing that the information is necessary to determine the propriety of a physician practicing in a particular state or facility.

(10) The presiding officer at any proceeding held pursuant to a complaint or show cause order shall take whatever measures are necessary to protect the privacy interests of individuals other than the charged physician upon a showing that evidence is to be introduced, the public disclosure of which would constitute a clear invasion of personal privacy. It is the general policy of the Commonwealth that administrative proceedings should be open to the public. Therefore, in applying this subsection the presiding officer shall balance the competing interests and employ the least restrictive measures available to protect the privacy interests involved.

Section 7. KRS 311.592 is amended to read as follows:

(1) At any time when an inquiry panel has probable cause to believe that a physician has violated the terms of an order placing him on probation, or a physician's practice constitutes a danger to the health, welfare and safety of his patients or the general public, the inquiry panel may issue an order suspending, limiting or restricting the physician's license. The order shall be signed by a member of the panel and shall state the grounds upon which the panel is relying. The order shall be served on the named physician by certified mail or by personal delivery, but shall be effective when the physician receives actual notice of the order.

(2) An order as described in subsection (1) of this section shall not be issued unless grounds exist for the issuance of a complaint. The inquiry panel shall issue a complaint prior to the date of the hearing on the order or the order shall become void.

(3) Upon request of the named physician, the inquiry panel shall schedule a hearing in regard to the order within ***sixty (60)*** [~~fifteen (15)~~] days of the request. The hearing may be held before the panel or before a hearing officer appointed by the panel. Within five (5) days after conclusion of the hearing, the panel or hearing officer shall issue an order affirming or retracting the original order. The original order shall be affirmed if substantial evidence is produced that supports the panel's finding that a probation has been violated or ***that the inquiry panel had probable cause to believe that*** a physician's practice constitutes a danger.

(4) The order issued pursuant to a hearing as described in subsection (3) of this section shall be appealable as described in KRS 311.593. If the order affirms the inquiry panel's original order, the named physician may petition the panel to modify the terms of the suspension or restriction and the panel may make such modifications as it deems appropriate. An order of temporary suspension, restriction or limitation shall not be maintained after a final order is served on the charged physician pursuant to the proceeding on the complaint. ***An appeal pursuant to this section shall not prejudice the board from proceeding upon the complaint.***

Section 8. KRS 311.593 is amended to read as follows:

(1) Except for those orders denying an application ***or re-registration*** for licensure or temporarily suspending, limiting or restricting a physician's license, all orders of the board affecting a physician's license shall become effective thirty (30) days after notice is given to the licensee unless otherwise agreed; however, the board may provide that an order be effective immediately when, in the board's opinion, based upon sufficient reasonable cause, the health, welfare and safety

of the physician's patients or the general public would be endangered by delay.

(2) Any physician who is aggrieved by a final order of the board denying a license or rendering disciplinary action against a licensee may, within thirty (30) days after receiving notice of the order, seek judicial review of the order by filing a petition with the Circuit Court of the county in which the board's offices are located, naming the board as respondent. The petition shall set forth with particularity grounds upon which the petitioner relies and the relief which the petitioner seeks. ***The relief sought shall not include attorney's fees or any form of monetary liability to be imposed upon the board.*** The petitioner shall cause the petition to be served by service of summons and a copy of the petition on the board's executive director or general counsel.

(3) Upon service of summons and the petition, the executive director shall, within thirty (30) days, file a certified transcript of the record, containing all testimony, pleadings, exhibits and orders, including the order to be reviewed. The court may enlarge this time or may order all or portions of the record to be produced without delay as the court deems appropriate.

(4) ***The court shall not award injunctive relief against the board and shall not review any petition*** ~~[If the petition seeks immediate injunctive relief, the court shall not award such relief]~~ without providing the board with the reasonable opportunity to be heard. A final order of the board affecting a physician's license shall remain in effect unless and until the court enters an order reversing ~~[or enjoining]~~ the board's order.

(5) Within twenty (20) days of receiving proper service of the summons and petition seeking judicial review of an order of the board, the board shall file a response generally setting forth its position and may make all motions it deems appropriate. The court shall thereafter rule upon all motions and shall establish a schedule for the filing of briefs and the hearing of oral argument, if oral argument is requested by either party.

(6) Upon consideration of the record, the briefs and oral argument, the court shall enter judgment either upholding or reversing the board's order. No new evidence shall be introduced in the Circuit Court. In the event the board's order is reversed, the court shall, upon request of the board, remand the case to the board for further proceedings.

(7) Any party aggrieved by the final judgment, order or decree of the Circuit Court relative to an order of the board ~~[or any party aggrieved by an order of the Circuit Court awarding or denying preliminary injunctive relief]~~ may appeal to the Court of Appeals of Kentucky and thereafter to the Supreme Court of Kentucky as set forth by law.

Section 9. KRS 311.595 is amended to read as follows:

If the power has not been transferred by statute to some other board, commission or agency of this state, the board may deny an application ***or re-registration*** for a license; place a licensee on probation for a period not to exceed five (5) years; suspend a license for a period not to exceed five (5) years; limit or restrict a license for an indefinite period; or revoke any license heretofore or hereafter issued by the board, upon proof that the licensee has:

(1) Knowingly made or presented, or caused to be made or presented, any false, fraudulent, or forged statement, writing, certificate, diploma or other thing, in connection with an application for a license or permit.

(2) Practiced, or aided or abetted in the practice of fraud, forgery, deception, collusion, or conspiracy in connection with an examination for a license.

(3) Committed, procured or aided in the procurement of an unlawful abortion.

(4) Entered a guilty or nolo contendere plea, or been convicted, by any court within or without the Commonwealth of Kentucky, of committing an act which is, or would be a felony under the laws of the Commonwealth of Kentucky, or of the United States, or of any crime involving moral turpitude which is a misdemeanor, under the laws.

(5) Become addicted to a controlled substance.

(6) Become a chronic or persistent alcoholic.

(7) Developed a physical or mental disability, or other condition, that continued practice is dangerous to patients or to the public.

(8) Engaged in dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud or harm the public or any member thereof.

(b) A civil action brought by the party against the Commonwealth to challenge the assessment or collection of taxes[~~; and~~

~~(c) A court proceeding to review an administrative review board decision, where the original administrative action was brought by the Commonwealth against the party~~].

(a) During the course of the proceeding the prevailing party unduly and unreasonably protracted the final resolution of the matter;

(b) The reason that the party other than the Commonwealth has prevailed is an intervening change in the applicable statutes, regulations or case law;

(c) The prevailing party refused an offer of civil settlement which was at least as favorable to the party as the relief ultimately granted; or

(d) The position of the Commonwealth was substantially justified or a special circumstance would make an award unjust provided, however, that the burden of proof of substantial justification or special circumstance shall rest with the Commonwealth.

(3) A party may apply pursuant to the applicable Rules of Civil Procedure for an award of attorney fees and other expenses authorized under this section and shall include as part of the application evidence of the party's eligibility for the award and the amount sought, including an itemized and attested statement from the attorneys and experts stating the actual time expended in representing the party and the rate at which the fees were computed. The party shall also allege in such application that the Commonwealth acted without substantial justification.

(4) The court shall base any award of fees as provided in this section on prevailing market rates for the kind and quality of services furnished, except that:

(a) An expert is not eligible for compensation at a rate in excess of the prevailing rate of compensation for similar experts paid by the Commonwealth;

(b) The award of attorney fees may not exceed the amount which the prevailing party has paid or has agreed to pay the attorney or a maximum amount of forty dollars ($40) per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceeding involved, justifies a higher fee;

(c) No award shall be greater than ten thousand dollars ($10,000) to each party except that no award shall be made to any party who voluntarily intervenes in any such action.

(5) This section does not:

(a) Apply to an action arising from a proceeding before the Commonwealth in which the role of the Commonwealth was to determine the eligibility or entitlement of an individual to a monetary benefit or its equivalent, or to adjudicate a dispute or issue between private parties or to establish or fix a rate. As used in this subsection, monetary benefit or its equivalent shall not include a license, permit, charter or similar instrument that the Commonwealth may require to engage in a business, profession or similar activity;

(b) Apply to proceedings brought by the Commonwealth pursuant to KRS Chapters 218A, 431 to 439, and 500 to 534;

(c) Apply to proceedings involving eminent domain, foreclosure, collection of judgment debts or proceedings in which the Commonwealth is a nominal party;

(5) "Energy efficiency measure" means any construction, improvement, repair, alteration, or betterment of a building that is intended to reduce energy costs; or any equipment, fixture, or furnishing to be added to or used in a building that will be a cost-effective energy-related project that is intended to reduce energy costs;

(6) "Energy performance contract" means an agreement for the provision of energy services or equipment, including energy conservation-enhancing projects and alternate energy technologies for state government buildings, in which a person agrees to finance, design, construct, install, maintain, operate, or manage energy systems or equipment to improve energy efficiency of, or produce energy in connection with, a state government building in exchange for a portion of the energy cost savings or specified revenues based on estimated or measured energy cost savings;

(7) "Engineering analysis" means a detailed cost-benefit analysis of energy efficiency investments including a review of potential cost savings through operation and maintenance changes;

(8) "Life-cycle energy cost analysis" means a method for estimating the total cost of an energy-using component over its useful life, including cost factors such as purchase price, energy use, maintenance, interest, and inflation;

(9) "Low cost/no cost energy efficiency measures" means those energy efficiency measures, usually involving operation and maintenance practices, that can be accomplished by existing personnel within existing operating budgets;

(10) "Shared savings contract" means an energy performance contract; and

(11) "Simple payback period" means the number of years it takes to pay back, from estimated energy savings, the initial cost of an energy efficiency investment, with the simple payback period equal to the initial cost divided by the annual energy savings.

SECTION 2. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

It shall be the policy of the Commonwealth to maximize the use of energy efficiency measures in the construction, renovation, and maintenance of buildings owned or leased by the Commonwealth. In furtherance of these policies, the Finance and Administration Cabinet shall administer an energy efficiency program, to be known as the Energy Efficiency Program for State Government Buildings.

SECTION 3. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

(1) The Energy Efficiency Program for State Government Buildings shall provide for implementation of low cost/no cost energy efficiency measures, engineering analyses, energy efficiency measures, building improvements, and monitoring of results for state-owned buildings.

(2) An engineering analysis may be performed for state-owned buildings. Any analysis conducted shall assess the energy efficiency of each state-owned building and make recommendations for improving the efficient use of energy within the building. The analyses shall be performed by qualified engineers, architects, or other persons trained in energy efficiency who shall be employed pursuant to KRS Chapter 45A.

(3) Except as provided in subsection (5) of this section, measures to improve the energy efficiency of a state-owned building which have an aggregate simple payback period of five (5) years or less shall be implemented as general fund appropriations become available. No more than five percent (5%) of the cost of energy efficiency measures for a building may be utilized for monitoring the results.

(4) The Finance and Administration Cabinet shall prioritize the projects among the various state-owned buildings to determine which projects shall be implemented to best utilize the available funding.

(5) If general fund appropriations are unavailable, energy efficiency measures for a state-owned building may be financed by other means. These other means include, but are not limited to, energy performance contracts and shared savings contracts. These energy efficiency measures shall not be limited to those which have an aggregate simple payback period of five (5) years or less, but shall result in reasonable economic benefit to the Commonwealth. Ownership of the energy efficiency measures shall remain with the Commonwealth. Energy cost savings may be used to repay the cost of the other means used to finance energy efficiency measures, with any remaining savings to be deposited in the state agency account. All energy cost savings estimated under an energy performance contract or shared savings contract shall be guaranteed to the Commonwealth.

SECTION 4. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

There is established an advisory committee on energy efficiency whose purpose shall be to advise the Finance and Administration Cabinet on the priority of various energy efficiency proposals, program operations, and any other matters related to energy efficiency. SECTION 6. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

The Finance and Administration Cabinet shall require persons submitting bids or plans for state-owned buildings to be constructed or substantially renovated after the effective date of this Act to include within those bids or plans life-cycle energy cost analyses. The cabinet shall consider those life-cycle cost analyses when evaluating competing bids or plans.

SECTION 7. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

(1) Any building which the Finance and Administration Cabinet considers for leasing or purchase shall be evaluated for cost-effective energy use and energy efficiency. This evaluation shall be considered in choosing between competing leases or building purchases. The cabinet shall consider the energy costs of operating a building to ensure the selection of a cost-effective lease, and the cabinet shall compare life-cycle energy cost analyses for competing leases.

(2) A lease may be structured so that both the lessor and the state agency as lessee may share energy cost savings that can be accomplished by energy-efficient lease arrangements. The lease may incorporate financial incentives to make energy efficiency improvements that are cost effective in reducing the operating cost of the building. The lease may provide for the state agency to make lease payments which may be used to help fund the costs of energy efficiency measures in the building, if the costs are amortized and returned to the state agency over a period of years not to exceed the useful life of the energy efficiency measures. Thereafter, the state agency shall be entitled to a reduction in the lease amount based on any continued savings resulting from the energy efficiency measures. The amount of reduction shall be negotiated between the lessor and the state agency.

(4) The revolving loan fund shall be established, maintained, and credited with repayments, and the fund balance shall be available in perpetuity for its stated purpose.

(5) The criteria for approval of loans for energy efficiency measures in infrastructure projects shall be established in administrative regulations promulgated by the Natural Resources Cabinet, and shall be modeled after any applicable criteria established for the Energy Efficiency Program for State Government Buildings managed by the Finance and Administration Cabinet and the Institutional Energy Efficiency Program managed by the Natural Resources Cabinet.

HB 439, AN ACT relating to a seismic monitoring network and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 151 IS CREATED TO READ AS FOLLOWS:

It is a finding of the General Assembly that Kentucky is located in an active seismic zone and the possibility of occurrence of a major earthquake in Kentucky is significant. The New Madrid earthquakes of 1811-1812 were some of the most severe earthquakes recorded in the history of the United States. The earthquakes caused damage as far east as Cincinnati, Ohio, and Maysville, Kentucky, and ground subsidence along the Kentucky-Tennessee border that resulted in the formation of Reelfoot Lake. Thousands of earthquakes have been recorded in Kentucky, from the New Madrid seismic zone in the western tip of the state to Greenup, Bell, and other counties in the east. It is imperative that the people of the Commonwealth of Kentucky be provided with the information needed to plan for a major earthquake, including the information for improved building designs that will assist in the construction of buildings such as schools, hospitals, police and fire stations, college dormitories, and nursing homes, so that they will withstand a major earthquake. The same type of information is also needed to help protect bridges and roadways, water supplies, airports, and energy and food supplies by implementing needed policies and procedures. Current data indicate that an earthquake of a magnitude similar to the four great ones that occurred in the winter of 1811-1812 in the New Madrid seismic zone would close most of the major highways west of Louisville, including those across the Ohio and Mississippi Rivers. Major natural gas transmission lines would also be in jeopardy. Data from the statewide seismic monitoring network would provide the tools needed to prepare for and mitigate the effects of a major earthquake in the Commonwealth.

SECTION 2. A NEW SECTION OF KRS CHAPTER 151 IS CREATED TO READ AS FOLLOWS:

(1) The Kentucky Geological Survey shall establish a program to initiate and develop a long-term seismic monitoring network for the purpose of characterizing seismic activity in and adjacent to the Commonwealth of Kentucky to protect the citizens of the state in event of a catastrophic earthquake.

(2) The program shall include the installation and maintenance of a statewide seismic monitoring network and provide for long-term data collection to determine the nature of earthquakes throughout the state. The Kentucky Geological Survey shall utilize the data to support state efforts to develop models of seismic zones and to determine actions to be taken to protect the welfare of Kentucky's citizens from a catastrophic earthquake.

(3) The Kentucky Geological Survey shall enter data from the seismic network into a seismic data base which will be readily available to the public, government agencies, industry, and other entities that need and request access. The analyzed data shall also be made available in the forms of maps, seismic records, bulletins, and reports.

(4) The Kentucky Geological Survey shall solicit information from state and local agencies, industry, universities, and the public to assist in determining priority areas to be covered by the network as it is developed.

(5) The Kentucky Geological Survey, through the University of Kentucky, shall annually provide to the Governor or his designated representative a summary of the data collected by the seismic monitoring network and an analysis of the activities associated with the network.

SECTION 3. A NEW SECTION OF KRS CHAPTER 151 IS CREATED TO READ AS FOLLOWS:

(1) There is established a technical advisory board whose purpose shall be to provide assistance to the Kentucky Geological Survey in the development and maintenance of the seismic monitoring network.

(2) The board shall consist of the following members:

- ***(a) The executive director of the Kentucky Division of Disaster and Emergency Services or designee;***
- ***(b) A designee from the Governor's Earthquake Hazards and Safety Technical Advisory Panel;***
- ***(c) The commissioner of the Department of Housing, Buildings, and Construction or designee;***
- ***(d) The commissioner of the Kentucky Department of Highways or designee;***
- ***(e) The commissioner of the Kentucky Department for Natural Resources or designee;***
- ***(f) A designee of the Kentucky Transportation Center;***
- ***(g) A registered professional engineer appointed by the Governor, from two (2) persons nominated by the Kentucky Society of Professional Engineers;***
- ***(h) A registered professional geologist appointed by the Governor, from two (2) persons nominated by the Kentucky Board of Registration for Professional Geologists;***
- ***(i) A representative of the public at large appointed by the Governor; and***

(i) The director of the Kentucky Geological Survey or designee.

The executive director of the Kentucky Division of Disaster and Emergency Services or designee shall act as chairman of the technical advisory board. For members identified in paragraphs (g), (h), and (i), appointments shall be for three (3) year terms and members may be reappointed.

Section 27. KRS 175.780 is amended to read as follows:

(1) In order to provide for the construction, reconstruction, and relocation of economic development road projects, the authority is hereby authorized and empowered, subject to the limitations contained in the biennial branch budget bill,

under and pursuant to the terms and provisions of a written agreement or agreements with the cabinet, to construct, reconstruct, relocate, finance, and operate economic development road projects, to lease such projects to the cabinet, and to issue economic development road revenue bonds or notes of the authority to finance such projects. In the planning, construction, and financing of any economic development road project, the authority and the cabinet shall, subject to the provisions of KRS 175.750 to 175.810, have and use all authority, procedures, and rights provided by the provisions of KRS 175.410 to 175.690, inclusive.

(2) Subject to the limitations contained in the biennial ***branch budget bills*** [~~appropriation acts~~], the turnpike authority is hereby authorized to issue revenue bonds or notes in the amount of six hundred million dollars ($600,000,000), exclusive of any costs incurred in the issuance of the bond or notes, amounts necessary to fund a debt service reserve fund, or capitalized interest on the bonds or notes, or both, for the purpose of financing economic development road projects. The projects to be financed by these bonds or notes shall be the following projects limited to the costs established by this subsection:

	Route	Total Project Cost
(a)	US-60	$ 39,250,000;
(b)	US-68	$174,915,000,

the projects authorized by this paragraph shall be for the segments of US-68 from Bowling Green to Cadiz as submitted by the Transportation Cabinet in the 1990 Highway Construction Plan, except that funding shall be used for completion of the southern corridor of the US-68 By-pass in Christian County;

(c)	US-127	$139,560,000;
(d)	US-119, Letcher County, Pine Mountain Section	$ 5,500,000;

(g)	US-25E	$ 52,950,000;
(h)	US-23	$161,700,000.

The authority may expend funds in excess of the total project cost, but shall not exceed the total cost by more than ten percent (10%). If any route is completed at a cost less than the amount specified by this subsection, the authority shall utilize the remainder of the funds for the sole purpose of completion of projects as specified in this subsection regardless of whether project costs exceed the ten percent (10%) requirement.

(3) The proceeds of the bonds issued under this authorization shall be used solely for the payment of the cost of the economic development road projects for which these bonds shall have been issued, as provided in subsection (2) of this section. The authority shall provide this restriction in the proceedings and preliminary documents authorizing the issuance of the bonds and in the trust indenture securing the same. Any refunding of such bonds by the authority shall also provide such restriction. Any proceeds of the bonds issued under this authorization remaining after the completion of the projects for which these bonds shall have been issued shall be transferred to the bond service account.

(4) (a) Prior to the issuance of the revenue bonds or notes authorized by this section, the turnpike authority shall furnish to the Capital Projects and Bond Oversight Committee and the Interim Joint Committee on Appropriations and Revenue, and make available to the public, a listing of all costs associated, either directly or indirectly, with the issuance of the revenue bonds or notes. The costs shall be itemized as to amount and name of payee, and shall include fees or commissions paid to, or anticipated to be paid to, issuers, underwriters, placement agents and advisors, financial advisors, remarketing agents, credit enhancers, trustees, accountants, and the counsel of all such persons, bond counsel and special tax counsel, and shall include the economic benefits received or anticipated to be received by any other persons from any source in return for services performed relating to the issuance of the bonds or notes. Changes in amounts or names of payees or recipients, or additions of amounts or names of payees or recipients, to the listing furnished and made available pursuant to this paragraph, shall be furnished to the Capital Projects and Bond Oversight Committee and the Interim Joint Committee on Appropriations and Revenue and made available to the public within three (3) days following the change.

(b) Seven percent (7%) of all moneys on deposit in the breeders' award fund to the Kentucky standardbred development fund.

(3) Effective July 1, 1993, the breeders' award fund shall be guaranteed a balance of three million, seven hundred fifty thousand dollars ($3,750,000) per year. By July 15 of each year, the Revenue Cabinet shall have calculated the amount of revenue deposited in the fund during the previous fiscal year, and, if commissions from simulcast facilities are not sufficient to ensure the prescribed funding level, the difference shall be deposited in the breeders' award fund from a general fund appropriation to the commission subject to conditions set forth in the ***branch budget bill*** [~~appropriations act~~]. The Revenue Cabinet shall separately account for and report the trust and revolving fund receipts received under this provision.

(1) Except as provided in KRS 365.040, no person engaged in business within *the Commonwealth of Kentucky* [~~this state~~] shall sell, offer for sale or advertise for sale any article or product, or service or output of a service trade, at less than the cost thereof to *a* [~~such~~] vendor, or give, offer to give or advertise the intent to give away any article or product, or service or output of a service trade, for the purpose of injuring competitors and destroying competition.

(2) In establishing the cost of a given article or product to the distributor and vendor, the invoice cost of the article or product purchased at a forced, bankrupt or close-out sale, or other sale outside of the ordinary channels of trade, may not be used as a basis for justifying a price lower than one based upon the replacement cost as of the date of the sale of the article or product replaced through the ordinary channels of trade, unless the article or product is kept separate from goods purchased in the ordinary channels of trade and unless the article or product is advertised and sold as merchandise purchased at a forced, bankrupt or close-out sale or by means other than through the ordinary channels of trade, and the advertising states the conditions under which the goods were so purchased, and the quantity of the merchandise to be sold or offered for sale.

(3) *(a) As applied to production, "cost" is:*

1. The invoice or replacement cost of the raw materials, whichever is lower; or

2. The invoice or replacement cost of the raw materials, whichever is lower, plus "overhead," as defined in paragraph (d) of this subsection.

(b) As applied to distribution, "cost" is:

(d) "Overhead" means labor and other costs of doing business, including rent, interest on borrowed capital, depreciation, selling costs, maintenance of equipment, delivery cost, credit losses, licenses, taxes, insurance, and advertising. "Overhead" shall not include that portion of overhead which is lower than a competitor's because of lawful competitive advantage. A competitive advantage may be pled and proved as an affirmative defense to an assertion of sales in violation of this section.

(4) Nothing in this section shall be construed to require a minimum mark-up or retention of price maintenance. Nor shall this section be interpreted or applied to restrict sales at prices which reflect legitimate competitive advantage [~~As applied to production, "cost" includes the cost of raw materials, labor and all overhead expenses of the producer. As applied to distribution, "cost" means the invoice or replacement cost, whichever is lower, of the article or product to the distributor and vendor plus the cost of doing business by the distributor and vendor. The "cost of doing business" or "overhead expense" means all costs of doing business incurred in the conduct of the business and must include without limitation the following items of expense: Labor (including salaries of executives and officers), rent, interest on borrowed capital, depreciation, selling cost, maintenance of equipment, delivery cost, credit losses, all types of licenses, taxes, insurance and advertising. "Vendor" includes any person who performs work upon, renovates, alters or improves any personal property belonging to another person~~].

(5)[~~(4)~~] Where a person complained of as violating any of the provisions of this section is a member of a particular trade or industry that has an established cost survey for the locality and vicinity in which the offense is committed, the cost survey shall be competent evidence to be used in proving the costs of *the* [~~such~~] person *on whom the complaint is made*.

Section 1. KRS 156.070 is amended to read as follows:

(1) The State Board for Elementary and Secondary Education shall have the management and control of the common schools and all programs operated in these schools, including interscholastic athletics, the Kentucky School for the Deaf, the Kentucky School for the Blind, and community education programs and services.

(2) ***(a)*** The State Board for Elementary and Secondary Education may designate an organization or agency to manage interscholastic athletics in the common schools, provided that the rules, regulations, and bylaws of any organization or agency so designated shall be approved by the board, and provided further that the board shall adopt administrative regulations providing for the appeal to the board of any decisions made by the designated

managing organization or agency.

(b) If the organization or agency designated by the state board to manage interscholastic athletics sponsors post-season tournaments, tournament profits shall be distributed to the member schools participating in the tournament. The governing body of the managing organization or agency shall decide the formula for distributing the profits.

(c) The state board or any agency designated by the state board to manage interscholastic athletics shall not promulgate rules, administrative regulations, or bylaws which prohibit pupils in grades seven (7) to eight (8) from participating in any high school sports except for high school varsity wrestling, soccer, and football, or from participating on more than one (1) school-sponsored team at the same time in the same sport. The State Board for Elementary and Secondary Education, or an agency designated by the board to manage interscholastic athletics, may promulgate administrative regulations restricting, limiting, or prohibiting participation in high school varsity wrestling, soccer, and football for students who have not successfully completed the eighth grade.

(3) (a) The State Board for Elementary and Secondary Education is hereby authorized to lease from the State Property and Buildings Commission, or others, whether public or private, any lands, buildings, structures, installations, and facilities suitable for use in establishing and furthering television and related facilities as an aid or supplement to classroom instruction, throughout the Commonwealth, and for incidental use in any other proper public functions. The lease may be for any initial term commencing with the date of the lease and ending with the next ensuing June 30, which is the close of the then current fiscal biennium of the Commonwealth, with exclusive options in favor of the board to renew the same for successive ensuing bienniums, July 1 in each even year to June 30 in the next ensuing even year; and the rentals may be fixed at the sums in each biennium, if renewed, sufficient to enable the State Property and Buildings Commission to pay therefrom the maturing principal of and interest on, and provide reserves for, any revenue bonds which the State Property and Buildings Commission may determine to be necessary and sufficient, in agreement with the board, to provide the cost of acquiring the television and related facilities, with appurtenances, and costs as may be incident to the issuance of the bonds.

(b) Each option of the State Board for Elementary and Secondary Education to renew the lease for a succeeding biennial term may be exercised at any time after the adjournment of the session of the General Assembly at which appropriations shall have been made for the operation of the state government for such succeeding biennial term, by notifying the State Property and Buildings Commission in writing, signed by the chief state school officer, and delivered to the secretary of the Finance and Administration Cabinet as a member of the commission. The option shall be deemed automatically exercised, and the lease automatically renewed for the succeeding biennium, effective on the first day thereof, unless a written notice of the board's election not to renew shall have been delivered in the office of the secretary of the Finance and Administration Cabinet before the close of business on the last working day in April immediately preceding the beginning of the succeeding biennium.

(c) The State Board for Elementary and Secondary Education shall not itself operate leased television facilities, or undertake the preparation of the educational presentations or films to be transmitted thereby, but may enter into one (1) or more contracts to provide therefor, with any public agency and instrumentality of the Commonwealth having, or able to provide, a staff with proper technical qualifications, upon which agency and instrumentality the board, through the chief state school officer and the Department of Education, is represented in such manner as to coordinate matters of curriculum with the curricula prescribed for the public schools of the Commonwealth. Any contract for the operation of the leased television or related facilities may permit limited and special uses of the television or related facilities for other programs in the public interest, subject to the reasonable terms and conditions as the board and the operating agency and instrumentality may agree upon; but any contract shall affirmatively forbid the use of the television or related facilities, at any time or in any manner, in the dissemination of political propaganda or in furtherance of the interest of any political party or candidate for public office, or for commercial advertising. No lease between the board and the State Property and Buildings Commission shall bind the board to pay rentals for more than one (1) fiscal biennium at a time, subject to the aforesaid renewal options. The board may receive and may apply to rental payments under any lease and to the cost of providing for the operation of the television or related facilities not only appropriations which may be made to it from state funds, from time to time, but also contributions, gifts, matching funds, devises, and bequests from any source, whether federal or state, and whether public or private, so long as the same are not conditioned upon any improper use of the television or related facilities in a manner inconsistent with the provisions of this subsection.

(4) The state board may, on the recommendation and with the advice of the chief state school officer, prescribe, print, publish, and distribute at public expense such administrative regulations, courses of study, curriculums, bulletins, programs, outlines, reports, and placards as each deems necessary for the efficient management, control, and operation of the schools and programs under its jurisdiction. All administrative regulations published or distributed by the board shall be inclosed in a booklet or binder on which the words "informational copy" shall be clearly stamped or printed.

(5) Upon the recommendation of the chief state school officer or his designee, the state board shall establish policy or act on all matters relating to programs, services, publications, capital construction and facility renovation, equipment, litigation, contracts, budgets, and all other matters which are the administrative responsibility of the Department of Education.

SB 131, AN ACT relating to school personnel.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 160.380 is amended to read as follows:

(1) As used in this section:

(a) "Relative" shall mean father, mother, brother, sister, husband, wife, son, daughter, aunt, uncle, son-in-law, and daughter-in-law.

(b) "Vacancy" shall mean any certified position opening created by the resignation, dismissal, nonrenewal of contract, transfer, or death of a certified staff member of a local school district, or a new position created in a local school district for which certification is required. However, if an employer-employee bargained contract contains procedures for filling certified position openings created by the resignation, dismissal, nonrenewal of contract, transfer, or death of a certified staff member, or creation of a new position for which certification is required, a vacancy shall not exist, unless certified positions remain open after compliance with those procedures.

(2) (a) All appointments, promotions, and transfers of principals, supervisors, teachers, and other public school employees shall be made only by the superintendent of schools, who shall notify the board of the action taken. All employees of the local district shall have the qualifications prescribed by law and by the administrative regulations of the State Board for Elementary and Secondary Education and of the employing board. Supervisors, principals, teachers, and other employees may be appointed by the superintendent for any school year at any time after February 1 preceding the beginning of the school year.

(b) When a vacancy occurs in a local school district, the superintendent shall notify the chief state school officer thirty (30) days before the position shall be filled. The chief state school officer shall keep a registry of local district vacancies which shall be made available to the public. The local school district shall post position openings in the local board office for public viewing.

(c) When a vacancy needs to be filled in less than thirty (30) days' time to prevent disruption of necessary instructional or support services of the school district, the superintendent may seek a waiver from the chief state school officer. If the waiver is approved, the appointment shall not be made until the person recommended for the position has been approved by the chief state school officer. The chief state school officer shall respond to a district's request for waiver or for approval of an appointment within two (2) working days.

(d) When a vacancy occurs in a local district, the superintendent shall conduct a search to locate minority teachers to be considered for the position. ***The superintendent shall, pursuant to administrative regulations of the State Board for Elementary and Secondary Education, report annually the district's recruitment process and the activities used to increase the percentage of minority teachers in the district.***

(e) Effective July 1, 1991, no relative of a superintendent of schools shall be an employee of the school district. However, this shall not apply to a relative who is an employee of the school district prior to July 13, 1990, and who is certified for the position he holds, as long as the superintendent is holding office on July 1, 1991, and it shall not apply to a superintendent's spouse who has at least twenty (20) years of service in school systems. A superintendent's spouse who is employed under this provision shall not hold a position in which the spouse supervises certified or classified employees. A superintendent's spouse may supervise teacher aides and student teachers. However, the superintendent shall not promote his relative who continues employment under an exception of this subsection.

(f) No superintendent shall employ a relative of a school board member of the district, unless on July 13, 1990, the board member's relative is an employee of the district, the board member is holding office, and the relative was not initially hired by the district during the tenure of the board member. A relative employed in 1989-90 and initially hired during the tenure of a board member serving on July 13, 1990, may continue to be employed during the remainder of the board member's term. However, the superintendent shall not promote any relative of a school board member who continues employment under the exception of this subsection.

(g) No principal's relative shall be employed in the principal's school, except a relative who is not the principal's spouse and who was employed in the principal's school during the 1989-90 school year. No spouse of a principal shall be employed in the principal's school, except a principal's spouse who was employed in the principal's school during the 1989-90 school year for whom there is no position for which the spouse is certified to fill in another school operated in the district. The provisions of KRS 161.760 shall not apply to any transfer made in order to comply with the provisions of this paragraph.

(3) No superintendent shall employ in a position which involves supervisory or disciplinary power over a minor, any person who is a violent offender or has been convicted of a sex crime as defined by KRS 17.165 which is classified as a felony. The superintendent may employ, at his discretion, persons convicted of sex crimes classified as a misdemeanor. Each superintendent shall request all conviction information for any applicant for initial employment from the Justice Cabinet prior to employing the applicant.

(4) (a) If a school term has begun and a position remains unfilled or if a vacancy occurs during a school term, a superintendent may employ an individual, who will have supervisory or disciplinary authority over minors, on probationary status pending receipt of the required records. Application for the criminal record of a probationary employee shall be made no later than the date probationary employment begins.

(b) Employment shall be contingent on the receipt of records documenting that the probationary employee has no record of a sex crime nor as a violent offender as defined in KRS 17.165.

(c) Notwithstanding KRS 161.720 to 161.800 or any other statute to the contrary, probationary employment under this section shall terminate on receipt by the district of a record documenting a criminal act as defined above and no further procedures shall be required.

(5) Each application or renewal form, provided by the employer to the applicant, shall conspicuously state the following: "FOR THIS TYPE OF EMPLOYMENT, STATE LAW REQUIRES A CRIMINAL RECORD CHECK AS A CONDITION OF EMPLOYMENT."

(6) Any request for records under subsection (3) of this section shall be on a form approved by the Justice Cabinet, and the cabinet may charge a fee to be paid by the applicant in an amount no greater than the actual cost of processing the request.

(7) The provisions of this section shall apply to all applicants for initial employment in a position which involves supervisory or disciplinary power over a minor after July 15, 1988. Initial employment shall include first time applicants and applicants who were former employees of the district but have not been employed by the district for six (6) months.

Section 2. KRS 161.030 is amended to read as follows:

(1) The certification of all teachers and other school personnel is vested in the Education Professional Standards Board. When so certified, teachers and other school personnel shall not be required to have licensure, certification, or other forms of approval from any other state agency for the performance of their respective assignments within the common schools, except as provided for by law. All certificates authorized under KRS 161.010 to 161.126 shall be issued in accordance with the administrative regulations of the Education Professional Standards Board. ***After the effective date of this Act, all certificate applications and other data collection instruments of the board shall include a request for voluntary information about the applicant's ethnic background. This information shall be available to help local school districts locate minority candidates. A person who holds a certificate prior to this requirement may request that ethnic information be added to his file.***

(2) Certificates shall be issued to persons who have completed, at colleges, universities, or local school district programs approved by the Education Professional Standards Board for the preparation of teachers and other school personnel, the curricula prescribed by the administrative regulations of the Education Professional Standards Board.

(3) Initial certification of all new teachers shall require the successful completion of appropriate written tests prior to certification. The tests shall be selected by the Education Professional Standards Board and shall measure communication skills, general knowledge, professional education concepts, and knowledge in the specific teaching field of the applicant. The Education Professional Standards Board shall determine the minimum acceptable level of achievement on each test. The tests shall measure those concepts, ideas, and facts which are being taught in teacher education programs in Kentucky. Upon successful completion of the tests and the approved teacher preparation program, a certificate valid for one (1) year shall be issued. If an out-of-state teacher with less than two (2) years experience comes to Kentucky after the deadline for taking the written tests, a temporary certificate may be issued for a period up to six (6) months provided the local board cannot fill the vacant position with a certified teacher. The teacher shall take the tests if they are administered during the period of the temporary certificate. The certificate shall be extended for the remainder of the year if the teacher successfully completes the tests. If the teacher fails the tests, the temporary certificate shall be valid only for the current semester.

(4) A reasonable fee to be paid by the teacher and directly related to the actual cost of the administration of the tests shall be established by the Education Professional Standards Board. Provisions shall be made for persons having less than minimum levels of performance on any test to repeat that test, and candidates shall be informed of their strengths and weaknesses in the specific performance areas. The Department of Education shall provide for confidentiality of the individual assessment scores. Scores shall be available only to the candidate and to the education officials who are responsible for determining whether established certification standards have been met. Scores shall be used only in the assessment for certification of new teachers and of out-of-state teachers with less than two (2) years of teaching experience who are seeking initial certification in Kentucky.

(5) All new teachers, and out-of-state teachers with less than two (2) years of successful teaching experience who are seeking initial certification in Kentucky shall serve a one (1) year internship. The teacher shall be a full-time employee or shall have an annual contract and serve on at least a half-time basis and shall have supervision, assistance, and assessment during the one (1) year internship. The internship may be served in a public school or a nonpublic school which meets the state performance standards as established in KRS 156.160 or which has been accredited by a regional or national accrediting association. Successful completion shall be determined by a majority vote of the beginning teacher committee. The internship period shall be counted as experience for the purpose of continuing contract status, retirement eligibility, and benefits for single salary experience increments. Upon successful completion of the beginning teacher program, the one (1) year initial teaching certificate shall be extended for the remainder of the usual duration period established for that particular certificate by Education Professional Standards Board administrative regulations.

(6) The beginning teacher committee shall be composed of three (3) persons who have successfully completed special training in the supervision and assessment of the performance of beginning teachers as provided in subsection (8) of this section. The committee shall consist of a resource teacher, the school principal of the school where the internship is served, and a teacher educator from a state-approved teacher training institution to be appointed by the president of that institution. If more than two (2) teacher interns are employed in the same school, the principal's responsibility may be shared with an assistant principal who holds certification as a principal. In unusual situations, the chief state school officer may permit the assistant principal to serve in lieu of the principal on a beginning teacher committee. If the teacher training institution is unable to provide a member, the district superintendent shall appoint an instructional supervisor from the school district. In the case of a nonpublic school, if the teacher training institution is unable to provide a member to serve on the beginning teacher committee, the chief officer of the school shall appoint an instructional supervisor or a teacher with like qualifications and responsibilities to serve on the beginning teacher committee in lieu of the teacher educator. The resource teacher shall be appointed by the Department of Education from a pool of qualified resource teachers, and, any statutes to the contrary notwithstanding and to the extent of available appropriations, shall be entitled to be paid a reasonable stipend by the Department of Education for work done outside normal working hours. In the case of a resource teacher in a nonpublic school, payment shall be made directly to the resource teacher by the Department of Education. Priority shall be given to resource teachers with the same certification as the teacher intern in the following order:

(a) Teachers in the same school;

(b) Teachers in the same district; and

(c) Teachers in an adjacent school district.

The committee shall meet with the beginning teacher a minimum of three (3) times per year for evaluation and recommendation with all committee members present. In addition, each member of the committee shall observe the beginning teacher in the classroom a minimum of three (3) times per year. If the teacher's first year performance is judged by the committee to be less than satisfactory, the teacher shall be provided with an opportunity to repeat the internship one (1) time if the teacher is employed by a school district.

(7) The resource teacher shall spend a minimum of seventy (70) hours working with the beginning teacher; twenty (20) of

these hours shall be observing the beginning teacher in the classroom setting; fifty (50) of these hours shall be in consultation other than class time or attending assessment meetings. The resource teacher shall have completed at least four (4) years of successful teaching experience as attested to by his or her immediate supervisor or by having achieved tenure and be able to show evidence of continuing professional development by having achieved a master's degree or its equivalent or the accumulation of two thousand (2,000) hours of continuing professional activities.

(8) By contract with teacher education institutions in the Commonwealth, the chief state school officer shall provide special training for persons who will be serving on the beginning teacher committees. Completion of special training shall be evidenced by successfully passing the examinations as prescribed by the Education Professional Standards Board.

(9) If an applicant establishes eligibility for a one (1) year certificate under the provisions of subsection (3) of this section, but does not become employed on the basis needed to satisfy the one (1) year internship requirement, the applicant shall be eligible for the issuance of a certificate for substitute teaching as provided by the administrative regulations of the Education Professional Standards Board. The applicant shall remain eligible for the one (1) year certificate, as provided in subsection (3) of this section, and for the opportunity to serve the internship for a period of four (4) years after establishing eligibility. If the internship is not completed within the four (4) year period, the applicant must reestablish eligibility by repeating and passing the testing program in effect for new teachers at that time.

(10) The Education Professional Standards Board shall approve the curricula of any standard college or university, or of any department thereof, for the training of teachers, and shall also approve the curricula of any local district alternative certification program, when the curricula comply with the administrative regulations of the Education Professional Standards Board for the issuance of certificates and when the institution has met the terms and conditions provided in KRS 161.010 to 161.120. Any student who has completed any of these curricula, as approved by the Education Professional Standards Board, and who has completed the prescribed requirements for the issuance of certificates shall be granted a certificate corresponding to the curricula completed.

The following definitions apply in this chapter unless the context otherwise requires:

(2) "Financial institution" means a bank, insurance company, credit union, building and loan association, savings and loan association, investment trust or other organization held out to the public as a place of deposit of funds or medium of savings or collective investment.

(3) "Movable property" means property the location of which can be changed, including things growing on, affixed to, or found in land, and documents although the rights represented thereby have no physical location. "Immovable property" is all other property.

(4) "Obtain" means:

(6) "Property" means anything of value, including real estate, tangible and intangible personal property, contract rights, documents, choses-in-action and other interests in or claims to wealth, admission or transportation tickets, captured or domestic animals, food and drink.

(7) "Property of another" includes property in which any person other than the actor has an interest which the actor is not privileged to infringe, regardless of the fact that the actor also has an interest in the property and regardless of the fact that the other person might be precluded from civil recovery because the property was used in an unlawful transaction or was subject to forfeiture as contraband. Property in possession of the actor shall not be deemed property of another who has only a security interest therein, even if legal title is in the creditor pursuant to a conditional sales contract or other security arrangement.

(8) "Receiving" means acquiring possession, control or title or lending on the security of the property.

(2) The term "deceive" does not, however, include falsity as to matters having no pecuniary significance or puffing by statements unlikely to deceive ordinary persons in the group addressed.

(3) Deception as to a person's intention to perform a promise shall not be inferred from the fact alone that he did not subsequently perform the promise.

(4) For purposes of subsection (1) of this section, a maker of a check or similar sight order for the payment of money is presumed to know that the check or order, other than a postdated check or order, would not be paid, if:

(c) If a county attorney issues notice to a maker that a drawee has refused to honor an instrument due to a lack of funds as described in subsection (4)(b) of this section, the county attorney may charge a fee to the maker of ten dollars ($10), if the instrument is paid.

(6) A person is guilty of theft by deception when he issues a check or similar sight order in payment of all or any part of a child support obligation knowing that it will not be honored by the drawee.

(b) Service of the forcible detainer warrant shall be made pursuant to KRS 454.030.

(c) If the plaintiff proves that the notice of subsequent default was properly served and that the defendant has defaulted as alleged in the notice, the court shall issue at the time of the hearing a writ of restitution to the plaintiff, effective on the following day.

(d) The plaintiff shall make a reasonable effort to immediately notify defendant of the issuance of the write of restitution if the defendant, or the defendant's representative, was not present in court. The failure of the

defendant to receive actual notice of the issuance of the writ will not prevent its execution.

   (a) "Minor" means any person under the age of eighteen (18);
   (b) "Emancipated minor" means any minor who is or has been married or has by court order or otherwise been freed from the care, custody, and control of her parents; and
   (c) "Abortion" means the use of any instrument, medicine, drug or any other substance or device with intent to terminate the pregnancy of a woman known to be pregnant with intent other than to increase the probability of a live birth, to preserve the life or health of the child after live birth, or to remove a dead fetus.

(2) No person shall perform an abortion upon a minor unless:
   (a) The attending physician or his agent secured the informed written consent[~~, signed and notarized,~~] of the minor and ***one (1) parent*** [~~both parents, if available,~~] or legal guardian;

(b) ~~[If both parents are not available, the attending physician or his agent has secured such written consent from the minor and the available parent or guardian;~~

~~(c)~~] The minor is emancipated and the attending physician or his agent has received the informed written consent[~~, signed and notarized,~~] of the minor; or

(c)[~~(d)~~]The minor elects to petition any Circuit or District Court of the Commonwealth pursuant to subsection (3) of this section and obtain an order pursuant to subsection (4) of this section granting consent to the abortion and the attending physician or his agent has received the informed written consent[~~, signed and notarized,~~] of the minor.

(3) Every minor shall have the right to petition any Circuit or District Court of the Commonwealth for an order granting the right to self-consent to an abortion pursuant to the following procedures:

(a) The minor or her next friend may prepare and file a petition setting forth the request of the minor for an order of consent to an abortion;

(b) The court shall insure that the minor prepares or her next friend is given assistance in preparing and filing the petition and shall insure that the minor's identity is kept anonymous;

(c) The minor may participate in proceedings in the court on her own behalf or through her next friend and the court shall appoint a guardian ad litem for her. The court shall advise her that she has a right to court appointed counsel and shall provide her with such counsel upon her request;

(d) All proceedings under this section shall be anonymous and shall be given preference over other matters to insure that the court may reach a decision promptly, but in no case shall the court fail to rule within seventy-two (72) hours of the time of application, provided that the seventy-two (72) hour limitation may be extended at the request of the minor; and

(e) The court shall hold a hearing on the merits of the petition before reaching a decision. The court shall hear evidence at the hearing relating to the emotional development, maturity, intellect and understanding of the minor; the nature, possible consequences and alternatives to the abortion; and any other evidence that the court may find useful in determining whether the minor should be granted majority rights for the purpose of consenting to the abortion or whether the abortion is in the best interest of the minor.

(4) The court shall enter a written order, making specific factual findings and legal conclusions supporting its decision as follows:

(a) Granting the petition for an abortion if the court finds that the minor is mature and well-informed enough to make the abortion decision on her own;

(b) Granting consent to the abortion if the court finds that the performance of the abortion would be in the minor's best interest; or

(c) Deny the petition, if the court finds that the minor is immature and that performance of the abortion would not be in the minor's best interest.

(5) Any minor shall have the right of anonymous and expedited appeal to the Court of Appeals, and that court shall give precedence over other pending matters.

(6) No fees shall be required of any minor who declares she has no sufficient funds to pursue the procedures provided by this section.

(7) The Supreme Court is respectfully requested to promulgate any rules and regulations it feels are necessary to ensure that proceedings under this section are handled in an expeditious and anonymous manner.

(8) The requirements of subsections (2), (3), and (4) of this section shall not apply when, in the best medical judgment of the physician based on the facts of the case before him, a medical emergency exists that so complicates the pregnancy as to require an immediate abortion. A physician who does not comply with subsection (2), (3), or (4) of this section due to the utilization of this exception shall certify in writing the medical indications upon which his judgment was based.

(9) A report indicating the basis for any medical judgment that warrants failure to obtain consent pursuant to this section shall be filed with the Cabinet for Human Resources on a form supplied by the cabinet. This report shall be confidential.

(10) Failure to obtain consent pursuant to the requirements of this section is prima facie evidence of failure to obtain informed consent and of interference with family relations in appropriate civil actions. The law of this state shall not be construed to preclude the award of exemplary damages in any appropriate civil action relevant to violations of this section. Nothing in this section shall be construed to limit the common law rights of parents.

The Committee on Economic Development reported **HJR 91** and **SB 346** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HJR 91, A JOINT RESOLUTION directing the Cabinet for Economic Development to investigate the feasibility of creating a pilot program to assist public assistance recipients to become self sufficient by developing their own small businesses and, if feasible, work with the Cabinet for Human Resources to establish such a pilot program.

WHEREAS, considerable numbers of people in Kentucky are on public assistance at a substantial cost to the Commonwealth; and

WHEREAS, some of Kentucky's public assistance recipients are willing and able to leave public assistance by developing personal income; and

WHEREAS, Kentucky's public assistance recipients are locked into a system in which additional income or business assets often disqualify them from continued benefits, and they cannot break out on their own; and

WHEREAS, Kentucky's public assistance recipients need financial assistance, training, and other kinds of support to accomplish self-sufficiency through small business entrepreneurship; and

WHEREAS, several states have already launched successful programs assisting limited numbers of public assistance recipients to establish themselves in their own small businesses; and

WHEREAS, the Cabinet for Economic Development is charged with enhancing employment opportunities within the state; and

WHEREAS, the Cabinet for Human Resources administers programs assisting Kentucky's public assistance recipients to find employment and further their education and training; and

WHEREAS, it is believed that other resources within the public and private sector exist in Kentucky which have the potential to assist Kentucky's public assistance recipients in accomplishing self-employment goals; and

WHEREAS, it is within the Commonwealth's interest to establish viable programs to reduce the number of Kentucky's public assistance recipients by making them self-supporting;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Cabinet for Economic Development shall investigate the feasibility of a program to:

(1) Assist Kentucky's public assistance recipients to establish themselves in their own businesses;

(2) Offer a variety of approaches in order to meet the different needs and situations of Kentucky's public assistance recipients;

(3) Enhance participants' self-sufficiency without undermining their current maintenance and support during the transition to self-sufficiency; and

(4) Give major responsibility to the public assistance recipients for the success of their own enterprises.

Section 2. The investigation conducted by the Cabinet for Economic Development shall survey existing resources, public and private, in at least two (2) different locations and determine whether or not physical and financial resources are available to provide the following minimum components:

(1) Screening and selection of participants;

(2) Education and training for participants;

(3) Capital loans to participants for business start-ups;

(4) Technical assistance to participants.

Section 3. The investigation performed by the Cabinet for Economic Development shall also encompass an evaluation of the Kentucky Entrepreneurial Enterprise Program (KEEP) proposal developed by the Legislative Research Commission.

Section 4. The results of this investigation shall be provided to the Legislative Research Commission and the Cabinet for Human Resources by October 1, 1995.

Section 5. If the results of this investigation are favorable in that adequate physical and financial resources to meet the minimum components listed in Section 1 are available, the Cabinet for Human Resources and the Cabinet for Economic Development shall work together to coordinate and use these resources to accomplish self-sufficiency goals for public assistance recipients.

Section 6. Within a reasonable time after disassociation, unless otherwise provided in the operating agreement, the disassociated member shall be entitled to receive the fair value of the member's limited liability company interest as of the date of disassociation based on the member's right to share in distributions from the limited liability company.

HR 76, A RESOLUTION relating to the contracting out of union jobs by state-funded employers.

WHEREAS, the Transit Authority of River City, Louisville's Public Mass Transportation agency, has experienced much negative publicity and suffered the economic consequences of alleged poor management practices; and

WHEREAS, in response to this situation, a recently released long-range cost plan for Transit Authority of River City has recommended contracting out of certain jobs currently performed by union workers; and

WHEREAS, as an agency which depends to large degree upon federal and state funding in order to operate, any contracting out to private contractors as a means to enhance profits is greatly at odds with the Transit Authority of River City's mission and intent as a public entity;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives does hereby support legislation to set strict standards for state-funded agencies seeking to contract out union jobs to private contractors.

Section 2. The legislation should provide that any contract workers hired to perform union jobs at state-funded agencies or organizations must receive wages and benefits at prevailing levels or at union scale as a disincentive to contract out and thereby exploit workers and prevailing wage laws.

Section 3. The legislation should further provide that violation of these provisions will result in state sanctions including but not limited to cessation of state funding to the entity in violation.

"Section 2. KRS 337.505 is amended to read as follows:

For the purpose of KRS 337.505 to 337.550, the term "prevailing wage" for each classification of laborers, workmen, and mechanics engaged in the construction of public works within the Commonwealth of Kentucky, means the sum of:

(1) The basic hourly rate paid or being paid subsequent to the ~~[labor]~~ commissioner's most recent wage determination to the majority of laborers, workmen, and mechanics employed in each classification of construction upon reasonably comparable construction in the locality where the work is to be performed***; the*** ~~[such]~~rate shall be determined by the commissioner in accordance with paragraphs (a), (b), and (c) of subsection (3) of KRS 337.520; in the event that there is not a majority paid at the same rate, then the basic hourly rate of pay shall be the average basic hourly rate which shall be determined by adding the basic hourly rates paid to all workers in the classification and dividing by the total number of ***the*** ~~[such]~~workers, and

(2) An additional amount per hour equal to the hourly rate of contribution irrevocably made or to be made by an employer on behalf of employees within each classification of construction to a trustee or to a third person pursuant to an enforceable commitment to carry out a financially responsible plan or program, which was communicated in writing to the employees affected, for the following fringe benefits: medical or hospital care, pensions on retirement, death compensation for injuries or illness resulting from occupational activity or insurance to provide any of the foregoing, unemployment benefits, life insurance, disability and sickness insurance, accident insurance, vacation and holiday pay, defraying costs of apprenticeship or other similar programs, or other bona fide fringe benefits, but only where the employer is not required by other federal, state***,*** or local law to provide any of ***the*** ~~[such]~~benefits: ***the*** ~~[provided, said]~~additional amount may, at the discretion of the employer, be paid either in cash to the employee or by contributions for fringe benefits, or partly in cash and partly by ~~[such]~~contributions, it being the intention of this subsection to recognize fringe benefits as a part of the prevailing wage rate where made in accordance with this subsection.

Section 3. KRS 337.520 is amended to read as follows:

(1) The commissioner shall make initial determinations and current revisions thereof of schedules of rates of prevailing wages, of the amount of fringe benefits included therein as defined in KRS 337.505, and the number of hours applicable thereto. The commissioner ***may promulgate***~~[shall have the authority to make]~~ and revise ***the administrative***~~[such rules and]~~ regulations ~~[as]~~he may deem appropriate to carry out the provisions and purposes of KRS 337.505 to 337.550 and to prevent the circumvention or evasion thereof. ***The administrative***~~[Such rules and]~~ regulations shall not include a provision that each contractor and subcontractor shall furnish a sworn affidavit with respect to the wages paid each employee. No rule or regulation or revisions thereof shall be issued by the commissioner except upon reasonable notice to, and opportunity to be heard by, any interested person.

(2) The commissioner shall require the filing of all wage contracts of all laborers, workmen, and mechanics in this state which have been agreed to between bona fide organizations of labor and an employer or associations of employers. ***The*** ~~[Such]~~ contracts shall be filed within ten (10) days after they are signed.

(3) The commissioner shall have the authority to determine schedules, and current revisions thereof, of the rates of prevailing wages as defined in KRS 337.505, but in no case shall the commissioner determine wages to be paid for a legal day's work to laborers, workmen, and mechanics engaged in the construction of public works at less than the prevailing wages paid in the localities. The commissioner in determining what rates of wages prevail shall consider the following criteria:

   (a) Wage rates paid on previous public works constructed in the localities. In considering ***the***~~[such]~~rates***,*** the commissioner shall ascertain, insofar as practicable, the names and addresses of the contractors, including subcontractors, the locations, approximate costs, dates of construction and types of projects, the number of workers employed on each project***,*** and the respective wage rates paid each worker who was engaged in the construction of these projects.

   (b) Wage rates previously paid on reasonably comparable private construction projects constructed in the localities. In considering ***the***~~[such]~~ rates the commissioner shall ascertain***, insofar as practicable,*** the names and addresses of ***the***~~[all]~~contractors including subcontractors, the locations, approximate costs, dates of construction and types of projects, the number of workers employed on each project***,*** and the respective wage rates paid each worker who was engaged in the construction of ***these*** projects.

   (c) Collective bargaining agreements or understandings between bona fide organizations of labor and their employers located in the Commonwealth of Kentucky which agreements apply or pertain to the localities wherein the public works are to be constructed.

(4) The wage rates to be used by the public authority in a contract for the construction of public works shall be the prevailing wage as of the date the public works project is advertised and offered for bid. If contracts are not awarded within ninety (90) days after the date of offering for bid***,*** the public authority shall ascertain the prevailing rate of wages from the department before the contract is awarded. The schedule or scale of prevailing wages shall be incorporated in and made a part of each contract.

(5) The commissioner ***may***[~~shall have the authority to~~] make regulations authorizing the employment of apprentices and trainees in skilled trades at wages lower than the applicable prevailing wage.

Section 4. KRS 337.522 is amended to read as follows:

(1) The commissioner or his authorized representative shall conduct a public hearing for the purpose of making initial determinations, or current revisions thereof, of a prevailing wage schedule for the construction of public works pertaining to a locality. The commissioner shall within ***sixty (60)***[~~ninety (90)~~] days of the receipt of the transcript of a hearing publish his wage determination. ***The***[~~Such a~~] hearing shall be conducted in the locality after notice has been given as provided in subsection (3) of this section. ***The commissioner shall not be required to utilize this section in any county or locality where the United States Department of Labor has issued a prevailing wage under the Davis-Bacon or related acts, in which case, the commissioner may adopt the wage schedule and any modifications issued by the United States Department of Labor and published in the Federal Register.***

(2) A public authority or any interested person may request and shall be granted an additional hearing solely for the purpose of having considered a review of the commissioner's determination of the prevailing wage schedule for the construction of public works in the locality; after notice has been given as provided in subsection (3) of this section, ***the*** [~~such~~]hearing shall be conducted in the locality by a prevailing wage review board consisting of one (1) member representing employers in the construction industry, one (1) member representing labor in the construction industry, and one (1) member appointed by the public authority requesting the hearing. The member appointed by the public authority shall reside in the locality ***in which*** [~~wherein~~] the public works are to be constructed. The members of the board representing employers in the construction industry and labor in the construction industry shall be appointed for periods of not more than four (4) years by the Governor from a list of prospective members recommended by bona fide associations representing the construction industry and bona fide labor organizations representing workers employed in the construction industry, and ***the*** [~~such~~]members shall serve on the board for all hearings during their tenure. Prevailing wage review boards shall have the authority to revise prevailing wage schedules for the construction of public works; however, such revisions shall be governed by the same criteria and regulations governing wage determinations of the commissioner. A revision of a prevailing wage schedule for the construction of public works shall require a vote of a majority of the members. The members of a prevailing wage review board shall receive their actual necessary expenses incurred in carrying out their duties and such expenses shall be paid out of the general fund of the Commonwealth of Kentucky.

(3) Notice of hearings as required in subsections (1) and (2) of this section shall be given by advertising one (1) time in the newspaper having the largest circulation in the locality, and ***the***[~~such~~] advertisement shall be run not less than ten (10) nor more than twenty (20) days prior to the date of the hearing. The advertisement shall set forth all pertinent information of the hearing regarding the time, place, and purpose of the hearing.

(4) The prevailing wage review boards shall be attached to the Labor Cabinet for administrative purposes.".

WHEREAS, reducing workplace hazards is an important goal from every viewpoint; and

WHEREAS, the use of large-grade rock as surface material for railroad beds and walkways constitutes a grave workplace hazard to railroad workers; and

WHEREAS, hazardous working conditions result in accidents which contribute to lower productivity and higher operating costs;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

That the Transportation Cabinet is directed to study the issue of rock grade size used as surface material in railroad beds and walkways and propose legislative or executive solutions to reducing the hazardous working conditions that railroad workers are currently experiencing with large-grade rock. Such statements shall be provided to taxpayers with the initial notice of audit; each original notice of tax due; each denial or reduction of a refund or credit claimed by a taxpayer; each denial, cancellation, or revocation of any license, permit, or other required authorization applied for or held by a taxpayer; and, if practical and appropriate, in informational publications by the cabinet distributed to the public.

The taxpayer shall be entitled to a copy of such cabinet recording or a transcript thereof as provided in KRS 61.874.

(6) If any taxpayer's failure to submit a timely return or payment to the cabinet is due to the taxpayer's reasonable reliance on written advice from the cabinet, the taxpayer shall be relieved of any penalty or interest with respect thereto provided the taxpayer requested such advice in writing from the cabinet and the specific facts and circumstances of the activity or transaction were fully described in the taxpayer's request, the cabinet did not subsequently rescind or modify the advice in writing and there were no subsequent changes in applicable laws or regulations or a final decision of a court which rendered the cabinet's earlier written advice no longer valid.

(7) Taxpayers shall have the right to receive a copy of any audit of the cabinet by the Auditor of Public Accounts relating to the cabinet's compliance with the provisions of KRS 131.041 to 131.081.

(9) Taxpayers shall have the right to an installment payment agreement for the payment of delinquent taxes, penalties, and interest owed provided the taxpayer requests the agreement in writing clearly demonstrating his inability to pay in full and that the agreement will facilitate collection by the cabinet of the amounts owed. The cabinet may modify or terminate an installment payment agreement if it determines the taxpayer has not complied with the terms of the agreement; the taxpayers' financial condition has sufficiently changed; the taxpayer fails to provide any requested financial condition update information; the taxpayer gave false or misleading information in securing the agreement; or the taxpayer fails to timely report and pay any other tax due the Commonwealth. (12) The cabinet shall bear the cost or, if paid by the taxpayer, reimburse the taxpayer for recording or bank charges as the direct result of any erroneous lien or levy by the cabinet, provided the erroneous lien or levy was caused by cabinet error and, prior to issuance of the erroneous lien or levy, the taxpayer timely responded to all contacts by the cabinet and provided information or documentation sufficient to establish his or her position. When the cabinet releases any such erroneous lien or levy, notice of the fact shall be mailed to the taxpayer and, if requested by the taxpayer, a copy of the release, together with an explanation thereof, shall be mailed to the major credit reporting companies located in the county where it was filed.

In the awarding of damages pursuant to this subsection, the board shall take into consideration the negligence or omissions, if any, on the part of the taxpayer which contributed to the damages. If any such proceeding brought by a taxpayer is ruled frivolous by the board, the cabinet shall be reimbursed by the taxpayer for its costs in defending the action.

(15) Taxpayers shall have the right to privacy with regard to the information provided on their Kentucky tax returns and reports, including any information or documents attached thereto. Except as provided by KRS 131.190, no information pertaining to such returns, reports, or the affairs of a person's business shall be divulged by the cabinet ***or the Finance and Administration Cabinet's Office of Financial Management and Economic Analysis*** to any person.

Section 5. KRS 131.190 is amended to read as follows:

This prohibition does not extend to information required in prosecutions for making false reports or returns of property for taxation, or any other infraction of the tax laws, nor does it extend to any matter properly entered upon any assessment record, or in any way made a matter of public record, nor does it preclude furnishing any taxpayer or his properly authorized agent with information respecting his own return. Further, this prohibition does not preclude the secretary or any employee of the Revenue Cabinet, ***or any employee of the Finance and Administration Cabinet's Office of Financial Management and Economic Analysis,*** from testifying in any court, or from introducing as evidence returns or reports filed with the cabinet, in an action for violation of state or federal tax laws ***or in any action challenging state or federal tax laws***.

(2) The secretary shall make available any information for official use only and on a confidential basis to the proper officer, board or commission of this state, any Kentucky county, any Kentucky city, any other state, or the federal government, under reciprocal arrangements whereby the cabinet shall receive similar or useful information in return.

(3) Statistics of tax-paid gasoline gallonage reported monthly to the Revenue Cabinet by any licensee under the gasoline excise tax law may be made public by the cabinet.

(4) Notwithstanding the above, information received from the Internal Revenue Service shall not be made available to any other agency ***or office within any agency*** of state government ***that does not perform a tax administrative function***, any county, any city, or any other state.

Section 6. KRS 117.045 is amended to read as follows:

(1) The county board of elections shall in the manner prescribed by this section, not later than March 20 each year, appoint for each precinct in the county two (2) judges, one (1) clerk and one (1) sheriff of election. They shall serve in all elections held in the county during the year, except as provided in KRS Chapter 242. ***The State Board of Elections shall promulgate an administrative regulation establishing evaluation procedures which county boards of elections may use to qualify persons nominated to serve as precinct election officers.***

(2) The county executive committees of the two (2) political parties having representation on the State Board of Elections may, on or before March 15 each year, designate in writing to the county board of elections a list of not less than four (4) names for each precinct; except that, in any precinct where there are not as many as four (4) persons possessing the qualifications of an election officer belonging to the political party filing the list, a less number may be designated. If there are two (2) or more contending executive committees of the same party in any county, the one (1) recognized by the written certificate of the chairman of the state central committee of the party shall be the one (1) authorized to submit the lists. The lists shall contain the full name, address, phone number, and Social Security number, if available, of each person listed. The lists shall be accompanied by a signed statement from each person stating that he is willing to serve, has not failed to serve without excuse in the past, and has not been convicted of an election law offense ***or any felony, unless the person's civil rights have been restored by the Governor***. The State Board of Elections shall prescribe by administrative regulation the form of the list.

(3) The Attorney General shall notify each county political party chairman of the duties of the party.

(4) If lists are submitted, ***the county board of elections shall select*** one (1) judge at each voting place ***from each political party's list*** [~~shall be selected from each list~~], and the ***county board shall select the*** sheriff ***from one (1) political party's*** [~~shall be chosen from one (1)~~] list and the clerk from the other. If no lists are submitted, the two (2) members of the county board of elections who are appointed by the State Board of Elections may submit lists; and the county board shall select the sheriff and one (1) judge from one (1) list and the clerk and the other judge from the remaining list. If no lists are submitted, the county board shall select the sheriff and one (1) judge from the membership of one (1) party and the clerk and the other judge from the membership of the remaining party. ***The county board shall, when possible, also appoint an adequate number of alternate precinct election officers from names on the lists which were submitted but which were not selected by the county board as precinct election officers. If alternate precinct election officers are not appointed from the lists of nominees who were not selected as precinct election officers, the county board of elections shall submit its method of selecting alternate precinct election officers to the State Board of Elections for its approval.***

(5) If, after all reasonable efforts have been made, the county board of elections is unable to find two (2) qualified officers for each precinct who are affiliated with the two (2) political parties having representation on the State Board of Elections, the county board shall submit a list of emergency election officer appointments to the State Board of Elections. The county board shall also present, in writing, its efforts to recruit and appoint election officers as prescribed in subsection (4) of this section. The list of emergency appointments may include qualified voters not affiliated with the two (2) parties represented on the state board. The state board, after its review, may approve any or all of the emergency appointments submitted by the county board or may direct the county board to take other action. Any emergency appointment shall be made for the next ensuing election only.

(6) The county board of elections shall, within ten (10) days before the next ensuing election, give each election officer written notice of his appointment. The board may direct the sheriff of the county to serve the notice of appointment, if it deems the action is necessary.

(7) The State Board of Elections may require the county board of elections to submit its list of precinct officers for review. The State Board of Elections may, after a hearing, direct the removal of any election officer who the board finds, based upon clear and convincing evidence, would not fairly administer the state election laws. The state board shall replace any officer so removed. The board shall provide for the method and manner of the hearing by administrative regulation.

(8) An election officer shall be a qualified voter of the precinct; except that, where no qualified voter of the required political party is available within the precinct, the election officer shall be a qualified voter of the county. An election officer shall not have changed his voter registration party affiliation for two (2) years prior to his appointment.

An election officer may be removed, for cause, at any time up to five (5) days before an election. Vacancies shall be filled ***by the county board with alternate precinct election officers*** ~~[in the same manner as provided for original appointments]~~ and the person appointed to fill the vacancy shall be of the same political party as ***the vacating officer*** ~~[his predecessor]~~, except for emergency appointments made as provided in subsection (5) of this section.

(9) If the county board of elections fails to appoint election officers, or if any officer is not present at the precinct at the time for commencing the election, or refuses to act, and if no alternate is available, the officer in attendance representing the political party of the absentee shall appoint a suitable person to act in his place for that election. If both representatives of the same political party are absent, qualified voters present affiliating with that party shall elect, viva voce, suitable persons to act in their places.

(10) Each election officer shall be paid a minimum of ***sixty*** ~~[forty-nine]~~ dollars ***($60)*** ~~[($49)]~~ per day, and such an additional amount as compensation as may be determined by the county board of elections, with the approval of the governing body which would be responsible for funding the election officers' pay, for each election in which the election officer serves, to be paid by the county. For delivering the election packets to the polls, the precinct election officers shall receive in addition the mileage reimbursement provided for state employees, for each mile necessarily traveled in the delivery of the packets to the polls, or a flat fee if the fee equals or exceeds that amount. For delivering election returns, the two (2) judges shall receive in addition the mileage reimbursement provided for state employees for each mile necessarily traveled from the place of voting to and from the place of delivery, or a flat fee if the fee equals or exceeds that amount. The fee paid to the two (2) judges for delivering election returns shall be paid by the county.

The State Board of Elections shall provide by administrative regulation under what circumstances an exception shall be granted.***

(3) No election precinct shall be created, divided, abolished or consolidated or the boundaries therein changed prior to any primary election to comply with the provisions of KRS 117.055 to 117.0555 and KRS 117.0557 later than the last date prescribed by election law generally for filing notification and declaration forms with the county clerk or Secretary of State. A copy of this map indicating all precinct boundaries within the county shall be included in the election supplies of each precinct.
